Many times the difference between old-age and "Youthful Appearance" is needed dental attention. Yes, it's true that dentistry goes beyond the need of utility, because dentists are now able to plump out sunken cheeks, remove the telltale lines of old age, and in many other ways improve your facial features. Not only is dentistry an aid to your health, but it is also a distinct aid to your personal appearance. In many cases the entire facial expression is dependent upon dentistry. Why gamble business and social success with missing and infected teeth that mar your Personal Appearance!

are among your most Valued Possessions!

They deserve and demand your most diligent care. Good teeth are a real asset, not only because they enhance the beauty of your facial features, but because they are the outward reflection of Good Health, one of the most precious human possessions. DO NOT WAIT until you have a toothache before you visit a dentist . . . see him at regular intervals for a general examination. This, in many cases, will avoid the necessity of extended treatment. We are primarily judged by appearance . . . an appointment with a dentist will be the first important step in maintaining lustrous, healthy teeth and a pleasing smile which will impress your personality on all you meet.
