Local News Briefs

Limit Cat Bounties - Counties must put up \$2.50 bounty on bobcats, lynx cats or wildcats before the state will pay a similar bounty according to a letter reby County Clerk U. G. Boyer from the state game commission. If the county pays a bounty of less than \$2.50, the game commission will pay none; and no matter how high the county price for pelts of predatory ani-mals, the state bounty will remain fixed. The commission advised the county clerk that this announcement is in accordance with a decision by the attorney general on chapter 256 of the laws of 1939.
