

### Frank Troch Gets 50 Doubles Score

#### State Trapshoot at Bend to Wind up Today in all Events

BEND, Ore., June 11—(AP)—Frank M. Troch, Portland's veteran trapshooter and state doubles champion, shot a perfect 50 as the state trapshoot entered the third day of competition with a record number of competitors blasting away at the pigeons.

W. M. Damm, Fallon, Nevada, trailed Troch in the doubles, scoring 48 birds. Other high gun doubles were H. B. Carlisle, Salt Lake City, 47; Thomas McMahan, Butte, Mont., J. O. Colant, Pocatello, Idaho, R. Rane, Turlock, Calif., and E. Carsten R. Camino, Calif., each 46.

Continuing as the dark horse of the shoot, E. M. Condit, Tillamook, won the "A" championship 200-bird event in a shoot-off with Varsten, the California 16-yard champion. Each had scored 199 in the regular event.

The 50-bird 16-yard event was won by A. R. Parrot, Portland, in a shootoff with Carl Vining, Sacramento.

Robertson Brakes 46  
Dr. C. G. Robertson, Salem, shot 46 in the doubles.

In the other class championships G. Bradley, Pendleton won the "B" shoot with 197, N. Zwifler, La Grande, the "C" with 193 and A. L. McKee, Amity, the "D" with 192.

Seven marksmen turned in perfect scores of 100 in the 16-yard, 100-bird event. They were Troch, E. J. West, Seattle, F. G. Mauser, Seaside, C. C. Follette, Cottage Grove, Vining, J. G. Gray, Nampa, and C. B. Monaghan, Beverly Hills, Calif.

W. Wain, Salem, Dr. Robertson, J. B. Troch, Eugene, T. E. Mahan and Carsten turned in 99 each.

The junior championship went to Clair Miller, Corvallis, who shot 97 out of a possible 100.

### Government May Bear Flood Bill

WASHINGTON, June 11—(AP)—Usually informed sources reported today President Roosevelt had approved proposals to place the cost of flood control reservoirs wholly on the federal government.

This would mean further changes in the omnibus flood control bill now before a conference committee for action on senate amendments rejected by the house.

The measure would reduce from 100 to 30 per cent existing required local contributions for lands, easements and rights of way needed for reservoirs.

Word the president has acceded to complete abandonment of the principle of local payments for reservoirs contained in the 1936 omnibus flood control bill, circulated after conferees turned to the White House for counsel on the senate amendments.

Chairman Whittington (D-Miss) of the house conferees predicted a satisfactory compromise would be worked out over the weekend.

One house member expressed the view Mr. Roosevelt had been influenced by a senate amendment to vest the federal government with full title to all reservoirs, flood control as well as power.

This amendment, with another giving the federal power commission instead of the army engineers authority to determine hydroelectric potentialities, was advocated by Senate Majority Leader Barkley (D-Ky), presumably with presidential sanction.

House members said the proposed new policy on financing flood control reservoirs would not cut the 100 per cent local contributions now required for purely local works such as flood walls and levees. An amendment by Barkley, however, would extend the reduction to channel improvements for flood control.

### Wage-Hour Bill Given Approval

(Continued from page 1)

ment would appoint boards for each interstate industry. These boards would be charged with increasing the minimum wage to 40 cents an hour as rapidly as possible.

The boards would classify each industry and fix minima for each classification. Once their orders were approved by the administrator they would stand until he rescinded the board of reinvestigate conditions in the industry.

At the end of seven years' operation of the law, all existing wage orders would be wiped out automatically and a minimum scale of 40 cents an hour would go into effect.

This would shift the "burden of proof" on the industry. To obtain exemptions they would have to show that they could not pay their employees 40 cents an hour without curtailing seriously the opportunities for employment.

The hour maximum for the first year of the law would be 44 a week. Most interstate industries working their employees longer than that would be forced to pay them time and a half for overtime. The following year the maximum work week would decline to 42 hours. The goal of 40 hours would be reached the third year.

Exemptions to cover collective bargaining contracts where the hours might be longer but the pay much higher than the minimum were drafted into the bill.

### Mott Says Tariff Need for Lumber

WASHINGTON, June 11—(AP)—Representative James W. Mott of Oregon declared today while debating a house concurrent resolution to maintain and make prosperous the lumber industry that the reestablishment of an adequate lumber tariff was the solution to lumber's troubles. He asserted "America's lumber industry will stand down the river in the trade treaty with British Columbia and faces even worse treatment in the pending pact with Great Britain." Mott argued that an adequate tariff not only would restore the domestic business to the American lumber industry but would win back the lost foreign business as well.

### Proposes National Maritime Union

SAN FRANCISCO, June 11—(AP)—James W. Engstrom of Seattle, president of the Maritime Federation of the Pacific, proposed the formation of a national federation of maritime workers from the west, east and gulf coast today.

The suggestion was included in Engstrom's annual report before delegates of the Maritime of the Pacific, in session here. He urged that national unity be achieved prior to the expiration of contracts with west coast shipowners, in September.

Engstrom also flayed jurisdictional picket lines and said "they must be eliminated because no one gains through them but the employers."

### Four Die in Crash

HOWARD CITY, Mich., June 11—(AP)—A man tentatively identified as E. A. Crawford of Bury, Idaho, and three others as yet unidentified, were killed in a head-on automobile collision between two automobiles five miles north of here today.

### Figures Speak for Themselves!

Her looks and figure were responsible for her start in show business, Frances Farmer, stage and screen star, claimed when she attended New York court with her husband, Actor Lief Erickson, above, to reply to the \$75,000 suit brought by Shepard Frause, actors' agent, who claims 10 per cent of her earnings on grounds that he launched her career through high-pressure salesmanship.

### Government May Plot Jail Break One After Another

SPOKANE, Wash., June 11—(AP)—Within an hour after an abortive jail break yesterday in which Leroy Knapp, 21-year-old convicted murderer was critically shot, Leroy's brother Stanley and Herbert Allen, were plotting a new break attempt, Chief Deputy Sheriff James Cannon said tonight.

Stanley and Allen surrendered quickly yesterday after Leroy was shot through the abdomen by Deputy Bill Dieter as he started through the outside jail door.

Leroy was still in a critical condition tonight and hospital attendants said he had "not more than 50-50 chance of recovery."

Cannon said he secreted himself in a cell near Stanley and Allen after the break and heard Stanley say "We made a flop of this one, but we'll make it yet."

The open cell door, which nearly cost Jailer A. B. Coldeen his life when the three sprang through it at him, was cut through with razor blades, Cannon said. He explained they used stubs of blades and by steady sawing had cut out a hole large enough to expose the lock, which was sprung with a spoon handle.

Superior Judge Fred Witt said today Stanley would be brought before him Monday for fixing of the hanging date.

If Leroy recovers court attaches expected date for his execution would be set for the same time as his brother, Allen, third member of the trio, which robbed the Security bank here and killed William Walker last year, is also under death sentence, but his case is on appeal and no date can be fixed for him.

### Postmasters Bill Approved, House

WASHINGTON, June 11—(AP)—The house ignored cries of "spoils system" and "farce" tonight and approved a compromise bill intended to bring first, second and third class postmasters under the classified civil service.

The compromise, which must be approved by the senate before it can be sent to the White House, was accepted by a vote of 180 to 61.

Chairman Ramspeck (D. Ga.) of the civil service committee conceded it was not a "true civil service bill," but said it was the nearest thing that could be obtained in view of senate opposition to any other form of legislation.

Representative Snell (R. N. Y.), the republican leader, shouted out in opposition that at the measure simply meant "the freeing of present postmasters in their jobs for life."

### Engineer's Body Locked In Wrecked Engine's Cab

ST. LOUIS, June 11—(AP)—The body of Engineer W. W. Malloy still was trapped tonight in the submerged cab of his locomotive, which overturned in flooded Juchim creek early today on a washed-out section of Missouri Pacific track near Hematite, Mo.

Thirty-five passengers, marooned in the wrecked train by high water reaching almost to the car floors, were taken off after eight hours of anxious waiting. None was injured.

### Her Highness, Queen Frances!

Her Royal Highness Queen Frances II, charming queen of the 1938 Portland Rose Festival, the Northwest's nationally-known event proudly stands in her official car, a white Ford V-8 convertible sedan. White Ford V-8s are also provided for the eight royal princesses by Ford dealers of Oregon and Southern Washington.

### Five Die as Plane Crashes, Wyoming

(Continued from Page 1)

other four passengers were killed instantly, Bashaw's body was badly mangled.

Dr. L. S. Andrews, Washakie county coroner, said the bodies would be held here for relatives. He had not yet made plans tonight for an inquest.

Airport attendants said Bashaw and his companions planned only a short ride over the city.

George Evans, farming the Cavanaugh property, said the plane crashed through the dirt-covered roof of the cellar, which was used to store vegetables.

The crash occurred 85 miles south of the county over which Bashaw disappeared May 17 while on a flight from Cody, Wyo., to Miles City, Mont., at the time Bashaw landed safely at Glen Ullin, N. D., after having been blown off his course. He was reported missing at that time by Capt. W. B. Martin of Seattle, who was piloting another ship along with Bashaw from Seattle to Chicago. They became separated in a storm over Lovell, Wyo.

### WPA Playgrounds Opening Monday

Beginning Monday WPA recreation playground programs are opening at Woodburn, Dallas, and at Independence, announces Earl Litwiler, county supervisor.

The Washington grade school will be the play center in Woodburn where there will be provided supervision and instruction in various games and sports and handicrafts. Handicrafts will include work in painting, wood-working and knitting. Knitting will also be open to adults who may be interested. At the American Legion ball park the instruction in baseball will be now being offered will be continued.

At the city park in Dallas playground supervision will be provided. A full time worker will devote her attention to this and to offering instructions in dramatics. Two days a week work in the handicrafts will be offered as well as instruction in softball or baseball.

### Woman Weeks for Man Like Husband

SANDPOINT, Idaho, June 11—(AP)—A woman mourned all day beside the deathbed of a man who looked so much like her husband she didn't know the difference until a friend of the sick man came along. Dr. C. C. Wendle related here today.

Ole Paulson was fatally injured in a logging camp accident and rushed to the Sandpoint hospital by men who didn't know his name. Another patient identified Ole as Eugene Clyde Halfeld, whose wife was rushed to the hospital.

Late that afternoon, a friend stopped to see how Ole was getting along and explained the mix-up. "I've seen facial scars were the same."

Ole died without even knowing he was nearly buried as the wrong man.

### Find Human Bones Under City House

MEDFORD, June 11—(AP)—Lee Williams, contractor, engaged in the removal of a city-owned house on Portland avenue here, reported to the city authorities today workers had found human bones beneath the trap door on the back porch of the house.

Newspapers found near the grim find, bore the date of 1935, but it is believed the bones had been there for many years.

The find consisted of portions of the pelvis, upper legs, and arms of an adult woman, it was determined.

Dismantling of the floors of the house will be expedited in a search for other bones and evidence.

THE HOME DECORATOR

By R. L. ELFSTROM

"I Wish I'd Saved That . . ."

the next time Edna falls into the ink, you can take her right out and dump her in whatever kind of stain remover the clipping says is best.

An indexed loose leaf notebook is a grand way to save such material. Simply clip the article and paste it into the notebook, under the correct letter of the alphabet. Thus an article on washing pillows or blankets will be placed under "L" for Laundry. The article on Slip Covers will go under "S." That grand long article telling you all about how to paint furniture—put it in the "F" file. And so on, and so on.

In all our magazines and newspapers, there is so much information that's scientifically tested, it's as though we were privileged to hear discussions from experts in every field. Your neighborhood dealers also have a lot of valuable information—ranging from paint to pastry—and they'll be glad to help your good work along. The wise person will always take advantage of such an opportunity. So, start your notebook now, and urge your friends to start theirs. In no time you'll be a fountain of wisdom, simply because you have so much good information on hand.

### At OSC Picnic

DANIEL V. POLING

### OSC Students to Picnic Wednesday

Alumni, students and prospective students of Oregon State college residing in the Salem area, will join for an evening of fun at Olinger pool starting at 8:30 o'clock Wednesday, June 15, when the college picnic is held.

On the program are a weiner roast, songs, stunts and other entertainment. Daniel V. Poling, assistant dean of men at OSC will be present to make a short talk to the gathering.

George Causey, of the committee of students in charge, issued an invitation to all interested to attend.

### 300 to Attend Meet

SPOKANE, June 11—(AP)—Ted Brason, secretary of the Pacific Northwest Grain Dealers association, predicted today more than 300 grain men from Oregon, Washington, Idaho and Montana would attend the annual convention here next Friday.

### Accuse Couple of Insurance Murder

ALPINE, Tex., June 11—(AP)—Youthful Mr. and Mrs. Francis Black, San Antonio couple who two months ago took toulouse, 13-year-old Marvin Dale Noblit from his widowed mother to "give him a good home," today were accused of tumbuling him off a 400-foot mountain precipice in a gashly insurance death plot.

Murder charges were filed against the couple by District Attorney Alan Fraseh after an all-night sifting of circumstances surrounding the tragic drop of the lad into a rock-filled canyon Thursday. Fresher said "the boy's death was not accidental."

Two days ago the Blacks, who brought the frail lad here ostensibly on a vacation, took him to the wild big bend country for an outing. From atop a high cliff they toppled to death and his companions told authorities he slipped and fell while tossing stones down the hillside.

Sheriff Elmer Taylor and deputies went to the isolated spot and returned several hours later to arrest the couple a few minutes after they had sat, sobbing, at funeral services for the boy they claimed they had legally adopted. Fraser said no adoption papers had been found.

Fraser said the insurance angle had been investigated and from a San Antonio insurance firm, it was learned the boy's life had been insured for \$5,000 on May 27 and that Mr. and Mrs. Black had been named beneficiaries.

At Harlingen, Tex., Mrs. Bobbie F. Smith, 41, widowed mother of the dead boy, collapsed with grief when informed of her son's death.

### School Boy Meets Death on 1st Job

PENDLETON, Ore., June 11—(AP)—Earl Radcliffe, 14-year-old Junior high school student, starting out on his first job through the summer vacation, was almost instantly killed today in a truck collision at the western entrance to the city.

Radcliffe, riding with Gilbert Holeman, 16, on the rear of a dairy truck, was thrown to the pavement and his skull fractured when the vehicle collided with a freight line truck. Holeman suffered only a gashed hand. It was the first traffic death of the year here.

### State Education Board Will Meet

PORTLAND, June 11—(AP)—The state board of higher education scheduled a meeting for next Monday and Tuesday here to discuss the biennial budget, which will be submitted later to the governor and the next legislature, and a committee report on the recommendations of Dr. William J. Kerr.

Dr. Kerr, chancellor emeritus, recently completed his work as director of production and marketing and recommended a program to carry it out.

### Baby With Strange Eye Disease Is Improving

CHICAGO, June 11—(AP)—Baby Helaine Colan, whose left eye was removed a month ago on advice of council of 10 medical specialists to halt the spread of glioma of the retina, was reported today to be showing definite signs of improvement.

X-ray treatments have been given to stop the cancerous growth which also attacked her right eye. Her maternal grandfather, Dr. Morris Hershman, said Helaine's chances of life and partial sight were "very, very promising."

### Missing Foreman Sought by Friends

PORTLAND, June 11—(AP)—A \$500 reward was posted today by friends and the Ralph Smith Lumber company for a clue to the fate of Fritz Burrell, company superintendent, who dropped from sight Wednesday after leaving a conference of lumbermen at the Portland Golf club.

Two men saw Burrell in his car leave the club entrance to drive into the night and mystery.

The 39-year-old executive, formerly of Longview, Wash., was not familiar with the region and fear was expressed by his business associate, Clay Brown, that he might have met with an accident.

Brown said a futile search had been made of roads about the club. Posting of the reward was decided upon to encourage residents of the area to search the brush and ravines that line the roads leading from the club to the city.

Burrell normally would have driven via Scholl's road to the Hillsboro-Beverton highway and thence across Fourth avenue to the Sellwood bridge, Brown said. He pointed out that there were many spots where a car could go off the road and disappear.

Brown said Burrell's wife was "bearing up well" considering the strain she was under.
