Old Adage Proves, Claims Barbara Miller Who Directs School

"Wake up and live in a happy kitchen," says Miss Barbara Miller, who is conducting the happy kitchen cooking school sponsored by The Statesman, which is drawing large crowds at the Capitol theatre this week. Miss Miller firmly believes the old adage "Women's Work is Never Done" went out with the horse and buggy days, and has spent years of specialized research just to bring housewives more freedom from household drudgery. She has brought a variety of new and appetizing menus that keep within the budget, yet have a piquancy that savors of the highest culinary art.

Miss Miller will display in the happy kitchen an assortment of kitchen gadgets that do much to simplify food preparation, as well as cutting down time from the daily routine; while keeping the budget balanced, becomes a gay adventure if done according to Miss Miller's suggestions on marketing and menu-planning.

### Tomatoes Stuffed With Spring Mixture

Fresh tomatoes are gradually arriving as a daily addition to the budgeted menu and when com-

blined with avocados, which are lower than ever before, they will make handsome salads for dinner or luncheon. Here is one main dish suggestion:

**AVOCADO TUNA STUFFED TOMATOES**  
1 cup cubed avocado  
Lemon juice  
Salt  
6 large peeled tomatoes  
1 cup flaked tuna fish  
1 cup shredded lettuce  
1/2 cup sieved American cheese  
Mayonnaise  
Lettuce for garnish

To prepare avocado, cut into halves lengthwise, remove seed, peel and cut into cubes. Sprinkle with lemon juice and salt. Cut a slice from stem end of each tomato and hollow out center, leaving bottom and sides whole. Dice 1/4 cup of the solid portion removed from tomatoes and combine with avocado cubes, flaked tuna fish and lettuce. Blend lightly and use to refill tomato cavities. Sprinkle entire salad lightly with salt. Combine cheese and sufficient mayonnaise to moisten and blend. Place filled tomatoes on garnished salad plates and decorate tops with cheese mixture by forcing mixture through a pastry gun or paper cone. Serve dressing separately. Serves six.

### Remodeling Court Building Is Due

Work of remodeling the ground floor of the state supreme court building here probably will get underway within the next few weeks, officials announced Wednesday.

The 1939 legislature approved an appropriation of \$25,000 for this work. The state educational department and state library, until recently housed in the supreme court building, are now occupying more spacious quarters in the new combined state library and office structure.

Some of the space vacated by the state library and state educational department probably will be occupied by the state supreme court which now has its offices on the third floor.

When the senorita arrived at the prince's palace, he introduced an attractive woman to his Mexican fiancee. "This is my wife," he said.
