Delay of Findings Due to **Unexpected Criminal** Investigations

Expectation that the Marion county grand jury would report to the circuit court tomorrow as to its investigation of alleged shortages in the office of the city recorder was expressed yesterday by District Attorney Lyle J. Page.

Admitting that the jury has not decided definitely when it will submit its findings to the court, he indicated that tomorrow may well be the day chosen. The jury was not in session yesterday at the court house, but has been called for 10 a.m. today, and will probably be asked to return tomorrow. All members would of necessity be

## **Worth of Scout** Training Upheld

Six million adults who have had Boy Scout training constitute an important factor for stable citizenship in the United States and attest the program's worth, Charles N. Miller, director of the Boy Scouts of America for the area west of the Mississippi told members of the Salem Rotary club at their Wednesday luncheon. At present 1,300,000 boys are receiving the same training, directed by \$70,000 adult leaders. Disregarding the direction in which they are led, boys in Germany and Italy are receiving more intensive training in patriotism and are given more efficient supervision than those in the United States, Miller mentioned. With these European boys, patriotism is a passion; in the United States it has not been fashionable in recent years, he

The speaker stressed the value to society of scout training aimed at inculcation of the principles contained in the scout oath, taught not by "preaching" but through the example of scout leaders.

Keith Brown, Salem Rotarian, reported on a Rotary club meeting he attended in Mexico while on a recent trip.
