Stock Session Is Indecisive

Early Gains Are Erased at Close; Average Is Unchanged

NEW YORK, Feb. 13 - (AP) Stocks lumbered through an indecisive session today with market leaders generally neglected in favor of specialties.

The list pointed moderately upward in the forenoon, as bright sales and earnings statements buoyed individual issues, Buying power in most cases was unimpressive, however, and early gains of fractions to a point or so were erased in many instances at the close.

The Associated Press average of 60 stocks was unchanged at 50.4. Transfers amounted to 582,180 shares against 1,099,740 last Friday when the direction

was upward. Studebaker and Loft were relatively strong performers, both touching new 1939-40 highs. Martin-Parry made a new

year's high but finished all even Modest advances were retained by Crown Cork, International Mercantile Marine, Chrysler, National Steel, Montgomery Ward, Sears Roebuck, US Gypsum, Union Carbide, American Can. Phelps Dodge, Union Pacific, Standard Oil of NJ and Texas

Aviations such as Douglas and United Aircraft dropped a point or so. Pan-American Airways lost 2.

Among losers were US Steel Bethlehem, Youngstown Sheet Anaconda, American Telephone, NY Central, American Smelting and Goodyear.

Wool in Boston

BOSTON, Feb. 12—(AP)—(USDA)— Extremely little new business was being transacted on the Boston wool market today. Country-packed, three eighths and quarter-blood bright fleece wools, offered from the country at about 40 to 41 cents, in the grease, delivered to users, received bids of 38 to 39 cents. There were only a few users that made these bids and bidders were interested only in comparatively small quantities of wools.

Hop Growers Are Benefited by War

Polish Supply Eliminated; German, Czech Hop **Areas Curtailed**

WASHINGTON, Feb. 18-(AP)-Pacific coast hop growers have benefited from the European war because of virtual elimination of Polish hop areas and curtailment of German and Czechoslovakian

fields, the department reported, and reorganizing of the industry in Germany proper, Sudetenland in Germany proper, Sudetenland and Bohemia should decrease Albany Woman's hop-growing areas.

The report said Yugoslavia seemed likely to become the principal source of exports if conditions permit.
