860 Are Signers For Lane Utility

Petitions for Creation of County Power District Are on File Here

Preliminary petitions for creation of the Lane County People's Utility district were filed in the office of the state hydroelectric commission here yesterday. The petitions contained 860 signatures.

The district would comprise virtually all of the agricultural area in Lane county together with the municipalities of Coburg, Cottage Grove, Creswell, Junction City and Springfield.

Valuation \$22,000,000
It is proposed to purchase electrical energy either from the city of Eugene or Bonneville.

The population of the proposed district is 20,000 and the assessed valuation \$22,000,000.

In case the petitions are found to be valid, the hydroelectric commission will call a public hearing in Lane county to discuss the proposal.

Beauty and Grace are the principal elements of the state presentation at the State theatre Friday and Saturday.

Among the acts are the Richardson twins, comely exponents of rhythm, Dillon and Parlow, who present a comedy song and dance routine and Elaine and Douglas, players of electrical stringed instruments.

Joan, Pean and Jack, a youthful trio, present a peppy act.

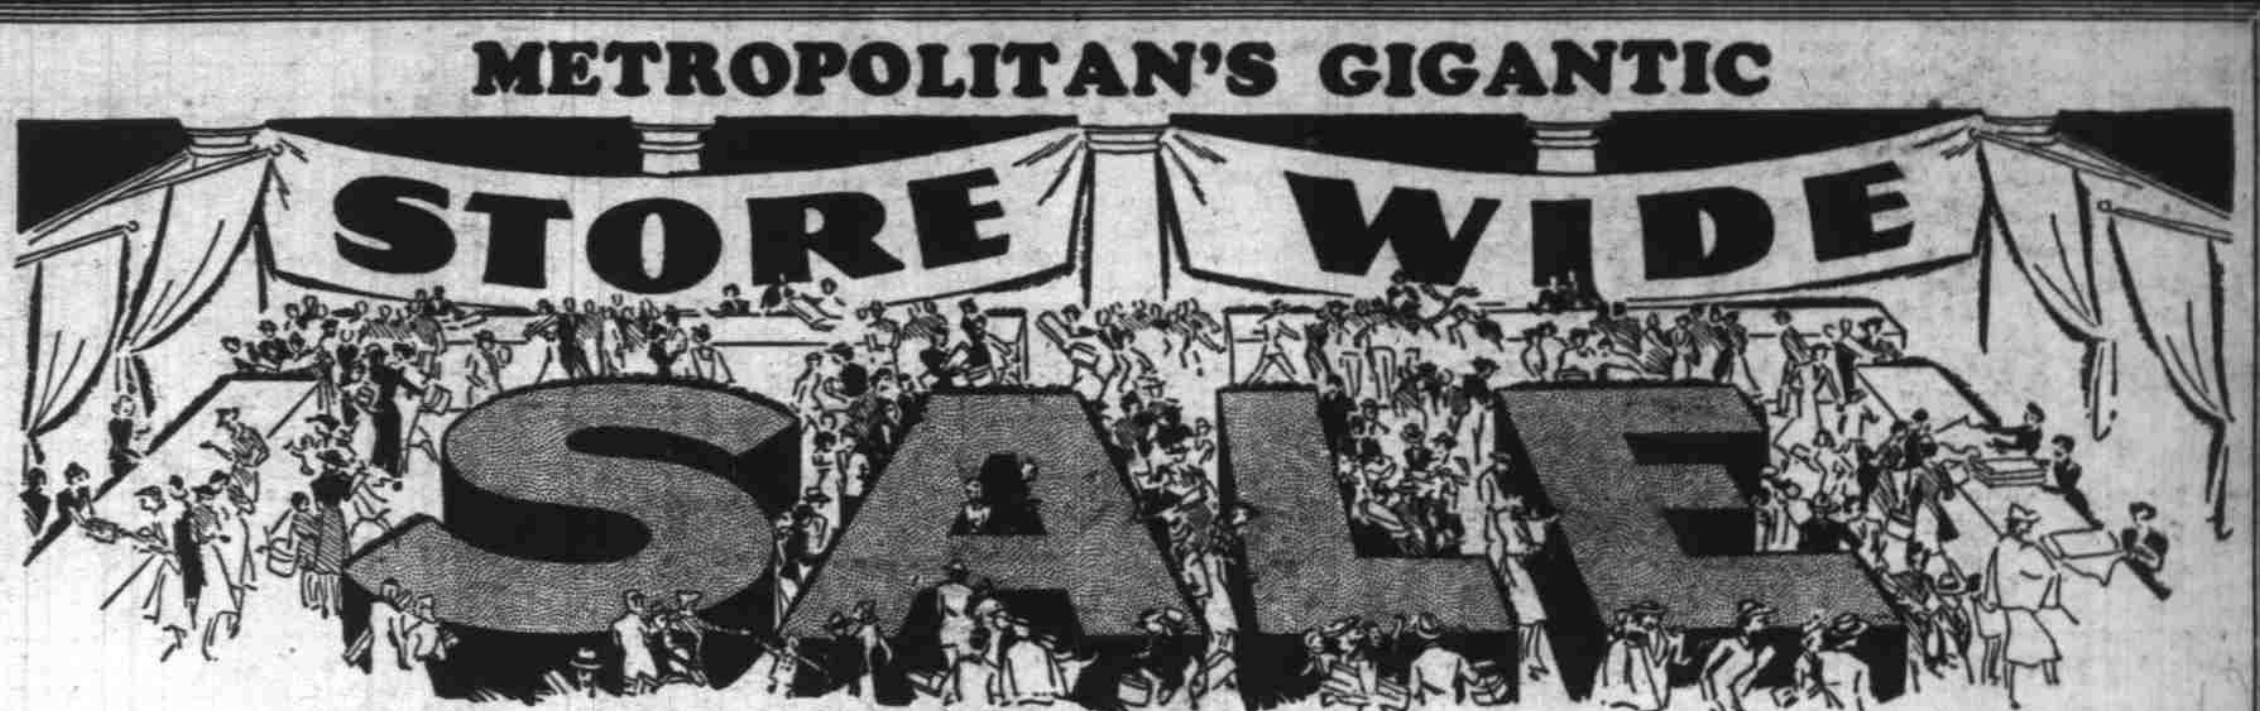

The screen program with the vaudeville show is the late Martin Johnson's adventure picture, "Borneo," authentic scenes filmed by Mr. and Mrs. Johnson on one of their expeditions.

Return of Filing Fee not Allowed

There is no law in Oregon under which county courts can legally refund filing fees of candidates for office, Attorney General VanWinkle held yesterday.

The opinion was requested by District Attorney George Anderson of Union county in connection with the filing of a candidate for county judge at the last primary election.

The candidate later withdrew and requested a refund of his \$20 filing fee.
