Swimming Pool Programs Complicated by Many Laws, Group Told

SILVERTON—Lyle P. Bartholomew, Salem architect, was the speaker before the Silverton Planning council Wednesday night. Mr. Bartholomew described a number of swimming pools and their requirements.

The Silverton Planning council is discussing the advisability of building a swimming pool at Silverton, the pool to be ready for use at the opening of the next swimming season.

Mr. Bartholomew explained that a swimming pool is tied up by more regulations and laws than any other form of construction and that these regulations made it imperative to know the laws

before going ahead and planning the pool. He suggested that youngsters be permitted to swim free but that some little fee be charged adults. He was of the opinion that a pool such as Silverton would desire could be built for \$9000, with approximately \$4500 to \$5500 to be furnished by the city and the remainder by government aid.

**Study Location**  
A definite survey of available space at Silverton and tests of Silverton's creek water will be made prior to the meeting next Wednesday night.

In the absence of T. T. Leonard, chairman of the planning council, and Dr. P. A. Loar, first vice-chairman, Frank M. Powell, second vice-chairman, presided. Parry Rose, chairman of the swimming pool committee, and Rev. M. J. K. Fuhr, a member of that committee, reported that they together with Mr. and Mrs. R. A. McClanathan, had visited pools at Dallas and Newberg. They reported that the Dallas pool, while built in the stream there, had a different situation to face inasmuch as the stream there consist-

ed of pure water and Silver creek's water was known to be unfit for swimming. Mrs. McClanathan, also a member of the swimming pool committee, reported on required accommodations found at the two pools visited.

A telegram from Senator McNary, dated Wednesday noon, was read, telling that the federal grant requested for the building of Silverton's new high school, had been approved.

F. M. Powell announced that the American Legion committee sponsoring the sending of the that trip, and that any one wishing to assist should obtain a button.

### Sprangers Return From BC Journey

BETHEL—Mr. and Mrs. A. C. Spranger, Mr. and Mrs. George Hain, Mina Lee Spranger and Charlotte Hain, have returned from a trip by auto into British Columbia and Alberta, Canada. They visited the Clifford Chaffee family at Cayley, Alberta, formerly of this district, and inspected

the great oil wells at Turner, the strongest producing wells in the British Empire.

The group visited Banff and Lake Louise. On their return trip they visited the Grand Coulee project.

The group returned sooner than had been planned, called by the serious illness of Mrs. Spranger's father, Carl Holter of Portland. Mr. Holter died on Monday and is being buried on Thursday.

### Clayton Wiggins Returns To Duty at Ford Worden
