

Poles Charge 'Jew Dumping'

Germany, Poland Argue Over Status of Jews in Danzig Area

WARSAW, Dec. 30—(AP)—Germany and Poland were entangled anew today over middle Europe's hapless Jews.

The Polish commission in the Free City of Danzig protested against expulsion from Danzig of Jews bearing Polish passports and threatened expulsion of Danzig citizens from Poland unless the action was halted.

The Polish press charged Germany was "dumping" Jews into Poland through Danzig with the connivance of the Free City's Nazi government. The protest as published here, however, did not mention this.

Danzig Free City, 754 square miles, is a Baltic port, formerly part of Germany. It was established under the treaty of Versailles and placed under protection of the league of nations. Danzig ranks second to Gdynia as an outlet for Polish commerce and is within the Polish customs administration.

Danzig Storm Center (With the rise of national socialism among Danzig's predominantly German population of 707,000, many Nazis in Berlin regard German annexation of the Free City as practically an accomplished fact.)

The Polish press charged that "a group" of Polish Jews who had resided in Germany was sent to Danzig and then pushed across the border into Poland.

This was represented as an aftermath of Germany's roundup of Polish Jews in November and their hurried transportation to the Polish border which in turn was a factor in the death November 9 of Ernst Vom Rath, secretary of the German embassy in Paris.

Germany defended the November roundup of Polish Jews on the grounds that Poland had decided to cancel the passports of Jewish nationals who had resided abroad for a long time.

Ex-China Leader Advocates Peace

HONGKONG, Dec. 30—(AP)—Wang Ching-wei, former premier of China, came forward today in favor of peace negotiations with Japan on the basis of terms set forth December 22 by Japanese Premier Prince Fumimaro Kono.

Wang, now a member of the central political council of the Kuomintang, Chinese government party, and a leader of the party's "peace faction," sent a telegram to Generalissimo Chiang Kai-shek declaring Kono's terms offered a "fair basis for peace discussions."

Informing Hongkong circles he looked upon Wang's action as a bold gesture on his own initiative. He was said recently to have split with Chiang because of the generalissimo's admission of communist influence in the Chinese central government.

Syrians Reported Seeking Freedom

Party's Demanding That French Mandate Be Broken Rumored

PARIS, Dec. 30—(AP)—Reports of a Syrian demand for immediate independence from France confronted the government today as it sought to put up a strong colonial front to deal with Italy's empire aspirations.

The independent nationalist party of Syria was said to have sent a demand to the nationalist premier, Djemil Hardan, calling for immediate release of the eastern Mediterranean state from France's league of nations mandate.

Other reports told of widespread discontent threatening to break into open trouble.

The dispute was sharply drawn by refusal by the French foreign relations committee to ratify the 1936 French-Syrian treaty promising Syria independence. This refusal was regarded as a direct result of French-Italian friction.

The Syrian premier who had just returned to his people from consultations in Paris was quoted by one dispatch as saying in a public speech, "We shall have independence by legal or extra-legal means."

Grant Land Fund Prospect Bright

ROSEBURG, Dec. 30—(AP)—Favorable action of congress in amending the sustained yield bill of 1927 to give Coos and Douglas counties 75 per cent of the income from Coos bay wagon road grant lands was anticipated today by Guy Gordon, attorney for Oregon land grant counties.

Gordon, who left tonight for Washington, D.C., said similar action was taken on Oregon and California railroad grant lands, but the Coos bay lands were overlooked. The counties now receive 25 per cent of the revenues.

Fume-Filled Car Holds 3 Corpses

Chicago Police Seeking Murder or Suicide Clue to Deaths

CHICAGO, Dec. 30—(AP)—Police sought tonight to determine whether two young women and a married man found in a gas-filled automobile died in a suicide pact or both women were slain.

Sergeant Frank Veselka of the county highway police said his investigation indicated the two women might have been killed first by the man before he took his own life.

The victims, who died of carbon monoxide poisoning, were: Fred B. Miller, 35, a messenger for an armored car service; Mrs. Hazel Lefler, a waitress; and Miss Loraine McNichols, 19, a friend of Mrs. Lefler.

Loaded Pistol Outside Police were puzzled over the finding of a loaded pistol outside the car. The gun had not been discharged.

Sergeant Veselka said Miller might have forced both women to sit in the car until they died and then stepped in himself. A physician said the two women had been dead for more than an hour and Miller had been dead only a few minutes.

Miller's widow, Theresa, said her husband and Mrs. Lefler "have been going together for about four months."
