Selling was comparitively hea-vy at the opening, with blocks of 1,000 to 10,000 shares changing

hands on the downside, Steels were particularly depressed.
Offerings soon dried up, however, and extreme declines were cut in half. The tracing pace slowed appreciably. Another burst of liquidation struck the list just before the close and the ticker tape got behind. Final quotations for leaders were around the lows of the day.

Wheat Unloaded In Grain Market

CHICAGO, Sept. 18-(AP)-Large quantities of wheat were unloaded in the grain market today, causing prices to slump as much as 21/2 cents before rallying fractionally.

Selling was of a liquidating type which brokers said apparent was inspired by weakness in securities and confusion resulting from swift developments in the European situation. Russian intervention and the flight of Polish officials touched off a revival of talk about possible peace overatures. Some selling represented profit taking and nedging. Wheat closed 11/2-2 cents low-

er than Saturday with December at 85-85 % and May 86-86 %. These prices compared with 69 1/4 and 69 % on August 31 and 89 1/4 and 90% at the war-boom peak on Sept. 7.
