Plaintiff alleges it entered into a contract on March 26, 1932, with Norris for his 1933, 1933 and 1940 crop of strawberries and that up to July 9, 1933, made advances to Norris totaling \$1462.06. Rose Festival Float Readied

Cherrians Complete Plan for Salem Entry in Portland Fete

Salem Cherrians, meeting last night, made final plans for their participation in the Portland Rose festival parade which moves Friday morning at 10 o'clock, and if everything lines up according to plan, they will bring home another sweepstakes honor to Salem.

A pirate float of unusual beauty and construction will be the dominant feature of the Cherrians' entry, which will also include Cherrian escort for the float, the regular marching unit, the 32-man drum corps and the 35-piece Salem high school band.

Special Train Slat—King Bing Harold Busick announced yesterday that the Cherrians are sponsoring a special train which will leave here Friday morning at 7:15 o'clock for the festival. The reduced dollar roundtrip fare will entitle the ticket purchasers to return any time within three days.

Booths where the train tickets and also the dollar Rose festival button entitling holders to entrance to all festival events will be sold will go up on the downtown streets at noon today. Children will require only half fare for the excursion train.

Float to Be Shown—King Bing Busick also announced that the Salem float will be returned to this city and paraded through the streets at 10 o'clock Saturday morning.

The float is a civic enterprise, and the Cherrians feel that all Salem citizens should have an opportunity to see it," he explained. Princesses who will ride in the float, selected by a committee headed by Harry Weinstein, include Gloria Cottew, Nona Woodruff, Patricia Noonan, Jeri Brooks and Mary Staats.

The float has been designed by Oscar D. "Frosty" Olson, local florist, with frame of veneer built here, with flowers to be added in Portland Thursday night. Petals of peonies will be glued one by one to the hull of the pirate ship. The same method will be used for the sails. Olson says 18 persons will work at "mounting" the flowers.

Between 75 and 80 Cherrians will accompany the float.

The Cherrian committee which will go to Portland Thursday night to assist in the decorating will include Dr. Arthur Keene, Charles Claggett, Frank Doerfler, Don Doerfler, George Cherrington, Tom Hill, Jack Dewey, Frank Ernest, Ralph Mapes, A. A. Guefroy and Saul Janz.

A thousand dollar float for the capital city is now in prospect by virtue of the city council's action in voting a \$250 fund for the purpose.

Mrs. Booth yesterday had dis-

tributed to the 18 school districts in non-high school zone one ballot boxes for the election of a director from this district to the non-high board. This election will take place simultaneously with the regular school elections June 19. Mike Weinstein of near Woodburn, incumbent, is the only candidate to date.

Distribution of unemployment compensation dropped to the lowest point since last November, recapitulation by the commission's statistical department on May job insurance payments showed.

Disbursements totaled \$317,034.98, distributed in 28,993 checks. This was a 30 per cent decrease from April.

Claims handled by the Portland metropolitan office, which serves Multnomah, Washington and Columbia counties, accounted for 45 per cent of the month's total. Salem was next with 6.2 per cent, Marshfield 5 per cent and Eugene 4 1/2 per cent.

Cumulative disbursements since the first of the year have totaled \$2,427,361, the commission announced.

Improved employment conditions and Oregon's back-to-private industry campaign were credited by commission officials for the reduced payment of benefits.

\$623,483.67* TO THE RESCUE

AND that's just the beer tax revenue this state collects... to lift the burden of direct taxation from your shoulders. Nationwide, beer contributes over a million dollars a day to the cost of government. Think what that means in paying for relief, in public works, in old age assistance right in your own community.

Then think of the million new jobs that beer made. And then add to that a 100 million dollar market for farmers' crops!

How can we keep these benefits... for you and for us? Brewers of America realize this depends on keeping beer retailing as wholesome as beer itself. They want to help public officials in every possible way. They cannot enforce laws. But they can—and will—cooperate!

May we send you a booklet telling of their unusual self-regulation program? Address: United Brewers Industrial Foundation, 19 East 40th Street, New York, N. Y.
