quarters throughout the country and seized tons of documents and propaganda material.

While the raids were in progress, Foreign Minister Count Stephen Cseky signed the anti-communist agreement which pledged Hungary to aid Germany, Italy and Japan in fighting communism throughout the world. (Manchoukuo, Japan's protectorate, also signed the pact Thursday.)

WARSAW, Feb. 24.—(AP)—Twelve hundred Polish university students demonstrated against Germany today, the eve of a five-day friendship visit of Foreign Minister Count Galeazzo Ciano of Italy—Germany's axis partner.

At Poznan, 500 of them broke windows in a German library and in a building housing the Posener Tageblatt, organ of the German minority in Poland. Police prevented the students from hearing the German consulate.

In Warsaw, another group of 700 massed, then singing anti-German songs and shouting anti-German slogans, they swarmed into the streets in protest against treatment accorded Polish students in the Polytechnic school of Nazi-controlled Danzig.

PARIS, Feb. 24.—(AP)—Premier Edouard Daladier won a chamber of deputies vote of confidence today for the government's announced intention of recognizing the Spanish nationalist regime.

Announcing that he intended to propose to the cabinet Monday that France recognize the Franco regime "in the interests of national defense," Daladier admitted he was following Britain's lead.

He stated the life of his government on the issue and the vote was 225 to 261.

Shortly afterward Senator Leon Bernard, who has been negotiating for France with the nationalists, telegraphed the foreign minister's office from Burgos, the nationalist capital, to say he had reached an accord with the nationalist foreign minister, Count Francisco Gomez Jordana.

for time and secured extension of the final vote on the milk repeal measure until 2 p. m. Monday.

Stiff lobbying on the milk control bill was carried on Thursday and all day yesterday. If the senate had approved the repeal measure and sent it to the house approval by the latter of the board-killing measure would have put matters squarely before the governor.

Senator Burke, caught off balance by the absence of the two vital votes, parried by declaring that he "realized that those on the other side were caught at a disadvantage." Senator Mahoney joined him in a request for continuance.

The senate here before has passed amendments to the milk control board act.

Attorney General I. H. Van Winkle appointed Marsh a special assistant after Governor Charles A. Sprague had granted a request by District Attorney Page for a special prosecutor to be assigned to the investigation. Page explained he felt his close official connection, as legal adviser, with county officials made such action desirable.

Young Norman, son of Mr. and Mrs. Frank Cooke, sustained severe second-degree burns of his right leg, hip and groin. Clark said the skin was almost entirely burned from the boy's leg, but that quick application of kerosene forestalled pain and the boy did not suffer greatly.

### GOP, Demos Back Later Primaries

PORTLAND, Feb. 24.—(AP)—A measure approved by the state senate changing the primary election date from May to September was endorsed today by Democratic and Republican national committees.

"Our present long campaign make it all but impossible for the average man to carry on from the time he is nominated until election," said Ralph B. Williams, the Republican committeeman.

Howard LaGrange, Democratic committeeman, termed the measure a "distinct" improvement over the May primary system.

### Senate Downs Interim Plan

16 to 12 Vote Defeats Plan for Commission on Regulations

Sen. Rex Ellis' bill to create an interim commission which would pass on the orders, rules and regulations of all state boards and commissions went down to defeat in the senate Friday, 16 to 12.

The commission would have been composed of seven members, including the president and two other members of the senate, speaker and two other members of the house and one member appointed by the state board of control. Meetings of the commission would have been held quarterly.

"Under the existing conditions our state boards and commissions have police legislative and judicial powers. If this bill passes the public would have an opportunity to protest against rules and regulations which are considered unfair and unjust," said Sen. Ellis.

Wallace Opposes Bill

Sen. Lew Wallace said it was folly to presume that an interim commission could meet four times a year and pass intelligently on all rules, orders and regulations of Oregon's boards and commissions. He referred particularly to the operations of the state game commission which is obliged to change its regulations frequently because of varying conditions.

Constitutionality of the proposed law was questioned by Sen. Dean Walker. He said the measure would infringe upon the executive branch of government. He added:

"If this measure is passed the appropriation of \$5000 provided for the operations of the commission would be wholly inadequate."

The bill had been reported out by the joint ways and means committee without recommendation.

Sen. Douglas McKay attacked the bill on the ground that it would interfere with the orderly conduct of state boards and commissions.

Speak in Favor

The measure received the support of Senators U. S. Balentine and Ashby Dickson. Sen. Balentine said:

"If this bill is adopted the activities of boards and commissions will be checked and the public will receive some protection."

Voting against the measure were Senators Belton, Best, Booth, Chaney, Dunn, Franciscovich, Jones, McKay, Steiwer, Strayer, Walker, Wallace, Wheeler, Wippman, Zuercher and Duncan. Senators Kenin and Staples were absent.

### 4H Radio Trout Deadline Nearing

Next Saturday, March 4, is the last day on which Marion county 4H clubs may file their entries for the county radio broadcast trout contest to be held at the Salem chamber of commerce March 11. County Club Agent Wayne D. Harding advised yesterday. He predicted last year's record of 22 community entries would at least be equalled.

Entrants will be allotted a maximum of five minutes in which to give their performance, which is limited to 15 club members.

The entrants finally selected will put on a half-hour broadcast over station KOAC April 10.

### Operator Permit Showing Required

Under the provisions of a bill passed by the senate Friday, drivers of all automobiles and other motor vehicles involved in a traffic crash would be compelled to exhibit their operator's license.

The measure was introduced by Senator Ashby Dickson. He said that under existing law only the driver responsible for the accident could be made to show his operator's permit.

### Shipments Wheat In Bulk Planned

Initial Trip by Barge Gives Hope That Costs May Be Lowered

PORTLAND, Ore., Feb. 24.—(AP)—Shipments of bulk wheat down the Columbia river from the inland empire of eastern Washington and Oregon to tidewater were studied by grain brokers today as the foundation of a possible new industry.

The first shipment of bulk wheat by barge was completed last Tuesday when Kirk Thompson's Tidewater Navigation company delivered 6000 bushels of wheat from Wallula. Thompson immediately announced plans to put a fleet of barges and high-powered tugs on the river.

Kerr, Gifford and company prepared to start similar experiments with shipments to its plant here and the Inland Navigation company said it expected to start bulk barge service between Portland and The Dalles.

Preston Smith, of Kerr, Gifford, said the initial shipment received Tuesday cost more than by rail. He believed improved equipment here and more barges on the river would cut the cost, however.

Rail grain shipments from the Walla Walla-Pendleton area now cost 11½ and 11.4 cents per bushel.

### Stop-Gap SS Act Voted at Olympia

Amendment-Patched Bill Provides \$30-Month Maximum Age Aid

CAPITOL, Olympia, Feb. 24.—(AP)—Patched with amendments until his own father might not have recognized it, the administration requested stop-gap social security act rode to victory in the legislature today. It provides for old age assistance payments to the needy aged of not over \$30 monthly.

The provisions of the bill included:

Old age assistance shall not be a matter of right, but payments shall be only on a basis of need.

Provisions Attached

Resources are defined as: (1) Assistance in cash, in kind, or in support given by relatives, friends or organizations; (2) Ability of relatives to contribute to support, but the responsible relatives are only husband or wife and children of legal age within the state who are able; (3) Real and tangible personal property (excluding the home, household goods and personal effects of the applicant; and all food-stuffs produced by the applicant for himself and family), insurance policy cash surrender values in excess of \$300 or loan values in excess of \$100, under policies in effect more than five years.

The bill provides that old age payments will be raised about \$50 monthly if the federal government increases its matching money above \$15 per person.
