**Setback Due to Word Crop Abroad Looks Largest in Five Years**

CHICAGO, Aug. 3.—(AP)—Almost 1 1/2 cents a bushel climb of Chicago wheat values today resulted largely from fears expressed that Russo-Japanese conflicts might draw other nations in. Late reactions, however, virtually cancelled gains.

Setbacks from top prices were more or less due to an authoritative estimate that Europe's crop this season would be the largest since 1933, totaling about 30,000,000 bushels in excess of a seven-year average.

Up Canadian Estimate

Another drag on market upturns was that unofficial forecasts here indicated 1938 wheat production in the Canadian prairie provinces would be somewhat less than had recently been looked for.

At the close, Chicago wheat futures were unchanged to 1/2 cent higher compared with yesterday's finish, Sept. 67 1/2-3/4, Dec. 69-69 1/2.

**Pierce Is Urging Crop Curtailment**

BAKER, Aug. 3.—(AP)—Representative Walter Pierce urged curtailment of crops when a surplus was available for world commerce yesterday in an address before civic organizations.

Those crops for which we spend huge amounts in importation should be concentrated on," he said.

The congressman recommended the manufacture of chlorate at Bonneville dam for weed control under the direction of the CCC.
