Pattern

Wave goodbye to middle-age in this stunning frock, Pattern 3229. Expertly conceived by Anne Adams, it makes the most of your good points and gives you a wonderfully slim figure. The neckline is a graceful, low V—a flattering line you may accent with a row of tiny buttons. Those decorative scalloped yokes together with the waistline darts, hold fullness in through the bustline, keeping your silhouette slender. Make the sleeves short or in three-quarter style with double scallops. There's a bright note in the belt with its stitched-on tabs and tie of contrast. The double-pannelled front slims your hips.

Pattern 4229 is available in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 takes 3 1/2 yards 39-inch fabric and 1/4 yard contrast.

When wheat flour and liquid are combined, gluten is formed. The dough is kneaded to develop the gluten into a meshwork which will stretch when the dough rises. The kneading time required to make a smooth, elastic dough which will hold the leavening gas efficiently is from 8 to 10 minutes.

When kneading begins yeast dough is rather sticky, but this does not indicate that too little flour has been used. As kneading continues, the dough becomes smooth and satiny.

Soft doughs make the best breads, so do not use too much flour during kneading. Kneading soft doughs on a pastry cloth or canvas makes them easy to handle.

When yeast dough is ready for molding, divide into portions for loaves or rolls. Form each portion into a ball and allow to "rest" for 10 to 15 minutes. This rest period improves the shape of the rolls and loaves, because the dough recovers its resiliency after being punched down. The rolls, therefore, are easier to handle and will retain their shapes.

Gay Colors Used in Basement Room

Gay colors are in order when the family builds a game room in the basement. Colors can be much brighter than in more conservative rooms of the house, advise decorators. One lively game room is finished with insulating color panels of a pinkish tint on two walls, blending with panels of apple green on the other two walls.
