## Founders Day Program Given

### Members Give Ceremonial Report Progress on Hot Lunches

SILVERTON—The 43rd anniversary of the organization of Parent-Teachers associations was observed Thursday afternoon by the local group of which Mrs. J. J. Lewis is president, in a formal Founders day program following the regular business session.

The Eugene Field auditorium was decorated in winter greenery and large vases of mountain laurel. A long table centered with pine and fir cones and eight tapers of varied colors were used as decorations. The candle light ceremonial was led by Mrs. F. J. Roubal. In the formalities, Mrs. J. W. Jordan represented faith; Mrs. Jack Iversen, honesty; Mrs. Scott McPike, understanding; Mrs. Helen M. Wrightman, national congress; Mrs. John Hoblitt, dedication; Mrs. Gladwyn Hamre, education; Mrs. William Schuster, recreation; Mrs. Jack Tursie, service.

Mrs. Helmer Brokke, vice president of the Silverton PTA arranged the program. Other numbers were piano selections, "Sea Pieces" (McDowell), by Wayne Rose; vocal solos, "The Old Re-frain" (Fritz Kreisler), and "Wit-train" (Fritz Kreisler), and "Without a Song" (Newman), by Max Holland with Mrs. Arthur Dahl at the piano; a reading and poem in honor of the founders of PTA, Mrs. Alice McClellan Burney and Mrs. Phoebe A. Hurst, by the president, Mrs. J. J. Lewis on the theme, "The Child is the Hope of the Race."

Mrs. Alf O. Nelson, chairman of the tea hour, cut the birthday cake. Mrs. Helen M. Wrightman and Mrs. John Hoblitt, charter members of the Silverton PTA, presided at the urns. Assisting in serving were Mrs. Scott McPike, chairman of the social hour committee, Mrs. Tom Anderson, Miss Hafrenbrack, Miss Edna Merritt, Mrs. Arthur Gottgenberg and Mrs. J. W. Jordan.

A favorable report on the PTA year's project, the establishing of a kitchen and hot dish lunch room for the pupils of the grades and junior high department, was made by Mrs. J. W. Jordan and Mrs. Lewis. Open house will be held in the lunchrooms in the former library rooms of the Eugene Field building, Friday afternoon, February 9, when guests are asked to donate potatoes, carrots, onions or a cheap cut of meat in order to start the work of serving lunches Monday, February 12, to between 180 and 200 pupils who come from a distance and bring cold lunches. WPA workers are to be in charge of the kitchen. A recent pie social netted the kitchen fund \$11.30 as a nucleus of the \$250 costs of establishing and equipping the kitchen and lunch rooms. A Community Jamboree is planned for March 29 to add to the fund.

Five dollars was voted from the PTA funds to the coddler oil project of the Sunshine club of which Al Wiekert is chairman. It was announced that each organization of town will be asked to contribute 10 cents per member toward the fund which is used without cost to the children or parents, as a health giving move for under-privileged children. Mrs. Lewis appointed Miss Hannah Olson as chairman of the "Summer Roundup," a move to assemble mothers and pre-school age children for the necessary health tests before the beginning of the autumn term of school.

## Parking Space Is Being Increased

MONMOUTH—To increase the parking space on the north side of Main street the wide sidewalk between Knox and Warren streets including frontage of Nelson's service station, is being reduced 4 feet in width and new pavement being laid in replacement. The Mountain States Power company has moved its electric light poles from the area to the north side of the walk. The street was paved in 1916 and the sidewalk built at that time. Some interesting relics of earlier days were found while excavating, among them being 2 horseshoes, imbedded deep in the ground under the walk surface were the oak butts of old hitching posts in solid condition. Only the older residents of town can recall the period of their use.

## Creamery Co-op Report Given

### Monmouth Warehouse Is Heavy Seed Handler; Figures Released

MONMOUTH—The annual meeting of the Monmouth Co-operative creamery and warehouse was held Wednesday. Manager Marvin Davidson gave the annual reports which disclosed a prosperous year. The creamery's gross income was \$6,516.05; the warehouse gross income \$3,987.37. The total net income was \$7,667.45, and as the association is non-profit, the net was prorated back to patrons on a percentage of individual business.

The poundage seed report of the warehouse indicates that this warehouse was the second heaviest seed handler in the state the past year.

Poundage figures for 1939 are: 1,800,000 wheat; 2,357,000 grey oats; 749,000 white oats; 1,900,000 barley; 236,254 common vetch; 171,471 hairy vetch; 614,445 winter peas.

The total seed business of the past year was \$86,000; total sales were \$201,335.35. In 1938 the creamery made 312,727 pounds of butter. In 1939, 361,466 pounds of butter. Butter in 1939 sold for \$93.749.25. The entire total of business for the creamery and warehouse in 1938 was \$217,046.58. The 1939 total was \$296,084.80.

G. R. Hyslop of Oregon State college discussed the development of vetch crops, stating that hairy vetch, not too favorable as a crop prospect when first sowed, now has turned out a winner in agricultural markets. Winter peas, a cover crop in the southern states, is another good seller. Oregon has proved the most prolific state in the union for production of hairy vetch and winter peas, and Hyslop believes only the beginning has been made in southern market possibilities.
