Hitler and Chamberlain's Speeches Pleasing to Wall Street

NEW YORK, Jan. 31-(AP)-Financial markets continued the forward swing today but lost momentum notwithstanding the generally favorable construction placed on the speeches of Chancellor Hitler and Prime Minister Chamberlain.

Stocks, up 1 to more than 3 points in a burst of buying at the opening, subsequently yielded a portion of their gains and there was a smattering of minor losses in evidence at the close. Profit taking on the upturn which got under way Monday stemmed the

response to Hitler.

But Still Uneasy

At the same time, the suggestion was advanced by some observers that Europe is still far from being out of the woods, both economically and politically, and speculative forces apparently designs that peace abroad is to be established on a firmer basis. The Associated Press average

talled 1,123,190 shares compared

with 780,220 the day before.

JEFFERSON - The Jefferson Woman's club, assisted by the Jefferson community Boosters' club, will sponsor a card party Wednesday night, February 1, in the Odd Fellows hall. Mrs. Henry Freeman, who has been confined to her bed for the past two months, is improving slowly. She has been moved to the home of her parents, Mr. and Mrs. Charles Loveland.
