Titze, chairman for the three year term and Keith Phillips was elected. Also nominations were made for clerk to replace James Blum. Mrs. Ercell Wilson will succeed him in office.

Camp Clatsop Has Two Day Bivouac

By **CORP. WILLIAM BENTSON**

National guard camp is nearly over for this year. After the return of the troops from their two day bivouac, bivouac is the word used by the soldiers, meaning an incampment in the open air with full field equipment.

When Company B returns to Salem, they will be back in complexion because of this bivouac. The company was placed in a defense position out on the beach, with imaginary enemy landing troops in small boats. This position was held all one morning during the bivouac. The sun was very hot for the first time during the camp and now nearly everyone has a sunburn.

Late in the afternoon the troops were moved by truck to a camping area, thirty five miles from Camp Clatsop. Field kitchens were set up and evening mess was served. The 162nd Infantry regiment camped under pup tents out in a small meadow high up in the foothills of the coast range. Singing around the campfire was the recreation during most of the night; very few took a swim in the ice cold mountain stream that flowed through the outer edge of the meadow.

After the annual field day the remaining time in camp will be spent taking down tents, cleaning up camp, and preparing to return home Tuesday.

The officers of Company B, Captain Gerold G. Malson, First Lieutenant Dowe H. Lovell and Second Lieutenant John D. George, have made the company one of the best companies in the camp this year in rifle marksmanship, defense maneuvers, and company inspection.
