Women Are Urged To Enter Polities

Marion Martin Describes Weaknesses in US Party Setups

PORTLAND, July 20.-(AP)-Miss Marion E. Martin, vice-chairman of the republican national committee, deplored today that members of her sex "vote for the man, not for the party."
Speaking before 200 women at

A republican Pro-America luncheon, Miss Martin added: "That's one of our troubles-

we make too many snap judg-ments. Too few people knew Franklin D. Roosevelt right down to the ground."

She assailed women who avoid politics "because it is such a dirty game," and declared "American men have more leisure for bridge playing than any in the world, but they won't have it long if their menfolk continue to be harassed by high taxes and eco-nomic hardships,"

Mrs. Lena Gay More, Brownsville, Tex., republican national committeewoman for that state,

Texas democrats are solidly sehind Garner for the nomination. Garner and Texans are against the new deal. Garner is now trying to save the democratic party from the new deal, but the republicans are trying to save the nation from the new deal."

Temperature Rise General in State

PORTLAND, Ore., July 20-(AP) -Temperatures mounted in Oregon today as unsettled conditions gave way to mid-summer sunshine and heat.

Warmer weather was predicted, particularly for the interior to-

A spotty rain which missed some sections, fell on Portland late yesterday, but failed to make inroads on the 6.56 inches moisture shortage since January 1. The state's high temperature for

yesterday was Burns' 84 degrees. The fire weather forecast warned of rising temperatures and James Noel (above), Hollywood falling humidity tonight and Friday, and northwest to north winds, light to gentle over lower elevations and gentle to moderate over mountains.

Five Water Plants Involved in Deal

West Coast Power Outfit **Takes Over Systems** in Transfer

PORTLAND, Ore., July 20.-(P) The \$1,100,000 sale of five Pacific northwest city water systems to the West Coast Power company, was announced today by the Peoples' Water and Gas company. The deal is contingent upon approval of the securities exchange commission and the Oregon and Washington public utili-

ties commissions. W. C. MacInnes, president of the West Coast firm, said the sale involved systems at Coos Bay and Hillsboro, Oregon; Burlington, Mt. Vernon and Sedro Woolley, Washington. In turn, the Peoples' Water and Gas company will purchase Mississippi Gas properties valued at an equal amount from the Peoples' Light and Power company, parent organization of the West Coast Power company.

The Mississippi transfer will involve properties in "eight or nine" small towns, including Amory and Tupelo, MacInnes said. The deal will end Peoples' Water and Gas operations on the Pacific coast, consolidating them in Mississippi and Flordia, where business will be continued.

MacInnes said his firm would form an Oregon corporation to handle the Hillsboro and Coos Bay water systems. The possibility Skagit county public utility district No. 1 may take over the three Washington utilities was recognized in the sale.
