Tsk, tsk-such niggardliness, Here the pigskin parade is night anto over and we've been taking the prognosticatory glory without once asking our dear friend, Maizie, to step up to the firing line. So we'll ask her. Maizie, step up to the firing

"Close contact? Well, I'll say, I've ducked so many bottles each Saturday I would now make the best Judy in the best Punch-and-Judy show ever devised, I haven't succeeded in thawing out from one Saturday to the next since early in September, I've had exactly nine hats battered beyond recognition, my toes resemble hamburger, the alumni have been howling at my door, I've eaten hot dogs until I bark, I've—"Yes, Maizie, you've had good contact. Maizie Picks Trojans.

Just hold gentle a moment, Maizie, and tell us if you think Washington has a chance with

the Trojans today. "Yes. If I must be terse, yes. But if you'll allow me to elucidate, might I say it is about the same chance a snowball would have in, er, er, er, what's the name of that place?" It is evident, then, you believe Southern California will continue

How did you pick the UclaWSC game, Maisie?

"I wouldn't have anything to
do with it. When they start
playing games in the middle
of the week, I quit. My union,
Gridders Local No. Z809658, won't allow it."

Have you kept up with the Army and Navy, Maizie?
"How you talk! No girl could keep up with the Navy, let alone the Army. Haven't you, heard? They're both deempha-sizing football, in favor of stomach upon which to win the stomach upon which to win the next war. However, there's always action when the mule and goat come together. It's about time the mule got ornery. For that reason, since there isn't any other reason, it's Army 7, Navy 0.

Doesn't Like Snoods. That eastern "tomahawk tilt," Mairie, between the Stanford Indians and Dartmouth Indians? For whom will it be 'lo the poor

"The Dartmouth Indians have won five, lost two and tied one. The only thing the Stanfor Indians have beaten is the air in disgust. Their biggest claim for fame lies in a 14-14 tie with Ucla, accomplished by no one knows what. It was practically the same last year, however, and the Stanfords came through with an amazing came through with an amazing display of power to whip the Dartmouths, 23-13. Who gives a whoop, except the two war-whoop bands, who wins anyway? About all the bearing the game has is on the all-time, cross-nation Indian records. It should be given back to the Indians. Let's give it to the Dartmouth Indians, 19 to 6."

Do you think Louisiana State in stop Tulane's Green Wave,

Mairie?

"There isn't anything that can stop one of those tidal waves, once it gets started. The Green Wave, since being held to a 14-14 tie by Carolina, October 21, has rolled in omnious fashion. LSU, since beating Vanderbilt, 12-6, October 28, has been whacked three straight. The Tide'll keep on rollin', 20-0."

And which do you like at Hous-on, Baylor or Rice, Maixie? "Never did like rice, Not even with cream and sugar. But who can predict what Baylor will do? One week the Baylor Bears trounce Texas Christian, 27-0 and three weeks later let SMU bust 'em 21-0. But I still don't like rice, even with a capital P. Gloss me Bay. with a capital R. Lemon was back of his own goal line to punt after Andrews' punt had been grounded on the three-yard stripe, and one of the three Vikings who converged upon him blocked the kick over the end zone for an automatic safety. Within three minutes the Vi-
