**VITAMIN B Complex CAPSULES** by I.V.C.

THE VITAMIN B CONTENT OF THIS CAPSULE IS EQUIVALENT TO THE VITAMIN B CONTENT

- 1 QUANT FRESH WHOLE COW'S MILK
- OR 22 OUNCES OF ORANGE JUICE
- OR 10 GAKES OF YEAST
- OR 10 OUNCES OF SPINACH

**30 Capsules 89¢**

The Vitamin B Complex is a whole group of vitamins naturally linked together in foods where they are ordinarily found. This vitamin group is more susceptible to loss by methods of food manufacture than any other vitamin or vitamin group and is, at the same time, more essential for metabolism and nutrition. Recently authorities have stated that "unless all the components of the Vitamin B Complex are present in optimal amounts, it is impossible to receive normal nutrition." Other investigators state that in their opinion, as well as that of others, the whole B Complex is superior therapeutically to any single fraction, in human observations.
