Tax Collections Ahead Last Year

The 1939 tax roll in Polk county probably will have the best collections of any year since 1930, according to Polk county sheriff and tax collector T. B. Hooker. However this will depend on the collections for the balance of the year.

The 1939 taxes to be collected by the sheriff amounted to \$553,304.32 of which \$284,748.56 have been collected to date, less \$7,802.36 rebate of 1939 tax paid to taxpayers, plus delinquent taxes collected \$42,874.17 making a total of \$319,820.37. The collections to date are 51.6 percent of the total.

In 1930 there was no rebate law so a comparison is hard to make. Last year tax roll rebate on the 1938 tax of \$6,605.72 was allowed, which shows that more taxes have been paid in full this year than last.
