

### Legion's School Plaque Explained

Corcoran Tells Students at Mt. Angel About Year-End Award

MT. ANGEL—Representing the Mt. Angel post of the American Legion, Dr. E. J. Corcoran addressed the eighth grade pupils of St. Mary's school Monday on the purpose and conditions of the honor awards which the local Legion is offering to the best scoring boys and girls.

The award will be in the form of a bronze plaque, eight by twelve inches with the Legion insignia and blank panels on which the names of the winning boy and girl will be inscribed each year. The plaque will be hung in the eighth grade classroom. Besides the honor of having his name inscribed the honor child will receive a certificate of merit.

The award is to be made on the basis of honor, courage, scholarship, leadership and service, each of which will count 20 per cent in the judging. Judging will be done at the end of the school term and the presentation made at the commencement exercises.

The purpose of the American Legion in offering these awards to the children is to help cultivate a high character and wholesome ideals in the youth coming to citizenship. By holding before the boy and girl at the impressionable age of adolescence the importance of honor, courage and unselfishness and urging them to strive to attain these qualities it is hoped that a great step will be taken to perpetuate the ideal American in our country, Dr. Corcoran said.
