State Officers Coming

Several officers of the state assembly are expected to be present. A program is to precede the evening session.

The local lodge will serve noon lunch and the community guild of the Congregational church will serve a 6 o'clock dinner.

### Rural Carriers Select Officers

SCIO—Harry Koster of Monmouth was elected president of the rural mail carriers' association for Linn, Benton and Polk counties at the annual convention here. Earl Allen, Lyons was named vice-president, and Phil Schweizer, Monmouth, reelection secretary-treasurer. E. J. Holland, Scio, is retiring president.

More than 100 members of the organization and auxiliary attended. Officers and members of the state organizations were present from Astoria, Dallas, Baker, Oregon City, Sutherlin and other Oregon points.

The auxiliary chose the following officers: President, Mrs. Carl Peterson, Halsey, and Mrs. Glenn Parks, Corvallis, secretary-treasurer.

The 1940 conference will be held at Monmouth February 22.

Devotionals were led by Mrs. Beatrice Fisher and Mrs. Georgia Ramp directed the prayer period. News items by Mrs. V. H. Scharf, reading on prayer by Mrs. Mary Herndon and solos by Miss Genevieve Scharf, accompanied by Mrs. Thelma Scharf, completed the program. Projects were considered during the business session, at the close of which tea was served by Mrs. Scharf, assisted by her daughter.

### Better Fellowship Aim of Boys' Club

The club has been called the Beaver club and selected for charter membership are Lowell Njust, Gene Scott, Wayne Wagner, Bruce Cooper, Dale Bennett, Richard Morrison, Collin Bragg, Ruel Hartford, David Pelett and Donald Thompson.

Better fellowship is the object of the club.

### Morrison to Quit Business at Scio

SCIO—N. I. (Newt) Morrison, who has conducted a hardware and machinery business in Scio for the last 30 years, plans to dispose of his stock and retire. Morrison states that after disposition of the present stock, he will renovate the building and lease the business. He is nearing the four-score mark, and has been in ill health for some time.

Drilling operations in Scio's new city well have been impeded this week by flint-like boulders. The well is down about 180 feet and water is still insufficient. The well will supplement the present drilled supply.

March 1 in the Scio area might have been described as arriving like a sullen lamb—it wasn't storming, but the sun didn't shine either.

### Third Graders of Training School Give Play With Impromptu Dialogue

INDEPENDENCE—"Eskimo Land," a three-act play, was presented at the training school Tuesday morning by children of the third grade there, under direction of Mrs. Elise Bolt.

The work was outstanding because all scenery and properties were made by the children during their social study periods. They made their own play, having no learned parts, each child knowing background and facts of the Eskimos so well that he made his own conversation. No teacher was with them on the stage during the play, although Mrs. Bolt had directed their activities and helped them organize the play.
