Mexican Trip Described By Travelers

Mr. and Mrs. J. H. Lauterman have just returned home from a motor trip in the southwestern states and Mexico. On the way south a week was spent in San Francisco, and a month's stop was made in Los Angeles where most of the time was spent in visiting friends. Then on to San Diego, where the journey was continued to Phoenix, Arizona.

After spending a week in Phoenix, a visit was made to the Coolidge dam, then on to the Carlsbad caverns via El Paso. The walk underground is about seven miles and hot lunches are served in a restaurant 700 feet below the surface.

The trip into Mexico was started from Laredo, the border city in Texas, and after a long climb over the mountains at various high elevations, the plain beyond was reached. It being Easter time, many interesting sights were seen along the highway. Groups of Indians on their way to the Easter services accompanied by herds of cattle, pigs, burros and chickens. According to the old custom, the men, in many instances were riding the burros while the women trudged behind carrying the heavy burdens.

While making a stay of about a week in Mexico City, trips were made to Taxco and Puebla, and in order to take some moving pictures the bull fight was attended in the latter city.

Driving back to Laredo, which is 763 miles from Mexico City, stops were made at Velles and Monterrey. The next cities visited were San Antonio, Dallas and Wichita Falls, then over the Red river into Oklahoma and on to Gallup, New Mexico, where a trip to the Grand Canyon of Colorado was made, and the journey continued to Boulder Dam, and from there to Los Angeles.

On the way north several days were spent at the fair in San Francisco.

Marionette Show to Be Given in June

Members of St. Anne's Guild of St. Paul's Episcopal church are busy making extensive plans for the Marionette show to be given by the guild on June 1 and 2 at the parish house. The shows will be given in the evenings with a matinee planned for Thursday.

There will be two 2-act plays given, "Moon Men" and "The Frog Prince." Three or four skits will be given between plays and a special number is being arranged for the matinee. Mrs. David L. King, who has made and dressed all her marionettes, will direct the performances. Taking parts will be Mrs. Howard Rex, Mrs. Arthur Knox, Mrs. James Laidlaw and Mrs. David King.

Heading the ticket committee are Mrs. Breyman Boise and Mrs. John J. Elliott and all of the members are selling tickets.

Mrs. King has given a number of shows on the coast including California and Portland. She has recently moved to Salem from Portland. Mrs. King makes and gives her marionette shows as a hobby and will use 15 in the shows.

In America marionettes are considered as entertainment for children and in Europe and Asia adults consider them as a high form of entertainment. The marionette show is like a classic drama and the marionettes are the most versatile and are operated by strings which is very difficult.

Mrs. Karl Reinlein won the grand prize at the MacDowell club benefit card parties held Thursday and Friday at different homes all over the city. High score was won by Mrs. Ralph Bailey and Mr. Oliver Crowther. Second prize winners were Mrs. Ray Yocom and Mr. Ralph Glover. The scores were telephoned to the chairman, Mrs. Wallace Wharton, and prizes were delivered on Saturday.

Style-Smiles - - - by Gretchen

"Another advantage of baseball over football is that you don't need a college education to get tickets!"

And you don't need a college education to walk off with fashion honors among the fans. Score high with either the spun rayon dress and coat ensemble or the jacket and skirt style above. Both are smartly fitted, the navy dot on white topping its simple shirtwaist dress with a widely revered coat buttoning at the waistline. The purplish outfit fastens a double breasted panel to a high square neck and scallops the jacket's nether edge.

Saturday Market Slightly Livelier

Stocks Move up, Recovery Gesture Is Extended; News Cheerful

NEW YORK, May 20—(AP)—Stocks were given another moderate upward push today and activity was slightly better than in recent sluggish Saturdays.

Motors, steels and rubbers led the list in an extension of yesterday's recovery gesture, with gains of fractions to more than a point fairly well distributed at the close.

The Associated Press average of 60 issues was up 4. of a point at 45.3, but on the week this composite showed a net loss of .5. The day's turnover amounted to 193,280 shares, which was the best for any two-hour session since April 15. Volume for the week, though, was one of the smallest since June a year ago, aggregating only about 2,500,000 shares.

The market was aided by a few bright spots in the business news, continued hopes of some form of tax revision by the present congress and the conviction of financial observers that European war dangers are lessening daily.

Mosquitoes, Fish To Fight It Out

SILVERTON—Mosquitoes and fish will fight it out in Silverton's mill pond this summer, it is reported.

For some time mosquitoes have been a problem at Silverton. The Silverton planning council has taken up the study of mosquito control. The introduction of a variety of fish into the Silver Falls Timber company mill pond has been suggested and will be tried.

Stadelis' Brother Coming for Fairs

WALDO HILLS—Stadeli brothers living here have received word from their brother, Hans, in Switzerland, that he plans to visit them in July. He will visit both the New York and the San Francisco expositions en route to Silverton. He has recently returned to Switzerland from a five-years' residence in Johannesburg, South Africa.

This will be his first visit to the United States.

Grain Belt Rain Puts Wheat Down

Later Crop Prices Drop Near Half-Cent as Selling Prompted

CHICAGO, May 20—(AP)—Selling prompted by reports and forecasts of rain in the domestic grain belts dropped prices of wheat for deferred delivery as much of ⅝ cents a bushel today. The close was ⅛ down to ⅛ up, the latter on May wheat, upon which trading ends Monday.

New crop contracts, July and September, fell to 73⅝ and 73⅛ respectively, down ⅝ cent. The May contract started steady and later advanced to 80, within ¼ cent of its high mark.

Despite showery weather overnight in the southwest winter wheat area and in parts of the spring wheat belt, most traders apparently were not inclined to believe the trend of recent crop deterioration had been greatly altered. The market received good support on the dips and prices often were near their previous close.

Wheat finished ⅛ up to ⅛ down, May 79⅞, July 74⅛-½, September 73⅝-¾.
