

Peavy Speaks at Silverton

OSC Prexy Stresses Work Done for Public by Institution

SILVERTON—Five points of service at the Oregon State college were the points on which President G. W. Peavy spoke Wednesday night at the dinner meeting of the Silverton chamber of commerce.

People in general do not know, said President Peavy, the extent of productivity of this, the most productive institution in the state of Oregon. One of the safeguards of the nation, he added, was the training in sound, conservative citizenship which the students were receiving in Oregon's institutions of higher learning.

The five points which he mentioned under the state college are: The county agent system which maintained a county agent in each county, a service equaled only by one other state west of the Mississippi; home demonstration agents; 4H club work of which there were 25,000 boys and girls registered in the state and who cleared above all expenses \$100,000 last year; research work carried on at the eight experiment stations at a cost of \$150,000 annually and returning over 10 million dollars annually.

More Public Service
Last is the public service department through which during the past year 71,000 letters of direct inquiry were answered; 24,000 consultations held; 4,000 plants identified; 21,000 insects tested; 11,000 seed tests made; 6800 milk tests; 2000 water tests; 2100 soil analysis; 1,500 butter tests and 18,000 vaccine doses sent out for stockmen.

Adj. John Allen and H. A. Bailey of the Salvation Army spoke briefly on their work.

W. E. Satchell spoke briefly on Perfect Shipping month.

Hayesville Club Stages Surprise For Mrs. Beers

HAYESVILLE—Mrs. Alice Beers was much surprised Monday on entering her living room to find the members of the Hayesville Women's club there to congratulate her on her 80th birthday.

Guests were Mrs. Beers and her daughter, Mrs. Horace Smith; Mrs. V. Clark, Mrs. B. Willis, Mrs. C. B. Johnson, Mrs. W. R. Powers, Ida Denny, Mrs. W. Wells, Mrs. J. L. Morrison, Mrs. E. L. Moor, Mrs. D. J. Janzen, Mrs. A. Stettler, Mrs. B. Halbert, Mrs. Viva Hogue, Mrs. R. McAfee, Mrs. R. Day, Mrs. E. Bedwell, Mrs. W. White, Mrs. E. Siddell, Mrs. F. Marshall, Mrs. C. Doolittle, Mrs. D. Greig, Mrs. F. Harpst, Mrs. M. Fisher.

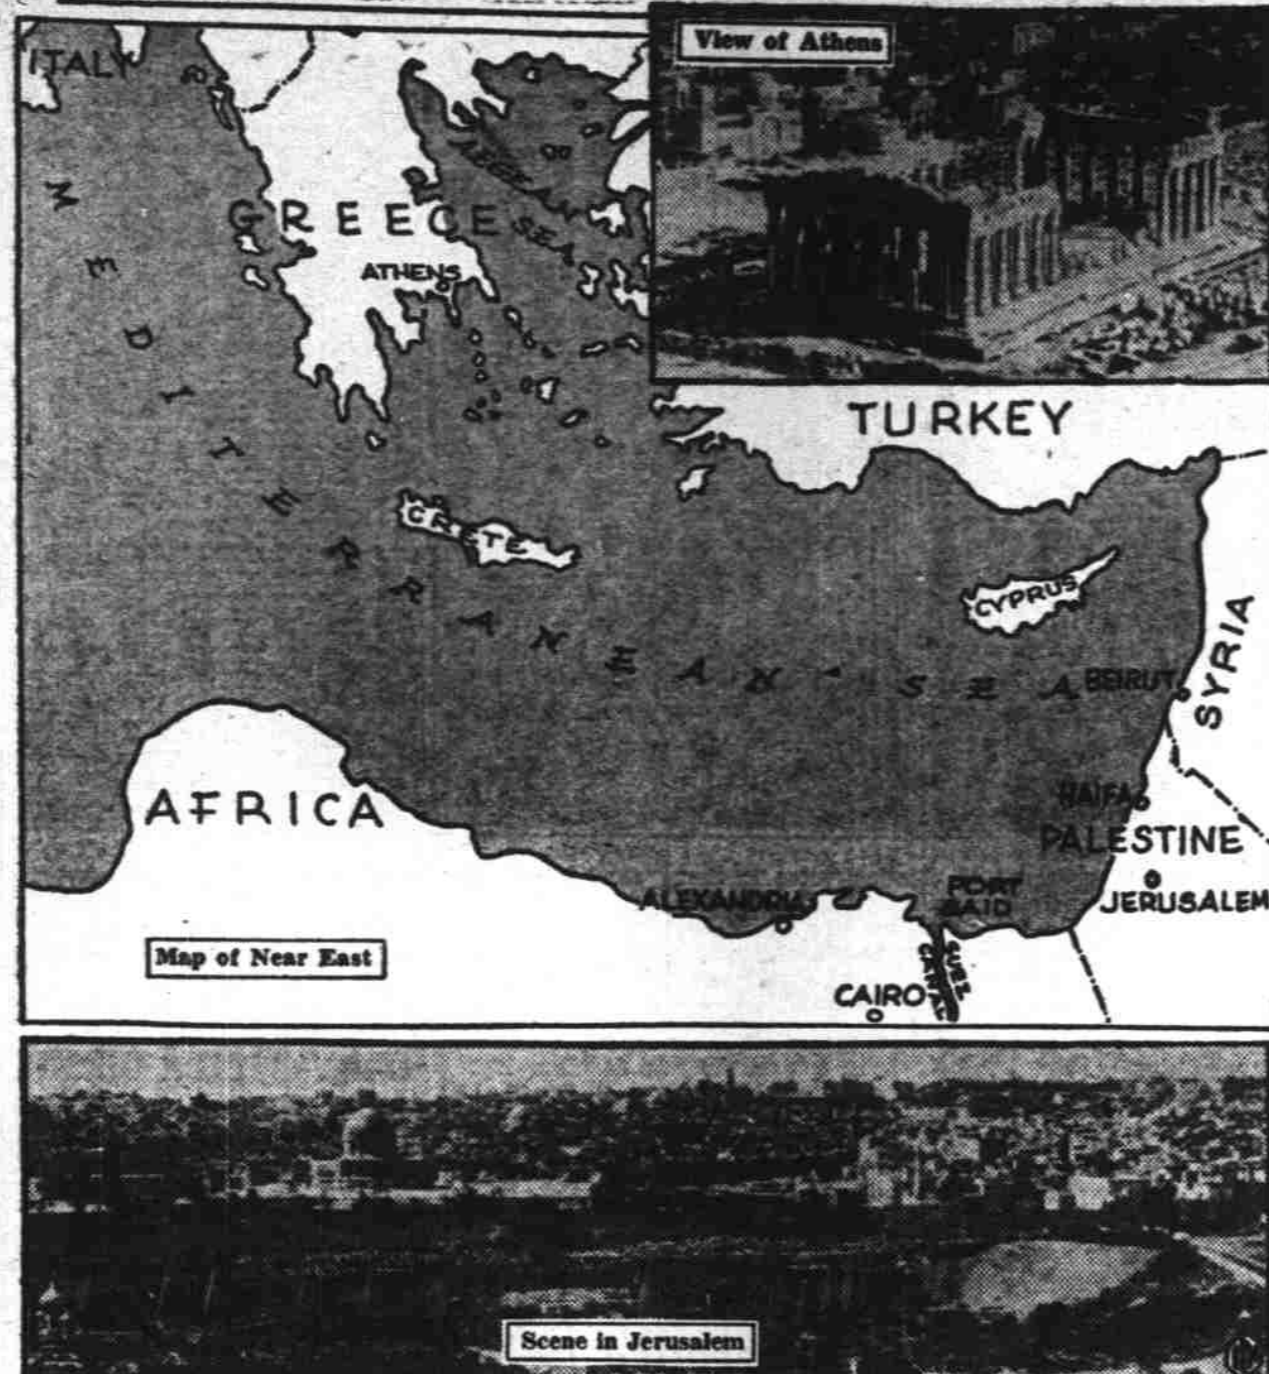

Mrs. Beers has been in Oregon 10 years, coming from Champaign, Ill., and is the oldest member of the club.

Her constant companion is a little tan colored dog, part spitz, which barks to tell her when she is wanted at the door, and can distinguish the line call on the telephone which is a long and a short ring. If the long ring is heard the dog becomes excited and if the short one follows, he barks loudly to let his mistress, who is hard of hearing, know.

Racial Hatreds Threaten Crisis in Near East

Continued disturbances in Palestine, and unsettled conditions throughout the Near East threaten to provoke a crisis of serious proportions. Greek politics, always turbulent at best, are stirred by factional strife and considerable criticism of young King George II. Syria is one of the sore problems in the French colonial setup, and Iraq, where the oil deposits represent a rich stake, is causing Great Britain no end of grief. Most alarming, however, is the situation in Palestine where Jews and Arabs are constantly clashing and engaged in a bitter struggle for control and ownership of the land. Virtual martial law prevails in this British mandate which may be divided into halves and apportioned between the two groups to keep their racial feud from spreading.

Mrs. B. Galbreath Dies in Portland

AURORA—Mrs. W. O. Fry was called to Portland Monday by the sudden death of her mother, Mrs. Barbara Galbreath, 84, of Tualatin, who died at the home of her daughter, Mrs. Edna Walgrave, in Portland. FERTILIZE POTATOES for Quality and Profits

USE ENOUGH POTASH

Potash plays a big part in growing potatoes at a profit, because consumers will pay extra for a product of good quality. Potash not only increases the yield of No. 1 potatoes, but rounds out the tubers into desirable shapes, makes the plants more resistant to diseases, and prevents sogginess and darkened color in cooked potatoes. Use at least 10% potash in your potato fertilizer applied at the rate of 800 to 1,000 pounds per acre. Potash may also be added to manure before planting or along the rows as a side-dressing at the rate of 200 pounds per acre. Consult your fertilizer dealer. You will be surprised how little it costs to apply the right amount of potash to make your potatoes pay profits.

Know the Stories of the WORLD'S GREAT ARTISTS

Imagine having for your intimate friends 48 of the greatest artists of the world! Men like Michelangelo, da Vinci, Rembrandt, El Greco—painters whose greatness has stood the test of centuries, whose works are prized possessions of famous museums. What an inspiration to enjoy daily association with these master minds, these brilliant personalities, to own the pictures that made them great!

The Oregon Statesman

in collaboration with the NATIONAL COMMITTEE FOR ART APPRECIATION offers you

48 FAMOUS PAINTINGS

exquisitely reproduced in full original colors—a private collection of the finest art of five centuries—a de luxe history of art in pictures for your home.

WHAT YOU GET

The NCAA plan offers you 48 Famous Paintings, reproduced by a revolutionary multicolor printing process which retains with remarkable fidelity the true color and feeling of the originals. These paintings have been selected by a committee of distinguished art authorities as significant examples of the finest art of the five centuries since the Renaissance. The color surface of each is approximately 11 by 14 inches, an excellent size for framing and convenient for a portfolio collection.

Four Each Week

The series of 48 is divided into twelve groups of four pictures. One set becomes available each week on presentation of six differently numbered Art Certificates (see page 2 each day) and only 39 cents in cash. (46 cents by mail.)

12 Lessons in Art Appreciation FREE

With each week's set of four pictures, you receive from an eight-page lesson in Art Appreciation by Dr. Bernard Myers of the Fine Arts Department of New York University. These lessons are generously illustrated and tell in simple, informal style the stories of the pictures and the artists of the series.

Prints Worth Much More

These are not ordinary prints! See them. Compare them with expensive prints you have seen. You will agree with art and educational leaders who have exclaimed over their excellence and the great good fortune which makes them available at this unprecedented price. These prints are worthy of the finest frames.

Handsome Portfolio FREE

A specially designed portfolio, measuring 11½ by 14½ inches, is presented FREE to all those who complete the set of 48 pictures. The portfolio is bound in contrasting soft brown and makes a handsome de luxe volume for your library. Save the Portfolio Certificates which accompany the weekly envelopes. (A charge of 15 cents is made if ordered by mail.)

Pinocchio's Motherhood (In Group 11)

This picture is typical of the "Blue Period" of this modern master, who has been called the weathercock of modern art, for every time he changed his style, a thousand imitators changed theirs. He is unquestionably the most influential painter living today. . . . Succeeding the "Blue Period" there was a "Rose Period" and subsequently a "Cubistic Period." Though the last was borrowed from the Cubists he is considered "The Father of Cubism." His untamed restlessness is still casting about for new artistic worlds to explore. . . . He is a best seller in the world's art market.

Other pictures in Group 11: ODALISQUE by Matisse; THE BLUE OAK by Derain; BLUE HORSES by Marc.

Another set in Group 2: PEASANT WEDDING by Braque; ANNE OF CLEVELAND by Holbein; VIEW OF TRENT by Durer; BANKER AND HIS WIFE by Massys.

There are 12 groups in all. Get them all, and have a complete panorama of 5 centuries of great art.
