

Mighty Trojan Drives to Win

Score in Last Moments Gives California 7-3 Win Over Duke

(Continued from page 1)

to pilot the attack. A too many times out penalty put the ball back on the 40 and Nave started to work.

Nave's Azules also came back, keeping out of range of the Duke rushing ends, he passed for 14 yards to Krueger. Changing his direction, he whipped another for 10 to Krueger, and still another was completed to Antelope Al, but it lost 2 yards.

The clock was ticking off the seconds, and the huge crowd was roaring with excitement. Nave again called a pass, drifted far back and fired away. The ball cut diagonally across the field and came to rest in Krueger's outstretched arms.

Anything else that followed was an anticlimax. Gaspar added the extra point but few saw it. The gallant Dukes from North Carolina took the kickoff and tried desperately to win the game they thought they had won a minute before. Tipton, whose tremendous kicking should be the feature of this grueling clash, was tossed for a 12-yard loss. He came back to pass the Dukes back toward mid-field, but the gun sounded.

The game was ended, and the Dukes started into their first defeat, the first score tallied against them, and a long, weary train ride back to Durham, N. C.

The iron Dukes were stubborn, and as strong as the game, and they went the way of other great undefeated teams—Notre Dame and California—before the slashing, spectacular, never-give-up Trojans.

It was a brilliant victory for Howard Jones, and a sad one for Wallace Wade of Duke. Wade had never been licked in the Rose Bowl, although one of his three Alabama teams had tied, but this Blue Devil aggregation, out-downed 13 to 8, out-rushed 135 yards to 86 and out-passed 84 yards to 53, was up against an unbeatable team today.

Duke in the first half failed to capitalize on a pair of blocked Trojan punts. Aside from Tipton, it hardly presented an offense worthy of the name, but its defensive strength and Tipton's towering punts kept the Trojans hemmed up in their own back yards.

The skies were murky, shed a sprinkle of rain intermittently until late in the game, and then the sun peeked through.

The Duke's lone score was started in mid-field. Tipton made 1 yard and passed 13 yards down the sidelines to McAfee. Robbie Robinson made 5 to reach the 20 and Tipton made 2. O'Mara, the big Duke fullback, crashed over tackle for 3, and on fourth down Ruffa booted his field goal.

Scene of France-Italy Dispute

Map of new trouble zone between France and Italy. This map shows the storm center of the latest European dispute to attract international attention, Italy's demands on France for territory including Djibouti, strategic port of French Somaliland on the Gulf of Aden. Djibouti is the terminus of the French-owned railroad to Addis Ababa, capital of Italy's newest colonial acquisition, Ethiopia. France has rushed warships to the trouble zone to face any threats from Italy's East African empire.

Rebels Reporting Win in Catalonia

Large Government Force Claimed Trapped in Segre-Ebro Angle

HENDAYE, France (At the Spanish Frontier), Jan. 2.—(AP)—Gen. Francisco Franco's forces were reported to have won a tactical victory in Catalonia after a sweep down the east bank of the Ebro river.

Insurgent dispatches asserted a large government force was trapped in the angle of the Segre and Ebro rivers as insurgent columns struck south behind the government lines.

The insurgents moved from the Segre river, through the Liema mountains, to reach the Ebro at Vineshe.

Barcelona Ultimate Goal. The Navarrese army corps leading this right flank of the offensive was placed by dispatches from the front at less than 10 miles west of Falset, on the Tarragona highway.

(Falset is 23 miles west northwest of Tarragona, Mediterranean port which is approximately 50 miles airline southwest of Barcelona, ultimate insurgent objective.)

After breaking through from the north, the insurgents were reported to have wiped out a 12-mile stretch of government lines near Vineshe.

Blanket Approval Of Funds Sought

WASHINGTON, Jan. 2.—(AP)—Pacific northwest congressmen said today they were considering the advisability of asking congress for blanket authorization to develop navigation facilities on the Columbia and Snake rivers.

Cyclone Hits Independence

partment where the storm unleashed its destructive fury. The cyclone apparently made its exit at the east end of U street, shattering the booth at the entrance of the Hop Bowl in a vicious farewell clap.

Nor was the storm's brief visitation—It lasted less than five minutes—without its freakish incidents. A tin roof on the city hall was ripped off and draped like a deflated balloon over the rear of Amberry's 5-and-10 cent store.

Whatever it was that hit Independence, reverberated faintly in Salem. Many local people reported noticing a faint air similar to a thunder clap at about the time of the independence storm.

the new legislative plant. He is expected to have committee assignments worked out so that they can be announced on Monday. The gossip has been that Fairland has been hard to find ever since his support. In this particular case there is not enough logic behind the scheme to get it anywhere.

Operators of cold storage lockers, catering to families who rent lockers and store meat, fruits and vegetables, are worried over reported legislation to levy a prohibitive tax against them. The best guess is that they are unduly worried; proposed legislation of that type always puts in its appearance but seldom gets much.

Court Eyes TVA Constitutionality

WASHINGTON, Jan. 2.—(AP)—The supreme court may announce tomorrow whether the TVA power program is constitutional.

This is one of 34 cases that have been argued and await decision. The court has been in recess for the past two weeks to permit the justices to prepare opinions.

The Tennessee valley authority program was challenged by 14 private utilities which contended that competition from government-produced electricity threatened them with "irreparable injury if not destruction."

Other cases that may be decided tomorrow involve: 1. The question whether Kansas and Kentucky may ratify, after once rejecting, the proposed constitutional amendment to abolish child labor.

ALBANY, Jan. 2.—Miss Myrtle Cranney of Portland was killed instantly Sunday when the car in which she was riding and the machine driven by Robert Stringfield of Caldwell, Idaho, skidded and struck broadside.

Wool Exemption Asked

WASHINGTON, Jan. 2.—(AP)—Senator O'Mahoney (D-Wyo) asked the state department today for "explicit" assurance that wool would not be listed among commodities to be considered in event of formal negotiations for a reciprocal trade treaty with Australia.

Hunting Mishap Fatal

PLAINES, MONT., Jan. 2.—(AP)—Gordon Arnold, 15, died at a Missoula hospital last night of a .22 calibre rifle wound inflicted accidentally by a playmate. The accident occurred while the boys were hunting magpies.

Escaped Insane Men Plot Death

One Captured Reveals to Police Murders Are Being Planned

CLEVELAND, Jan. 2.—(AP)—Four escaped insane criminals plan to go to Chicago to kill their leader's wife and "a couple of cops," Russell Nuckles, their 25-year-old deserting partner, was quoted after his capture today by an alert Cleveland detective.

Detective Sgt. James J. McDonald, who several months ago had arrested Nuckles for participation in a series of holdups of "spooners" in a city park, saw Nuckles plotting along a downtown street today.

Overpower Attendants. Quickly he and three other detectives stopped their cruiser and McDonald arrested Nuckles without resistance. The Cleveland fugitive and four others overpowered a quartet of attendants and stole an automobile to make their escape yesterday from the state hospital for the criminally insane at Lima, Ohio.

"Haines said he was going to Chicago first to kill his wife and a couple of cops he didn't like and then they were going into big time robbery," Nuckles was quoted by McDonald.

Canada-Britain Airway Looming

LONDON, Jan. 2.—(AP)—Regular weekly transatlantic air mail service, forerunner of a 21-hour England-New York passenger service, will start before June between Southampton and Montreal, Imperial Airways announced today.

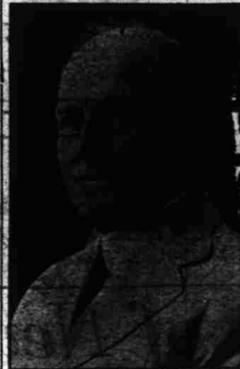

The British company announced it was ready to begin the service with four specially strengthened 24-ton Cabot flying boats traveling via Foynes, Ireland, and Botwood, Newfoundland, as soon as the Botwood harbor is clear of ice.

Permission to land in New York has not been granted but the company stated "We are negotiating for a permit to extend the service to New York and expect to have it by the time service begins."

First Flights Weekly. Beginning with a weekly service, two flights weekly each way are planned for later in the summer. The planes will make the east-west ocean crossing in about 16 hours. The time from Southampton to New York would be about 21 hours. West-to-east times will be about three hours less.

The big flying boats at first will carry about 6000 pounds of mail and later, up to 15 passengers. The company made it clear passengers would not be carried until the schedule had been tested.

active in all community building enterprises. He was a member of the Masonic and Elks lodges. Mr. Albert was keenly interested in music. He was a recognized musical critic and was a member of the board of the symphony orchestra. He was the donor of the bandstand in Wilson park.

Mr. Albert was a long time member of the board of directors of the Salem YMCA and was a member of the building committee for the present structure. Through the YMCA he made many special financial gifts. He was a life long member of the First Presbyterian church of Salem and devoted much of his time and interest to the affairs of the church.

He was widely known throughout the state and will be greatly missed by his associates and the multitude of his friends.

He is survived by his wife, Jessie D. Albert, and his daughters, Mary Jane Eoff and Josephine Holman Spaulding, and by his grandchildren, Joseph Irwin Eoff, Doris Helen Spaulding and Jean Holman Spaulding.

Funeral services will be held at the First Presbyterian church Wednesday morning at 10:30.

Idaho Dismisses Roads Engineers

BOISE, Jan. 2.—(AP)—H. R. Flint of Pocatello, Idaho's new highway bureau director, announced tonight dismissal of three of the state's five district engineers.

Flint assumed today duties as highway bureau engineer and acting public works commissioner. "Permanently" dismissed was E. A. Johnston at Lewiston, Flint said, while "temporary" dismissals were given J. M. Johnston of Shoshone and Richard Pearson of Coeur d'Alene.

Pearson was acquitted last week, jointly with retiring Highway Bureau Director J. H. Stemmmer, of grand jury charges of fraud.

broke Lincoln and Omaha heat records for January 2, weather bureau officials said.

At Lincoln the mercury mounted to 72 degrees at 3 p. m., or four degrees warmer than any previous January reading. The mercury tipped the 65 mark at Omaha at 3 p. m., to break all previous marks here.

OKLAHOMA CITY, Jan. 2.—(AP)—Oklahoma experienced today what was at some points its warmest January 2 on record. Oklahoma City's previous record for the day—63 degrees in 1927—was topped by a maximum of 67.

Parliament Group Asks Stiff Stand

LONDON, Jan. 2.—(AP)—A small group of dissatisfied parliament members opened a new campaign today for a stronger British foreign policy.

It was understood this was not necessarily an anti-Chamberlain movement, but rather an attempt to prod the prime minister into speeding up rearmament and taking a firmer stand against dictators.

Rebellious Tory Winston Churchill, former chancellor of the exchequer; Alfred Duff Cooper, who resigned as first lord of the admiralty in a protest to Chamberlain's policies; and Lieut. Col. L. C. M. S. Amery, former secretary for colonies and dominions, were understood to be leading supporters of the new movement.
