#### California Court Upholds Lower Body in Stock Sale Case

SAN FRANCISCO, July 31.—(AP)—A petition for rehearing of the Oakland Tribune newspaper stock sale case was denied by the California supreme court today.

It was filed by Antonio Rodriguez Martin, Spanish engineer who inherited a half interest in the estate of the late Mrs. Herminia Eralta Dargie, co-owner of the paper.

In effect the ruling upheld the Alameda county superior court and the state district court of appeals. The superior court approved sale of the Dargie holdings in the Tribune building and publishing companies to the Knowland family-publisher-owner of the paper.

Martin claimed the sale price of \$211,200 was too low but the appellate court upheld the lower court.

In his appeal Martin charged the equity of Joseph R. Knowland in the Tribune was acquired without use of funds of his own and through the fact that Mrs. Dargie allowed him to use her stock as security to borrow \$225,000 for a half interest. He also charged that after the death of Mrs. Dargie dividends to the estate were stopped.

### Adventurers Open Hell Canyon Jaunt

#### Five Men to Journey Down Deepest Gash in North America

WEISER, Idaho, July 31.—(AP)—Five adventurers will start tomorrow on a hazardous Snake river expedition designed to survey the feasibility of a proposed \$12,000,000 highway through North America's deepest known canyon.

R. J. Wood, postmaster of this western Idaho town, veteran civil engineer, former Idaho drought relief administrator and former state engineering director for the WPA, will head the group.

By photographing the rugged mountains that wall in the river through Hell's canyon he hopes to show that a road could be built through it, a project he proposed two years ago.

The proposed highway, which Wood estimated would cost \$12,000,000, would extend north from here 200 miles to Lewiston, following the Snake river virtually all the way.

Orin McMullen, Weiser police chief who has made two trips down the river, will be navigator.

Accompanying them will be Horace Parker, Boise and Grangeville newspaperman; Dr. A. J. Coats, Boise physician and expert sportsman-photographer; and Lytle Stanford of Nampa, University of Washington graduate who is doing advanced work in biology.

### 'Where's My Pocketbook?'

From high on New York's 155th street viaduct, where the fence can be noted torn away near a light pillar, this auto (left) crashed to the ground 85 feet below after sliding part way down the roof of a stairway. Spectators gasped. A policeman shinned over the fence and raced to car where Mrs. Edna Burdick (right), 38, stepped out and demanded: "Where's my pocketbook?" She didn't want to go to a hospital but policemen prevailed and she received treatment for minor injuries.

### Prusoff Defeats Grant in Tourney

#### Seattle Net Player Has Great Comeback After Back Injury

SOUTHAMPTON, N.Y., July 31.—(AP)—Lanky, black-haired Henry Prusoff of Seattle, whose tennis career seemed doomed four years ago when he broke his back in a fall, achieved a new peak in his comeback campaign today with a 6-4, 6-2, triumph over Bryan (Bit) Grant, the nation's sixth-ranked player, in the first round of the 49th annual Meadow club invitation tournament.

Otherwise, the remaining ranking players, from top-seeded Bobby Riggs down to eighth-seeded Sidney Wood, Jr., advanced to the second round with little exertion. Riggs, who captured Wimbledon laurels last month, operated in his usual casual style as he disposed of Chester Murphy, a fellow townsman, 6-4, 6-2.

Wood conquered J. N. Anderson, of Los Angeles, 6-4, 6-1. Second-seeded Gene Mako, of Los Angeles, and fifth-seeded Elwood Cooke, of Portland, Oregon, made belated debuts, Mako beating Harris Everett, of Miami, 6-4, 9-7, and Cooke turning back Stewart O'Brien, of New York, 6-3, 6-1. Wayne Sabin, Portland, Ore., defeated John Baker, Southampton, 6-2, 4-6, 6-2.

As if the startling defeat of Grant weren't enough, club officials were still angry over the last-minute withdrawals of Frank Parker and Don McNeill. Dwight F. Davis, Jr., chairman of the tournament committee, today accused the two absentees of giving him and the committee a "runaround."

After the conference, Defense Attorney Brey Grossman said "it was decided to put the matter up to Landis."
