

### Parties Enjoyed Most if Well Planned

(Continued From Page 12)  
 lowed is long and beset with hazards.  
 Each couple is given a list of from twelve to twenty-four objects which must be procured. All lists are identical. As many objects as possible must be brought back within the time limit of an hour and a half. All items should be difficult to obtain, though it is highly inadvisable to include those which can be procured only by violating the law.  
 However, no one need violate the law to bring back three red hairs; any live animal except a cat or a dog; three needles threaded respectively with pink, yellow and green silk; or a pink silk man's shirt. Yet it's a bit disconcerting to realize that you can't just buy them. How do you acquire a "stranger to all members of the group"? How and where can you get a duck's egg, day-before-yesterday's newspaper?  
 To the one who brings back the most things within the prescribed time, offer a prize. Remember it's a prize well earned, so it ought to be a good one.

### Vanilla Marlow Favored As Dessert

Marshmallows make the attractiveness in a certain type of desserts known as marlows, which have wide variety in flavor. Here is the vanilla form, and several variations.  
**VANILLA MARLOW**  
 20 marshmallows  
 1 cup cream, whipped  
 1 teaspoon vanilla

**CHOCOLATE MARLOW**

**FRUIT MARLOW**  
 Substitute unsweetened fruit sauce for milk, add 2 tablespoons sugar and proceed as for vanilla marlow.

### Lefsa, Fried Cake Takes Mashed Potatoes

Scandinavian favorite called "Lefsa" is fried pancake style to make a most accompaniment or to serve as most pancakes. This recipe uses mashed potatoes.  
**LEFSA**  
 Boil potatoes, mash while hot until light and mealy. When cold add as much flour as the potatoes will hold, and a little salt. Roll out as thin as possible and bake on the top of the stove, being careful not to burn. Do not have too hot a fire. Butter while "hot." Can be served cold, very good with butter and sugar.

### Cream Cheese Icing Has Texture, Flavor

Cream cheese gives a flavor to icing that's quite novel. There's smoothness of texture and a nice white color, the cheesy flavor pleases too.  
**CREAM CHEESE ICING**  
 2 packages (6 ounces) cream cheese  
 1/2 cup confectioner's sugar  
 1 teaspoon lemon juice  
 Cream the cheese until soft, then add the sugar gradually and stir until smooth. Add the lemon juice. Spread this on the cool cake.

### Manufacturers Recipes

Coffee flavor is good for mixed beverages, according to the manufacturers of this popular drink, and chief among them is:  
**BRAZILIAN CHOCOLATE**  
 2 squares unsweetened chocolate  
 1 cup strong MJB coffee  
 3 tablespoons sugar  
 Dash of salt  
 3 cups milk  
 Add chocolate to the coffee, place in double boiler and heat until chocolate is melted and two are blended. Add sugar, salt and boil 4 minutes, stirring constantly. Place over boiling water and add milk gradually, stirring all the time, when hot beat with a rotary beater until frothy. Cool, pour on cracked ice or serve hot, topping with whipped cream. Serves 4.  
 Another recipe offered by the makers of food products is this one for:  
**OLD-FASHIONED CHOCOLATE ICING**  
 Cook 2 cups White Satin sugar, 4 squares unsweetened chocolate, 1/4 cup commercial cream, 3 tablespoons butter, and a pinch of salt, to a very soft ball in cold water. Remove from stove and add gradually, drop by drop at first, to 5 beaten egg yolks. Put over very low heat, stir constantly but gently until yolks are cooked. When cold beat until creamy. This icing has a glazed appearance.

**Tomato Soup Makes Meat Gravy**  
 Tomato soup, fresh from the can has other and better uses even than when served plain. Try this recipe that uses the canned soup in gravy.  
**PORK CHOPS WITH TOMATO PAN GRAVY**  
 6 pork chops  
 2 teaspoons fat  
 1 can condensed tomato soup  
 1/2 teaspoon salt  
 Pinch of pepper  
 Brown the pork chops on both sides in the hot fat in skillet, season with salt and pepper. While the pork chops are browning, empty the tomato soup into a saucepan and to it add an equal quantity of water. Heat this mixture to the boiling point, then pour into the pan with the well browned pork chops. Cover and let simmer 25-35 minutes until the pork chops are tender. Serves 6.

### Gelatine Provides Variety, Finds Favor at Meal

Good old gelatine, how often it appears on the table disguised in many garbs, to give delight to the family!  
 Most youngsters prefer plain, quivery gelatine, that has a wealth of color and sweetness but requires little or no effort to swallow. Though most women prefer to dress their gelatine salads and desserts up a bit, the popularity of the plain product, (and not at its best either) can be believed when one sees the long row of lunch counter gelatine disappear during the noon rush.

For a main dish look at this combination of gelatine and tuna that might center a luncheon plate that includes hot rolls and a vegetable.  
**JELLIED TUNA WITH MAYONNAISE**  
 1 package instant gelatine  
 1 pint warm water  
 2 tablespoons vinegar  
 1 teaspoon salt  
 1 cup tuna fish, flaked  
 1 cup peas, fresh-cooked or canned  
 2 teaspoons pimiento, finely chopped  
 1/2 cup mayonnaise  
 Dissolve gelatine in warm water. Add vinegar and salt. Chill. When slightly thickened, fold in remaining ingredients. Turn into individual molds. Chill until firm. Toss into crisp lettuce. Garnish with additional mayonnaise. Serves 8.  
 Or consider this salad to go on a luncheon plate that is arranged with fried oysters or meat loaf, toast triangles and the gelatine mixture.  
**RED CREST COMBINATION PLATE**  
 1 package strawberry gelatine  
 1 pint warm tomatoes  
 2 teaspoons prepared horseradish  
 1 1/2 teaspoons scraped onion  
 1 1/2 teaspoons salt  
 Dash of cayenne  
 Dissolve gelatine in warm tomatoes. Add horseradish, onion, salt and cayenne. Force through a sieve into individual molds. Chill until firm. Makes 6 molds.  
 Jellied consommé, jellied meats, Bavarians, whips and snows all make dainty dishes from simple ingredients, and any cookbook offers a wealth of ideas.

### Co-op Favors Milk Control

**Marion, Polk Dairymen Say Present Setup Aid to Industry, Public**  
 Strong sentiment favoring retention of milk control was expressed at the meeting of the Salem unit of the Dairy Co-op association, held yesterday afternoon at the chamber of commerce, and a resolution to that end was unanimously adopted. The group present represented dairymen from Polk and Marion counties.  
 Milk control is not only better for the dairymen, but is better for the consumer, W. W. Henry, manager of the state dairy co-op, told the group. He pointed out that milk has cost the consumer less under control than the average price in Oregon for 14 years prior to control.  
 Answering criticisms that needy children have been deprived of milk due to control, Henry said that in Portland, the firemen's fund to provide milk for children carried a surplus because there has not been enough demand for milk for children.  
 Consumers held satisfied Henry declared his belief that consumer groups are 99 per cent satisfied with control.  
 F. C. Klaus, manager of the Salem unit, pointed out that 85 per cent of the consuming centers in the country have to pay a higher retail price for milk than do Oregon cities today.  
 R. C. Shepherd of Polk county, unit chairman, presided.

### The President Remembered

**Leona Merrill**  
 In February, 1933, Leona Merrill, 14, of Wollaston, Mass., gave the first alarm in the attempted assassination of President-elect Roosevelt. Then 9, Leona was seated next to Giuseppe Zangara, the would-be assassin, in Biscayne Park, Miami. Zangara's shot fatally wounded Mayor Anton Cermak of Chicago. And now, Leona is in Quincy, Mass., hospital with a fractured skull received in a skating accident. President Roosevelt sent her a letter of sympathy and expressed the hope of speedy recovery.

### Death's Holiday Long, Multnomah County Runs up 23 Days Without Car Death to Lead State

Multnomah topped all Oregon counties for consecutive days without a traffic fatality on a population basis, during 1938, Secretary of State Earl Snell declared Thursday.  
 The no-fatality record in Multnomah county extended from February 3 to February 26, giving the county 7,774,000 death-free man-days.  
 Marion Outstanding  
 Coos county finished the year in second place. Other outstanding counties were Columbia, Marion, Hood River and Morrow.  
 Wheeler county boasts the longest current death-free period, extending over 1065 days. The records of Benton, Columbia, Hood River and Morrow counties were also unbroken as of January 10.  
 Man-days are computed by multiplying the county's population by the number of days free from traffic deaths.
