But after a short distance, sleep overcame him. He lay down in a depression between the rails.

At least two subway trains slipped over the sleeping job, invisible in the gloom.

Station Agent James Kinney, riding a train to work, saw a figure between the rails. The train halted to a stop. Scaman Worsham opened a sleepy eye, and said, "Good morning, how are you?"

Boy Shoots Girl Over two Cents

Said He Aimed .22 Rifle at Her to Scare Her, It Went off

Mt. CLEMENS, Mich., July 22—(AP)—Eleven-year-old Stanley Dobruk tearfully told authorities today he shot his 14-year-old sister Frances fatally during an argument over two cents she owed him for picking berries.

The fatal weapon was a .22 caliber rifle Stanley won in a magazine contest. His father, John Dobruk, 45-year-old farmer, had forbidden him to use the gun.

Frances was killed as she stood at an ironing board in the kitchen of the Dobruks' farm home near New Haven, Mich.

He was using the gun to frighten her, Stanley told Johnston, when "suddenly it went off, and she fell to the floor."

The boy said he was angry because of the two-cent debt, and also because "she said I took 15 cents from her bedroom, and said she would get even with me the next time I had any money."

Johnston sent the boy home with his parents tonight. After funeral services for the girl have been held, the prosecutor will present a report to Probate Judge Ray H. Callens, who presides in juvenile cases, and Judge Callens will determine what action is to be taken.

English 'Terries' Started Training

LONDON, July 22—(AP)—Peaceful rural roads of England echoed tonight to the rumble of tanks, the roar of trucks and the tramp of marching men as 50,000 territorial troops set out for two weeks of intensive training.

Butchers, bakers and farmers who mustered out were the first of 135,000 men who will be in camp within 10 days in New Forest, South Hampshire.

The maneuvers by the territorial troops—the equivalent of the United States national guard—will be the largest in Britain's peacetime history.

Troops Searching Kidnaped Minister

JERUSALEM, July 22—(AP)—British troops, warplanes and police prepared tonight to seek Rev. Gerould R. Goldner, kidnaped Ohio pastor, as failure to contact his Arab abductors diminished hope for ransoming of the American.

United States Consul-General George Wadsworth said action was being taken to launch the search probably tomorrow in the Moab hills, where the 29-year-old Mogadore, O., preacher has been held since Tuesday.

The latest disappointment came tonight when a search of the Bethlehem countryside, touched off by an anonymous telephone call from Bethlehem, proved fruitless.

The message from Bethlehem said the Arabs were ready to release the American, but Bedouin tribesmen were unable either to trace the call or to find any clue to the whereabouts of the kidnap band.

A. A. Miller, of Sioux City, Ia., general secretary of the YMCA, in Jerusalem, said the failure of this lead destroyed hopes of establishing contact with Goldner's abductors before morning.

Sky-Writer Takes Speedy Ride Here

Within less than 24 hours flying time from New York City, Jack Wilcox, commercial flier, dropped down into Salem at 4:15 o'clock Saturday morning to fulfill an engagement which included skywriting and stunting. He had left the metropolis at 2:30 a. m. Friday, but stopped in Chicago for two hours. He was not trying for speed on this trip.
