Girls Will Occupy Lyon Farm First

LEBANON—Twenty-five girls will be brought next Monday to the Big Sister and Brother farm by Mr. and Mrs. Chester Lyon; after a two-week stay Mr. Lyon will bring 75 boys in groups of 25.

Since opening the farm 25 years ago Mr. Lyon says that 2000 children have received farm benefits. Sixteen years ago the name "Big Sister" was included in the farm name and each year girls have been brought to the farm where they receive training and are taught the arts of home making and enjoy the great outdoors and hikes adjacent to the Lyon home.

A special this year will be the silver jubilee August 6-7 when a homecoming of the boys of past years will be a feature.

The farm family have electricity for lighting and heating the first time this year.

Petitions Request Grading of Street

SCIO—Petitions have been filed with the city recorded by property owners for granting of certain streets within the city limits of Scio. W. E. Kyle and others on West street and G. L. Finnagan, sr., and others alleging property ownership on Pentland avenue have requested grading of the respective streets.

The matter of West street has been before the council for some time. Concrete action looking to a tangible move in that direction was taken at the June meeting of the council, in requesting the filing of petitions by interested property owners.

It has been the custom on some occasions in the past for property owners to do either the grading or the graveling. In both petitions filed this week the signers ask for grading, the inference being that they will do the graveling. The group will meet July 6.
