Jittery Europe Inspires Sales

Leaders Drop 1 to 5 but Late Support Restores Most of Losses

NEW YORK, March 18-(AP)-Europe's troubles again inspired selling in the stock market today and leading issues dropped 1 to 5 points before late support cut losses substantially in most cases.

While nervousness over the war outlook abroad brought heavy offerings in virtually all departments at the o ening, thoughts that the market may have been oversold, even if the totalitarian and democratic powers clash, attracted some spec : lative buying before the sound of Big Blocks Sold

Blocks of 1,000 to 6,000 shares

changed hands on the way down at the start. Dealings dwindled on the come-back move, but the total for the two hours was 1 .-607,240 shares, the largest for any Saturday since Oct. 22, last. The aggregate a week ago was 533,085 shares.

The Associated Press average of 60 stocks was off .7 of a point at 49.2. On the week this composite showed a net decline of 4 points, the biggest fall since March a year ago.

Stocks off 1 to nearly 4 in the day's proceedings included US Steel, Betalehem, General Motors, Chrysler, Du Pont, Westinghouse. American Telephone, Montgomery Ward, American Smelting, Philip Morris, Santa Fe and Allied Chemical. US Gypsum, on relatively light dealings, dropped 6%.

On College Vacation

LYONS-Miss Lucille Lewis, who is attending Oregon Normal college, is spending her spring vacation with her parents, Mr. and Mrs. Clyde Lewis. She has as her guest Miss Evelyn Pittman.

Sir Popeye Weds Olive Oyl

Margie (Olive Oyl) Hines

Jack (Popeye) Mercer

The romance of "Popeye" and "Olive Oyl," famed comic strip characters, has resulted in their marriage—with the wedding of Jack Mercer and Miss Margie Hines, radio performers, in Ft. Lauderdale, Fla. On the air, Mercer's gravel voice imitated that of Popeye while the radio voice of Olive Oyl really belonged to Miss Hines.

Wheat Prices Leap, Fall off

Fair Weather News Cancels

Effect of European Tension Later CHICAGO, March 18-(AP)-Wheat prices jumped as much as

a cent in brisk trading early today, then leveled towards yesterday's close and finished 1/2 lower to ¼ higher.

Early buying was stimulated by the unsettled European political situation, sharply higher Winnipeg prices and improved milling demand. May wheat on the board of trade advanced a cent to 63% and July and September were up % cent at 68% and 69 % respectively.

Tension abroad lost much of its power in the pit later in the session as traders took more notice of favorable weather news for the domestic winter wheat crop and increased offers. Wheat closed % lower to ¼ higher, May and July 68-68%; corn unchanged to % down, May 47%-16, July 491/2-16; oats unchanged to ¼ up, May 28%; soy beans ¼ to 1% up, May 88%; rye unchanged to ¼ up, May 42 ½; lard 5 to 8 cents up a hundred-

Fertilizer Is

Superphosphate Shows Farmer Interest

Increased interest in the use of commercial fertilizer has recently been noticed in Marion county. following the distribution of 90 tons of 45 per cent treble phoshate sponsored by the AAA farm program. That opinion was expressed this week by Harry Riches, county agricultural agent.

who are cooperating in the 1939 AAA farm program. This meant that the operators could receive the fertilizer immediately, yet not pay for it at this time. Instead, cost of the phosphate will be deducted from soil conservation payments which they earn this year by soil-building practices. A requirement of the phosphate

distribution is that the material be used only on lands devoted to soil conservation crops-in other words, on lands devoted to perennial pastures, alfalfa, red clover, and similar grasses and legumes. The distribution showed very

clearly that many farmers are nesday night at the Stover apartanxious to increase the value of ment when a lamp exploded at their land by using commercial the Fisher home. fertilizer, but often are unable to "The response to the phosphate

program was much greater than we had anticipated," said Mr. Riches, "and many farmers were unable to get as much as they wanted. In many cases, they were

have stimulated the demand for phosphate, and undoubtedly it will result in increased sales to farm-

Many inquiries are being made having these in different proportions. Thus, a 5-10-5 mixture (that is, a mixture with 5 percent nitrogen, 10 percent phosphoric acid, and 5 percent potash) contains a total of 20 percent of these three nutrients. A 4-12-4 also contains 20 percent but the 4-12-4 has three times as much phosphoric acid as nitrogen and potash, while the 5-10-5 only has twice as much. Your selection between such mixtures, of course, will depend upon the proportion best suited to the soil crop.

Coast Hop Marts Quiet; 200 Bales Said Contracted

Pacific coast hop markets remained virtually at a standstill during the week ended Ifarch 15, but continued to display a steady tone with prices nominally unchanged from the previous week, according to the Weekly Hop Market Review of the Bureau of Agricultural Economics. Demand from domestic purchasers was dull and inactice for spot supplies and contracting for 1939 hops was also of light volume. Foreign demand also continued slow.

Oregon markets were again inactive during the past seven days No sales of either 1938 or older growths were reported made by Oregon growers and no new contracts were reported written during the period. Trade reports indicated that growers were asking at least 24c to 25c per pound for 1938 hops, practically all of which are covered by federal loans, but dealers were not inclined to purchase at these figures. In the ab sence of actual transactions, 1937 hops were nominally quoted at 7c to 8c per pound, net growers. Nineteeen hundred thirty-six and older hops were reported being generally applied on the current

op diversion program. A contract covering 200 bales of 1939 semi-seedless hops was reported in the Sacramento valley er, but most producers were un-

Triumphant Hitler Receives Czech President

The last president of the Czech republic, Dr. Emil Hacha (left), is shown as he was received by triumphant Adolf Hitler in Hradcany castle, ancient home of Bohemia's kings and Hacha's official residence until German troops assumed a "protectorate" over the country in Hitler's behalf. Hacha, in an address to the Czechs, took the responsibility for "placing the Czech people in Hitler's hands." This picture was sent by radio to New York.

Irrigation Study **Features School**

WOODBURN-The last meeting of a series of 11 in the night farmer school was conducted at Butteville with J. S. Johnson, instructor of agriculture at the high school, in charge.

Irrigation costs were discussed and it studied the cost of a irrigation system on a farm at Gervais which had two wells, one 30 and one 42 feet deep. The power comes hour. The total cost of this sys tem, including wells at \$2 a foot, 3920 feet of pipe, tractor, pump. couplings and sprinklers is

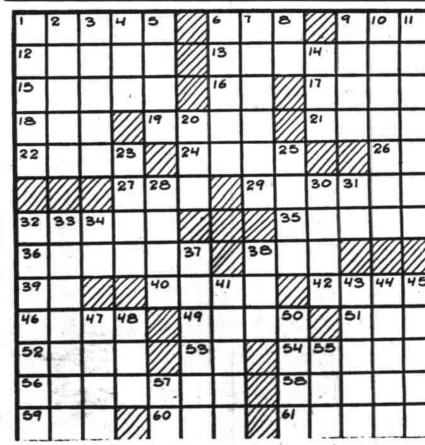

This system will pay for itself in three years and then give an average annual return of approximately \$30 per acre, it was fig-

At the close of the meeting a summary was made out listing about 60 improvements for farmers living in this section.

Goes to Seattle

BRUSH COLLEGE - Mrs. F. E. Wilson left Friday for Seattle to visit a sister, Mrs. Guy Cable. She accompanied her parents, Mr. and Mrs. J. P. Bates of
