Wheat Breaks **Sharply Again**

Rising Hopes of Peace Wipe out Most of War Scare Rise

CHICAGO, Aug. 26.-(AP)-Prolonging of Europe's "period of grace" and rising hopes that war will be averted caused another sharp break in world wheat-prices

Opening losses here of as much as 2% cents a bushel which carried wheat futures down to 66-661/2 wiped away most of what was left of the week's sharp war scare advance. Later there was a rally of as much as 1 % cents from these early lows after which the market steadied and closed %-1% lower than yesterday with September at 67%-% and Decem-

ber 67 %-%.
At the low time last Monday, before the affect of the war scare was felt, December wheat was priced at 66 %. At the peak Thursday this contract touched 73.

Liverpool wheat closed 3 % -4 % lower, Rotterdam, 11/4-21/4 down These markets continued to reflect fluctuations in the British pound sterling, support of which was withdrawn yesterday.

The rally in which after the weak opening was due largely to evening up of accounts by traders who did not wish to risk any unusual weekend developments in Europe. Some buying also was associated with reports from eastern

Cut off Power And Set Fires

SPOKANE, Aug. 26.-(P)-A couple of hawks broke even in an aerial battle near Post Falls, Idaho, but before death settled the argument they had disrupted electric service and started a grass fire.

Washington Water Power company officials said today the fighting birds locked their claws in mid-air and fell across two wires of a power line. The resulting short circuit cut off electricity in the district and the combatants tumbled to earth in flames.

The grass fire was controlled before it could spread to timber in the nearby mountains,
