

Crank Beaten By FR's Guard

President Lauds Thomas and Takes Crack at "Alfalfa Bill"

(Continued from page 1)

compose quickly, however, and turned again towards the crowd, smiling and waving his hat.

Secret service men said the scuffle occurred after Hockaday was warned, "that's not allowed."

Hockaday was booked at a police station under charge of disorderly conduct, and was held for "further investigation."

The Kansan said he came here with the express intention of shining the president's shoes to raise the first dime in a program to "restore prosperity to the wheat farmers."

His immediate goal, he said, was a dollar and a half. He said he intended to get a dime from the president and then shine the shoes of 14 other notables to obtain the remaining \$7.40.

Would Pay Farmer \$1.50 for Bushel, Says

Then, with the \$1.50, he said he intended to pay a farmer "the whole business" for a bushel of wheat, make 60 loaves of bread, and sell the loaves for a dime apiece, making a profit of \$4.50.

FORT WORTH, July 9—(AP)—President Roosevelt arrived here at 11:45 o'clock (CST) tonight.

He went immediately to the country home of his son, Elliott Roosevelt, at Benbrook, near Fort Worth. The chief executive will remain here until 10 a.m. Monday.

STATE FAIRGROUNDS, Oklahoma City, July 9—(AP)—President Roosevelt let Oklahoma voters know today that he would like to have this loyal supporter, Elmer Thomas, returned to the senate.

The president, in his own words, had a "wonderful" day. It was studded with ovations yet tinged with sorrow and surprise. The death of Justice Cardozo was a "great personal shock" to Mr. Roosevelt.

Addressing a cheering fairground through the president carried one step further his program of indicating his indorsement of new deal supporters.

"Senator Thomas," Mr. Roosevelt said, "has been of enormous help to me and to the administration in keeping me advised as to the needs of this state and to how we in Washington can help meet them."

The president's reference to Thomas was interpolated into his speech after it had been prepared. The president's original text described Thomas as "my old friend" and he gave him credit, with Josh Lee, the state's junior senator, for procuring an appropriation for the Grand river dam project.

He drove to the fairgrounds with Thomas and Gov. E. W. Marland, who is one of Thomas' opponents for the senate nomination.

Once during his talk, the president said the governor had given

Italian Star on Movie Set

Isa Miranda, noted Italian movie actress, a newcomer to America and known as "Europe's most glamorous woman, who recently returned to the set in Hollywood after illness forced her to temporarily abandon production. It was believed that Claudette Colbert would replace Miss Miranda, but the original cast is now in order with no replacements. The Italian actress was suffering from effects of an automobile accident. She sprained her back and doctors said she had a slight concussion. She will co-star in "Zaza" with Herbert Marshall.

"great assistance" in developing a national policy toward oil resources.

The president made no reference to Gomer Smith, fifth district congressman who also is a candidate for the senatorial nomination. Smith sat on the platform during the speech, as did Thomas and Marland.

Mr. Roosevelt drew his most thunderous applause when he made an inferential reference to former Gov. W. H. "Alfalfa Bill" Murray as being nationally "known as a republican."

This statement was interpolated into the address after it had been written.

Paris Initial Stop of Flight

Attempting to Surpass Wiley Post Record; Rains at Airport

(Continued From Page One)

plane which weighs, with its load, 25,000 pounds.

Whether Hughes and his crew of four actually would start tonight—beginning the flight to break Post's record of 7 days, 18 hours, 49 minutes—or wait until tomorrow was a matter of speculation, even with his personal representative, Albert I. Lodwick, president of the Stinson Aircraft Corp., of Detroit.

Hughes' \$85,000, twin-motored airplane at noon looked in no condition to make the attempt. Engines were torn down and compasses had to be "swung" for accuracy before the fuel tanks were loaded with almost 1,800 gallons of gasoline.

Will Follow Lindbergh Route

The \$300,000 flight—its cost included the purchase of two planes, one of which was discarded—the first over the 3,600-mile Great Circle course to Paris since Lindbergh flew it in 1927, will take Hughes and four companions around the world unless diplomatic obstacles develop.

Hughes planned to do all the flying on the Paris trip himself. During the hop, expected to require from 22 to 24 hours, Ed Lund, flight engineer, will occupy the co-pilot's seat on the air-liner's bridge.

The three others, Lieut. Thomas A. Thurlow, on leave from the army air corps; Harry P. Connor, on leave from the department of commerce, and Richard N. Stoddard, radio engineer, will occupy the cabin. Connor and Thurlow are navigators.

Dallas Defeated By Red Sox 17-3

game, scoring in each of the seven innings played, with four runs each in the third, fifth and seventh, and three in the second, two in the sixth and one each in the first and fourth.

The winners also collected 19 hits while their hurler, Smith, limited Lone Elder to two and fanned 17 men. L. Sauer of McElroy's was the outstanding pitcher with a homer, two doubles and a single, although his brother, A. Sauer, also hit four for six. Welton relieved Jell on the mound for Lone Elder in the fourth.

The large crowd was welcomed by Mayor W. H. Moffatt. Legion, conducted flag-raising ceremonies at the opening of the tournament and the Legion Junior band played "The Star Spangled Banner."

McElroy's 19 19 0
Lone Elder 0 2 4
Smith and Brown; Jell, Welton and Wahner 17 10 1
Dallas 3 4 8
Roberts and Hauser, Moe; McKinney, Sitton, Elliott and Dixon.

Third Pair of Twins Born to Mother in BC

VANCOUVER, July 9—(CP)—Vancouver physicians described as a "record in Canadian medical history" the birth of a third consecutive set of twins to Mrs. Jack Dye, 34-year-old wife of an unemployed chauffeur.

The latest additions to the Dye family—a girl and a boy—were born here today. There were already five other children—two sets of twins and another child born singly.

Doctors said the latest twins—like their brothers and sisters, Marion, 8, Dorothy and Donald, 4, and Joan and John, 18 months—were "normal and doing fine."

Professor J. E. Hill-Tout of Vancouver, an expert on the Mendelian theory of heredity, said he had never heard of such an occurrence before.

Rome Prince Killed

ROME, July 9—(AP)—Prince Mario Colonna, member of one of Rome's most ancient noble families, and his pilot, Lieut. Col. Cleo Menghi, were killed today when their plane fell into the river Tiber. The prince was a brother of Prince Piero Colonna, governor of Rome.

Chandler Butt of "Deal" Statement

(Continued from page 1)

"I want you to know how fine I think your statement of Monday was," the president wrote, referring to Logan's announcement that he would decline any judicial post offered him. "The governor put you and Alben and me into a most disagreeable situation and wholly without any necessity therefor."

Another political development in the capital today was a statement by WPA Administrator Harry Hopkins, accusing critics of "trumping up" charges that the work relief agency was engaged in political activity.

Hopkins denied, in a letter to Senator Vandenberg (R-Mich.), that the WPA had distributed groceries and other commodities to relief clients in Kentucky in large paper bags bearing the inscription, "Paper bags donated by a friend of Sen. Alben W. Barkley." Vandenberg had sent Hopkins a photograph of a bag bearing the inscription.

\$150,000 Fire Sweeps Freight Sheds

Raging uncontrolled for nearly an hour through more than 500 feet of freight sheds, fire recently brought out every available piece of fire fighting apparatus in downtown San Francisco before it was brought under control. Poison gas, flaring crates of matches and low hanging smoke hampered firemen from driving at the heart of the blaze. A box car of matches exploded, forcing several fire engines to withdraw to save equipment. More than 800 feet of fire hose was consumed by a sudden spread of flames. Photo shows the Southern Pacific freight sheds at the height of the \$150,000 fire. Nine firemen were injured.—IIN photo.

Justice Cardozo Meets Last Judge

(Continued from page 1)

on the New York court of appeals since 1917.

He was born in New York, the son of a judge, was graduated with high honors from Columbia university, and passed the bar examinations without any formal legal education on the basis of reading he had done in his undergraduate years.

Upheld 22 of 27 Laws Passed Upon

A staunch supporter of the New Deal philosophy, he upheld 22 of 27 laws brought before the supreme court in the historic period from 1934 to 1937.

His death ended more than a week's fight to overcome a relapse from the old heart ailment. The first news of the relapse came on July 2, when physicians reported he "has not been doing so well."

For the last three days, the jurist's condition had changed frequently but, it seemed, he was losing ground by inches. Then early today his secretary announced that Cardozo had "passed" a poor night, but otherwise his condition is unchanged.

Mrs. Rauh, the secretary's wife, said private funeral services would be held Monday at 2 p. m. at the Lehman home. Rabbi Dajessurun Cardozo, assistant minister of the Congregation Shereth Israel, will officiate. Burial will be in the Congressional cemetery at Cypress Hills, Long Island, Mrs. Rauh said.

Rail Worker Dies Under Locomotive

EUGENE, Ore., July 9—(AP)—Marillo Oreno, railroad employe near Oakridge, Ore., lost his life today when a locomotive ran over him.

The man apparently thought the approaching locomotive was on an adjacent track and did not look up in time to jump.

Japs Attempting Drive up Yangtze

SHANGHAI, July 9—(AP)—Japanese naval officers said today their "heavily operating" air forces were attempting to blast out Chinese defenders 30 miles above Kiu-Kiang on the Yangtze river.

Stationed at Kiu-Kiang, 135 miles below the provincial capital of Hankow, were the US gunboat Monocacy and the British gunboat Cochrane, remaining to protect their nationals despite Chinese and Japanese warnings of danger, thickly-mined waters.

The bombing operations followed by a few hours a Japanese note to 10 foreign powers urging "voluntary evacuation" of an 80-mile area from Kiu-Kiang to Hwang-shih-kang, marked out for an intensified battleground.
