Market Down Cent, Basis of Month-End Settling of Accounts

CHICAGO, Nov. 30-(AP)-Prospective big deliveries of corn tomorrow on December contracts tumbled corn down a cent late today, and more than wiped out fractional gains in wheat.

Notices were given that as much as 2,881,000 bushels of corn here would be tendered in monthly settlement of accounts. This total was much larger than had generally been looked for. Wheat Down Too

Wheat deliveries also promised to be in excess of recent estimates, and to aggregate 2,623,-000 bushels. Adding impetus to dov. nturns of values was some uncertainty in various quarters as to government methods or disposal of defaulted loan corn

At the close, Chicago corn fu-tures were %-% of a cent lower compared with yesterday's finish, Dec. 47-47 %, May 51-50 %, wheat unchanged to % down, Dec. 61 %-%, May 65 ¼-¼, oats 1/4-1/4 off, rye showing %-% drop, and provisions 5 to 12 cents advance.
