Edwin Losil has filed a complaint against Ormand R. Bean and the state utilities commission in protest against a restriction order which restricted his permit for common carrier operations to within 15 miles of Beaverton. He stated that in 1934 Louis Strauss was granted an unrestricted permit, and that in May of this year he purchased the permit from Strauss, together with the latter's carrier business. After a hearing the permit was ordered restricted, and he now seeks to force the commission to accord him the same rights allowed Strauss.

Wheat Production Will Be Discussed

A. L. Girod, chairman of the Marion county agricultural conservation committee, has announced the afternoon of Tuesday, September 19, as set for a meeting in Silverton at which the effects of the European war on wheat production will be discussed.

The meeting will be held in the armory building, and will open at 2 o'clock in the afternoon. All Marion county farmers, as well as others interested, are invited.

Among speakers will be Mr. Bogell and Mr. Jackman, representing the state AAA office and state extension service respectively.

The meeting, conducted on a county-wide scale, will be similar to a state-wide session held Wednesday, September 13, at Fendleton at which a large number of Oregon wheat growers discussed the problem now facing them because of the outbreak of hostilities abroad.

The chairman said that many Marion county farmers, with an eye on rising market prices, no doubt will be tempted to increase their wheat acreage. Purpose of the meeting, he stated, is to determine whether Marion county farmers, as a whole, think this expansion desirable.

Bennett Heading Child Guidance

School Chief Will Lead County Committee on Welfare Work

Frank Bennett, superintendent of Salem schools, was named chairman of the Marion county child guidance committee as the result of a reorganization conference held Friday afternoon. Agnes Booth, county school superintendent, was named vice-chairman, and Gus Moore, boy's work secretary of the YMCA, secretary.

The first clinic of the school year was conducted yesterday with Drs. H. H. Dixon, G. B. Hagen and Margaret Ringes, psychiatrists connected with the University of Oregon medical school, in charge. This group also discussed problems of the department for the benefit of those in attendance.

The personnel of the committee selected yesterday, includes Dr. Vernon A. Douglas, Dr. Jerald S. Backstrand, Agnes Booth, Lyle Page, Nora White, Dr. John Evans, Emerson Holcomb, Gus Moore, Mrs. George Moorhead, Frank Bennett, W. S. Snyder, Dr. Horace Miller, Mrs. Chester Open, Miss Helen Boker, Wayne Harding, Mrs. Ethel Fortner and Rex Putnam.

To Promote Welfare

The purpose of the child guidance department, as set forth in the constitution adopted yesterday, is "to promote the conservation of health and the prevention of delinquency and other emotional disorders among children; to help secure facilities for the proper study and follow-up of children with mental and emotional difficulties; to make studies and to cooperate with other agencies in the community concerning problems of mental hygiene of childhood and to act in an advisory capacity to the state child guidance clinic advisory committee."

Law Codification Is Held Invalid

Suit was filed yesterday in circuit court by William F. Woodward seeking to restrain Walter E. Pearson, state treasurer, from paying out any money for the publication of a new codification of the Oregon statutes on the ground that the law permitting it, chapter 460 of the Oregon laws for 1939, is invalid for several reasons.

Woodward claims a house and senate committee in the legislature which was to pass on the bill adopted an amendment decreasing the appropriation to \$62,500, but that when the house and senate

No Hitler Romance

Miriam Verne

Reports of a romance with Fuehrer Adolf Hitler which went the rounds when she danced for Hitler in Berlin, were denied by Miriam Verne, Pittsburgh dancer, upon her return home from Europe. Miss Verne, shown at home, told newsmen that such reports were "silly and stupid." She said that Hitler "treated me just as a little girl."

passed the bill they did not include the committee report and left the money clause at \$68,000.

He also maintains that the provision allowing free distribution of the completed code to all members of the 1940 legislature makes the law void, and that the legislature delegated to the supreme court discretionary power to enter into a contract, which is an attribute of the legislature alone. He maintains that the \$65,000 exceeds the six per cent limitation, and that the appropriation of the money is deprivation of property without due process of law.

Woodpile Fire Doused

City firemen answered a call yesterday at about 8:30 p.m. at the corner of Chemeketa and Commercial streets, where a woodpile was burning. The blaze was extinguished without causing appreciable damage.

Stork Busy Here With 837 Flights

Gain in Births Counted for Period of Year; Deaths Decrease

The Marion county health department issued a report yesterday showing a total of 837 visits by the stork during the first eight months of the year as compared with 806 for the same period in 1938. During this period of eight months the report shows 476 persons died in contrast with 529 last year. Births are increasing while deaths are decreasing in Marion county according to these reports. Male babies totaled 437 and female 400. On the other side of the ledger, deaths of males totaled 476 and female 278.

Heart Deaths Lead
The chief cause of death continued to be heart trouble, an ailment which claimed 137 persons as against 128 last year. There was a slight decline in the death rate from cancer, the figures being 62 for this year and 69 last year. Apoplexy took 45 persons and kidney disease 46, a decline from 69 to 63 respectively for last year. Automobile accidents claimed seven persons, a drop from 10.

The activity report of the health department for the eight month period includes 1057 smallpox and 1088 diphtheria immunizations, 2588 tuberculin tests with 627 positive reactions and 1744 laboratory tests for syphilis.
