by RON GEMMELL

"Think you can expect about 1000 spectators (counting students) from Portland," writes Portland U's publicity proponent. Which means, in the light of lamette management can expect 1000 customers for the Bearcat-Pilot classic on Sweetland Friday

Unless, of course, the local junior chamber of commerce lads are able to entice another 1000 Portlanders down through the medium of their challenge caravan that tomorrow treks into the Rose City. Since the caravan itself depends entirely on interest by Salem, however, this isn't likely.

Matty Fears 'Cats. Spec Keene revealed, within 21/2 minutes after he dropped off the north bound rattler yesterday, that he had information to the effect the Pilots played a lot more football that their 9-0 defeat at the hands of Montana U last Saturday would indicate. Reiteration of Keene's information arrived here yesterday, directly from R. L. "Matty" Mathews himself.

Not only did his club look a lot better against Montana than it did the week before against Montana State, but it actually outdowned the Grizzlies and outgained them on the ground. His line, Matty says, consistently out-charged the Montanans. Had his pass defense been a wee bit more alert, and had his backs been a little more sticky fingered, the score might well have been in Portland's favor. PS-Matty expects more of a

game from Willamette than he got

from Montana, despite the defeat at Missoula.

Pilots no Pushovers. Happy Howard Maple, who scouted the Portland-Montana State game, says the Portlanders have plenty. Which is something the Bearcats found out last year.

It was a surprise 12-7 education,

If I recollect correctly. Yes, the Pilots still have that pass-throwing Houdini, Frank Maloney, who can also boot 'em a mile. They also have that pair of crushers, Joe Enzler and Carl Nydeggar, and, I have it from a reliable source, they still have that "speed-up" stuff

that beat the Willamettes last Matty's men hung up 13 first downs to 9 and 224 yards to 148 against Montana State, the team that lost to Idaho last Saturday by point, 7-6. They outdowned Montana U. Matty still claims his kids make up the best team Portland U ever had. Draw your own conclusions as to what the Bear-

Couldn't Keep 'Em out.

cats are in for Friday night.

But before putting your con-clusions in concrete, bear in mind that a few of the members of the local collegiate eleven are still burning over last year's loss to the Pilots. As Tackle Floyd Cline said to me Monday: "There's some of us, including that fellow over there (and he pointed to rugged Art Gallon), who wouldn't miss that Portland game if we had our legs broken."

Willamette, despite injuries to key men, is going to be "ripe" for the Pilots. Two games behind them, tough ones that taught them plenty, put the Bearcats in just the right spot for the Port-

True it is that Spec has his tackle worries, but so has Matty. The latter has been having much trouble with his tackles, in fact that he shoved Fullback Joe Enzler into the line last week in an effort to bolster those tackle slots.

Both teams have tackle trouble, both have lots of strength through the middle and at the ends, both have power and speed in their backfields (with Willamette an edge in the speed department and Portland a bit more power), and both have played two tough, los-

World Series Dope Is Given In a Nutshell

NEW YORK, Oct. 3-(A)-Facts and figures concerning the 86th world series opening tomorrow between the New York Yankees, champions of the American league, and the Cincinnati Reds, winners of the National league

Starting time-10:30 a. m., Pacific standard time, Yankee stadium. Second game Thursday at Yankee stadium. Third, fourth and fifth, if necessary, at Cincinnati. Saturday, Sunday and Monday.

Probable attendance-50,000. Weather forecast-Cloudy and warmer.

Postponement - First game will be played first day weather permits.

Probable pitchers-Yankees, Charles (Red) Ruffing; Reds, Paul Derringer.

Betting odds - Yankees 2-5 win first game, 1-8 the series and 4-1 win four straight. . Broadcast-Mutual Broadcasting company.

Klayton Bidding For Title Match southpaw smore time series record of six victories and no defeats on the line.

King Kong Pins Opponent Two out of Three in Armory Show

Bull-necked King Kong Klayton won his grueling joust with George Kitzmiller in Salem's agony chamber last night, taking the first and third falls to further press his claims for a subsequent titular match with Prince Ilaki. The colored matster pinned Citzmiller with an arm bar for the irst and with a double leg lever for the third, Kitzmiller winning the middle fall via a surfboard.

Ilaki, for whom Klayton is gunning, lost his semi-final bout to Ernie Roberts on a foul. After Frey 2b Roberts and Ilaki had each won a heat the going got rougher and rougher, with Referee Vern Clark ultimately disqualifying Ilaki.

Joe Lyman, Redmond youth, and Bob Cummings, veteran from Montana, went to a no-fall draw in the 30-minute opener.

ing games. It adds up to some spiffy action for Friday night.

Staters "Smooth." "Smooth", is the word brought back about the Orangemen by Statesman Ad Sleuth Bob Sprague, who saw them in action against Stanford at Palo Alto. "Stanford never had a chance, and if Oregon State plays like that the rest of the season we should have a Rose

Bowl team in our back yard." Any time the Staters needed a lew yards through the middle they got it, says Bob. On the other hand, Stanford's delayed bucks got the Indians no farther than the line of scrimmage. The only chance Stanford had all day, according to Bob, was the time the Indians blocked an Oregon State kick on about the State 20. A 15yard penalty against them nullified their only opportunity at

that point. Darrell Newhouse, the big tackle with the thick spectacles. who four or five years back tore opposing lines to shreds for Willamette, revealed while here Saturday that he is quitting the pro football racket. Newhouse, who played for the last three years in the northern Washington pro loop, is going to work for the state

highway department. Ken Manning had his worst year in profession baseball with Spokane this year, hitting .265, but expects to report back to the Indians next spring. Back in Salem for the winter, Manning says Dwight Aden finished up his summer's chores with a .335

Special Antelope Season to Open

(x-Or Gamble, 14 RBI, .269

Umpires: Ralph Pinelli and

Pct., or Simmons, 43 RBI, .272

Attention of big game hunters his coming weekend will be directed toward bagging an antelope with the opening of the special three day season in certain sections of Lake, Malheur and Harney counties on Friday, October 6. While the securing of a trophy is the aim of most of the hunters. last year's hunt demonstrated that the meat of an antelope was palatable in spite of the impression held by many that it was not.

Permits are limited to 150 each for Malheur and Harney counties and 300 for Lake county. The permits are being issued by the office of the game commission in Portland in the order that applications

are received. Hunters will be required to check in and out of the open area, regardless of whether or not a kill is made, at any one of the checking stations to be located as follows: Jordan Valley, Burns, Mc-Dermitt. Denio, Lakeview and the junction of highway No. 395 with road to Plush, this junction being located just north of Valley Falls. Each hunter must provide himself with adequate facilities for transporting and taking care of his
