

## Conservative Wins Election

First British Balloting Since Munich Backs Chamberlain

LONDON, Oct. 27.—(AP)—A member of Prime Minister Neville Chamberlain's conservative party today won the first parliamentary by-election since the four-power Munich accord market a dramatic highspot of the government's foreign policy.

But the winner, Quintin Hogg with 15,797 votes, pooled a majority only half as large as the conservatives piled up in the Oxford district in the 1935 election. His opponent, A. D. Lindsay, received 12,363 votes.

Voting was heavier than in the previous election indicating interest aroused by the campaign based principally on Chamberlain's foreign policy.

Ministers Shuffled Chamberlain in a preliminary move to rebuild his cabinet effected today a minor reshuffle of two ministers.

His action left unsettled the major issue of how Britain's new Munich-born rearmament would

be forged and made further cabinet changes certain by leaving two posts unfilled.

King George VI approved the appointment of Earl Stanhope, ousted former guards officer, as first lord of the admiralty to succeed Alfred Duff Cooper, who resigned October 1 because the Munich accord dismembering Czechoslovakia "stuck in my throat."

Earl De La Warr, aristocratic cabinet "handyman," moved from the post of lord privy seal to succeed Stanhope as president of the board of education.

The changes stopped there, leaving Chamberlain with two vacancies in the cabinet—the post of lord privy seal and the dominions office, empty since the death of Lord Stanley on October 16.

FDR Speech Unmentioned There was a complete official and editorial silence on President Roosevelt's speech of last night against "peace by fear."

President Roosevelt's address also went almost unnoticed in France, but it drew criticisms in Italy and Germany.

In Rome, La Tribuna, the only paper there which dealt editorially with the speech, declared that it "fits quite well into the picture of contemporary democratic, Jewish and Masonic activity."

In Germany, the Hamburger Fremdenblatt advised the American executive to "remember the

Indians when sobbing about the Jews."

Both the Berlin Lokalanzeiger and DNB (official German news agency) contrasted the president's address with that of former President Herbert Hoover, especially emphasizing the latter's description of the Munich accord as a contribution to peace.

The Lokalanzeiger said President Roosevelt's mention of foreign armaments and their purposes was merely an apology for America's own armament program.

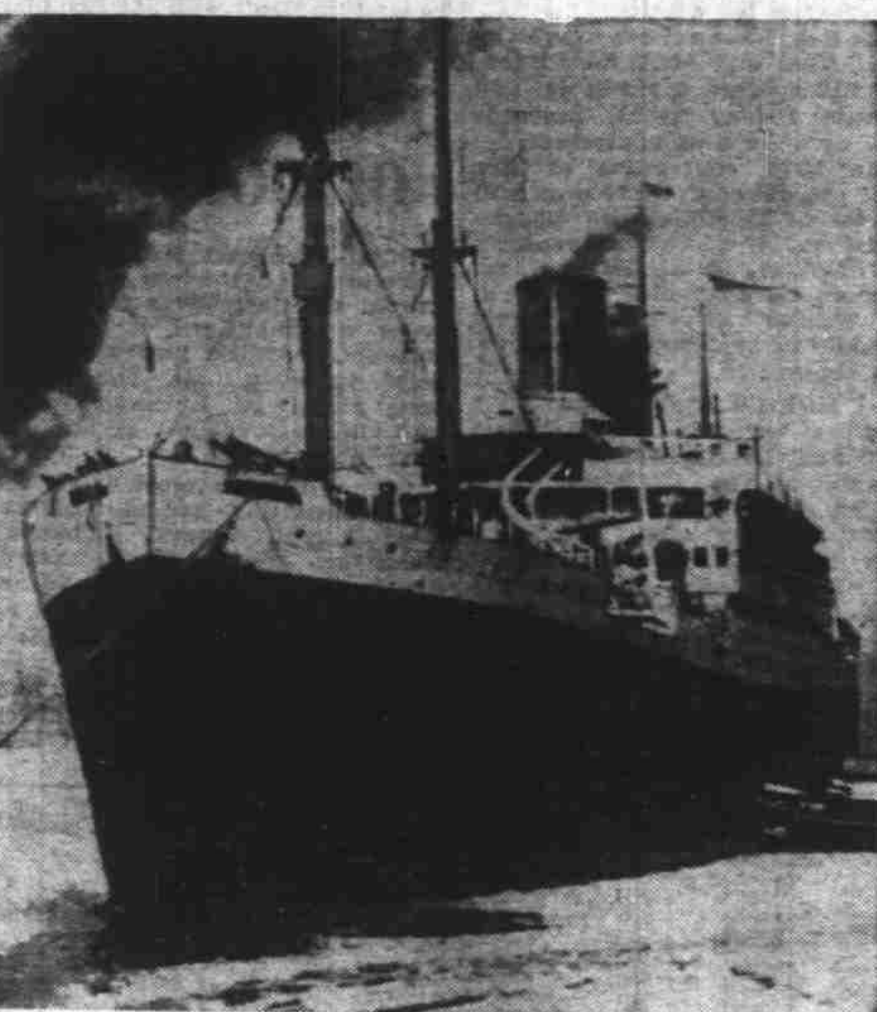

The Fremdenblatt stated that "in this country one regards the duty of the chief executive to be that of opposing every inclination calculated to cut the ground from under attempts at peaceful understanding."

### First Run of Chum Fish Find Way to Bonneville

BONNEVILLE, Ore., Oct. 27.—(AP)—A few days after they entered the mouth of the Columbia, the first run of chum salmon reached Bonneville dam yesterday and found their way through the fish ladders.

Engineers prepared to raise the water level to 72 feet Monday to study the effect of backwater flooding in the area east of the dam.

## Fire Halted on Liner Deutschland

Fire raging in the hold of the Germany luxury liner Deutschland was recently brought under control while the vessel was ploughing through gale-swept seas of the north Atlantic. Fratric radio messages for help were sent out by the Deutschland. After a two-hour battle, however, the flames were smothered and the liner proceeded on her way to New York. Aboard the ship were 591 passengers and a crew of 892. The vessel's position when the fire broke out was 200 miles southeast of Cape Race, Newfoundland. Photo shows the liner at a recent docking. Her home port is Hamburg.

## Business Men Ask Farm Plan

Retail Dry Goods Group Ask President to Call Conference

NEW YORK, Oct. 27.—(AP)—Asserting business men were "concerned" over the so-called two-price plan for sale of farm and factory surpluses to low income groups through government subsidy, the National Retail Dry Goods association announced today it had requested President Roosevelt to summon a conference soon to evolve a program for disposing of the farm surplus.

The association said the request "reflected the concern of business leaders generally at the recent statements of Secretaries Wallace and Morgenthau, looking towards the distribution of certain agricultural and manufactured products to the 'lower third of our people' at prices below those prevailing in the normal course of trade."

In the resolution which was signed by Lew Hahn, general manager, the association stated:

"In particular, retailers have been concerned because it seems obvious that the distribution of

## Pregnant Woman Victim of Knifer

SEATTLE, Oct. 27.—(AP)—A young white woman, an expectant mother, was near death in a hospital tonight from eight stab wounds in her abdomen.

Her Filipino husband, Luis Alcid, restaurant worker, told authorities he was asleep this morning when his four-year-old son awakened him, screaming, "mama is bleeding."

He told Detectives James Lawrence and Ernest Winters he found his wife on the kitchen floor with a carving knife beside her. He said she had been expecting a child in January and had been highly nervous.

Open Until 9 P. M. Sat. Eve.

## Love Is Reduced To Math Formula

SEATTLE, Oct. 27.—(AP)—Love was reduced to a mathematical formula today by Howard Gunderson.

He loves Yvonne Augis, 30, so he subtracted her friend, Dean Prothero, 41, former special policeman, by having him put in jail while he and Miss Augis got a marriage license.

But Prothero obtained his release on \$500 bail about the time Gunderson, 40, dock employe, and Miss Augis got their marriage license, and the final result still is in doubt.

Dep. Pros. Erling Solberg filed a charge Prothero threatened to kill Gunderson on the latter's complaint. Solberg said there was friction between the two men over attentions to Miss Augis.

## Highway Officials Inspect Project

ASTORIA, Oct. 27.—(AP)—State highway officials and engineers today viewed a section of highway near Warrenton that army authorities and citizens of surrounding towns have asked be put into secondary highway classification and improved.

Henry F. Cabell, chairman of the state highway commission; R. H. Baldock, engineer; F. D. Eason, division engineer, and J. N. Bishop, maintenance division, visited the site of the proposed transfer.

The project's cost estimates vary from as low as \$50,000 to as high as \$200,000. The job would include transfer of about six miles of road for serving Fort Stevens heavy artillery equipment.
