## Month Filled With Music In Salem

Salem's musical life is coming right along, with several local organizations planning concerts and other groups bringing in artists.

Several unusually interesting features have been planned by Edouard Hurlimann, director of the Salem Philharmonic orchestra, for the second year's concert which is being given by the musical organization on January 30 at the Salem high school.

Of all the numbers to be played, there is none of more vital interest than Sibelius' "Finlandia" in which we hear not only the national air of the Finns, but the echoes of the longing for the calm joys of freedom and a hope for happiness across a nation's sorrows.

Not only is "Finlandia" one of the world's most beloved compositions, but its playing is especially apropos, now that all eyes are turned to this heroic country.

Finland is 37 per cent forest and 11 per cent lakes, yet she has always stressed the education of her people and has been proud of distinctive achievements within the country, especially along cultural lines.

Of all the sons of Finland, 74-year-old Jean Sibelius is the one who will be remembered longest. His father was an army surgeon, his mother the daughter of a clergyman. At the age of nine, Jean Sibelius began piano study and the study of violin at 15. He has been a prolific composer, with works ranging from symphonies, piano numbers, cantatas to compositions for small orchestras and tone poems. He wrote one opera. Sibelius visited in the United States in 1916 and was awarded an honorary degree of Doctor of Music at Yale university.

Beside this great work, the orchestra will play "Carillon" by Felix French, young Salem cellist in the Philharmonic group. This is the first time the orchestra has played a composition by a local composer.

Another feature of interest is the quartet which will play Mozart's quartet in F major for oboe and strings. Vernon Wiscaron will play the oboe, Edouard Hurlimann the violin, Mary Headrick Talmadge the viola and Bernard Barron the cello.

Other solo features in the program will be given by members of the regular orchestra.

Sponsor Concert  
The Salem high school band will sponsor an appearance of the University of Oregon concert band at the high school auditorium on the February 6 for the benefit of the uniform fund. The university band of pieces considered one of the finest concert groups on the coast, is under the direction of John H. Stehn.

There are 70 in the Salem high school band and only 54 uniforms have been purchased thus far. Band members from Silverton, Canby and Dallas are expected to attend.

Planist Coming  
Dalles Frantz, brilliant young American pianist with an amazing record of success to his credit, will be heard here Wednesday, February 7, in the high school auditorium under the sponsorship of the Salem Community Concert association.

Frantz has brilliant talent, musicianship, prodigious technique and keen intelligence. Availing himself of the free advantages offered in America for public appearance, he entered a contest for a solo appearance with the Detroit Symphony orchestra and won, aiming at a New York debut. He has also won the Naumburg Foundation competition a gain at 100 entrants and won again.

When the National Federation of Music Clubs combined with the Schubert Memorial in offering a prize carrying with it appearances as soloist with a major orchestra, the competition was nationwide; Frantz entered it and won, appearing first in Philadelphia, then in New York as soloist with the Philadelphia orchestra, Leopold Stokowski, conducting.

At present he is in Hollywood working in a new picture in which he doesn't even play the piano. He will be seen in the film "Ballalaika" which will be shown at a local theatre this coming Thursday, January 25, but does play the piano in this film.

School Series  
The fourth concert in the Credeand series will be an organ program by Phil Barrett at the First Presbyterian church Sunday afternoon, February 11, at 3:30 o'clock. Mr. Barrett, the son of Mr. and Mrs. Phillip Barrett, is a senior at University of Oregon. He has studied organ with Professor Frank E. Churchill and with John Starr Evans.

## AAUW Guest Tells About Germany

Another excellent speaker can be credited to the year's program committee for the American Association of University Women who met on Saturday noon at the Marion hotel. Mrs. Alexander Levy, wife of a Jewish surgeon of Portland, told of her experiences in Germany and about conditions there.

In talking about life in Germany, Mrs. Levy said "Stories of Germany are not exaggerated, there are many things that you will never hear about."

Mrs. Levy was married in 1934, and although an Aryan, immediately felt the danger to herself and her Jewish husband. Her professional life was soon closed to the Jews and her husband as associate head of a large hospital in Berlin was discharged. Because of the influence of his family he was allowed to open private practice for Jews only.

Her 13-year-old son by a previous marriage, like all other children, belonged to the Youth corps and it soon became apparent that the constant teachings of the Nazis were making an impression on his mind and the Jews.

The family came to America after a year of seemingly vain efforts, knowing no English and with only household goods and medical supplies. They arrived less than two years ago in Portland.

"It was like being rescued from drowning," the speaker said. "We found the Americans a friendly, loyal people, although in Germany we were made to think them all movie actors or gangsters."

"The American democracy as a fact of the regular program is more than you Americans."

In discussing conditions in the country she said that during and since the World war Germans were so miserable that when an offer of salvation came from Hitler, they grasped at his plans as a ray of hope.

"There are still good forces in Germany," she said, "the church still has influence, however suppressed. Influence of and belief in Hitlerism comes because the people must believe and absorb the teachings or break under the strain of opposites."

"Germany cannot fight a war, she is too poor," the speaker said. "You talk of strikes and other troubles here, why German workers are slaves, they are too poor to strike!"

## Don't Look Now

But... an early spring is assured. Great v-shaped formations of wild geese flew over town yesterday morning, bound for the north. Geese may be geese, but they know their way around and don't go places unless the weather is going to stay warm enough to keep warm in their ordinary wearing apparel.

Always expected... are the unusual table decorations by Mrs. Donald Young. At the tea given on Thursday at her home, she arranged bright pink carnations in close bouquets (no green) and into each thrust a jaunty spray of freesias.

Stampede predicted... If what they say is true, all the sweet young things will be rushing to borrow tickets from friends to see the Community concert's pianist, Dalles Frantz is going to set Salem hearts a-twitter because he has brought down houses and raised roofs from coast to coast. He's stupendous, glittering—and besides he's a blonde, blue-eyed Viking (so says the press).

Off in a cloud... of dust and smoke are the Monroe Gilberts who left this week for Los Angeles. They've never been able to get away for a vacation together before. Back the first of February.

"Slings 'em careful... they're her best," said one of the volunteer dishwashers who assisted Mrs. A. L. Linbeck after a chicken dinner party for son Albert on Friday.
