"There's Many Reasons"

We hear many times daily the question why should the price go up on this or that item. We don't know the reason, probably a lot of reasons. Like the farmer's cow. A gal visiting the farm for the first time remarked to the farmer, "Oh, what a strange lookin' cow! But why hasn't she got horns?" The farmer answered with much patience: "Well, you see, some cows is born without horns and never had any, and others

shed theirs, and some we dehorn, there's a lotta reasons some cows ain't got horns, but the reason why that cow ain't got horns is because she ain't a cow—she's a horse." So it doesn't make much difference what the reason is many items are advancing and when we wanta buy an item that has advanced they don't tell us why. There it is, take it or leave it! they say. P. S.—Most every item listed in this ad is at the old price.
