

Spring Driving Check Advised

Flushing Cooling System Important, Oil Change Is Another "Must"

Even if you are inclined to have spring fever, don't let it happen to your car, advises D. O. Wilson, general service manager for the Studebaker corporation. Just a little attention now will put your car in shape to deliver better service and more economical mileage when spring breezes whisper an invitation to get out and go, he says.

First step in this spring reconditioning, recommended by Wilson, is to thoroughly flush out the anti-freeze and give the cooling system a good cleaning. Next, check the water pump, hose connections and fan belt to see if winter driving has injured them in any way.

If you're driving a Studebaker equipped with a "climatizer" you won't have to bother shutting off a heater or put up with its useless bulk during the summer. The "climatizer," located out of the way under the front seat, is as useful in the summer as during the winter. It brings in fresh air from the outside, filters it and circulates it freely throughout the car. Windows can be kept closed on hot, dusty days.

And don't forget to change the oil and give the car a thorough lubrication, Wilson reminds car owners. "Although many parts of a modern automobile require lubrication only every 5,000 or 10,000 miles, it is important that they receive this attention when they need it," he says.

He points to the fact that Studebaker service men are specially

Now Here! Sensational New Hoover

Unusual Photo Records Vacuum Top Action

Typical of the backstage work which must be carried on continually to make sure that automotive innovations are "right" before they are introduced to the public, is this cold-weather test to which the vacuum top mechanism of the new Chevrolet cabriolet was subjected, not once but countless times, during the development period. To record the test photographically, a light bulb was placed on the front edge of the cabriolet top and another at the end of the forward supporting frame, as shown in the inset. At a signal, the camera shutter was opened, the car's engine was started, and Claude Conklin, of the Chevrolet staff at General Motors proving ground, pulled the dash control which causes the motor vacuum to open the top. The lights then traced the smooth curves as the top was opening. As it reached the lowered position, the lights near the camera illuminated the whole scene.

Strange Sight in Autoless Eden

Private automobiles are banned by law in Bermuda, which explains why the arrival of this new Ford V-8 ambulance for King Edward Memorial hospital created so much interest in Hamilton, the island capital. At first glance the photo might have been taken on our own streets a generation ago, except for the modern styling of the vehicle. As it is, passing cyclists and two curious horses which power the island taxis are taking a quite understandable interest in this unfamiliar sight in the capital's streets.

trained in factory methods of putting cars in tip-top shape for spring and summer driving. They check such things as the carburetor, electrical system, valves, wheel alignment, muffler and exhaust end, of course, the brakes.

These such parts as lights, windshield wiper and shock absorbers upon which winter puts particular strain, are overhauled. And while the driver steps out in gay spring attire, it is only fitting and just that the car should look as sprightly, Wilson believes. Under that winter grime which may have accumulated are several coats of paint. A little washing and polishing will reveal this bright and shiny surface in all its glory.

Woodburn Women Honor new Club Members of Year

WOODBURN—The Woodburn Women's club held a meeting in the library club rooms Wednesday afternoon. Preceding the meeting a no-host luncheon, at 1:15, honoring the new members who have joined during the club year. Guest members who attended were Mrs. Glen Polly, Mrs. Anna D. Chapman, Mrs. Don Grille, Mrs. Henry Bowman, Mrs. Albert Stockton, Mrs. O. L. Withers, Mrs. Herman Stone, Mrs. Clifford Rue and Mrs. Joseph Richards. Mrs. Hal Chapman

gave two vocal solos, followed by a one-act play, "A Nephew in the House," by the expression class of the high school. Mrs. B. M. Randall was in charge of the program.

The Presbyterian Ladies Aid society will hold its first meeting in the church year Wednesday at 2:30 p. m. The new officers will be in their places and the year book will be given out. Mrs. J. J. Hall will have charge of the program. The hostesses will be Mrs. Henry Layman, Mrs. Clarence Wampole and Mrs. Lester Smith.

St. Mary's School Teachers Elected

MT. ANGEL—Louann Hassing, daughter of Mr. and Mrs. Otto Hassing, was hired to replace Delphine Ebner, who is resigning her position as teacher of the extra room in St. Mary's school at the end of the present term. It was announced by the Mt. Angel school board on Thursday. All the other teachers on this year's staff were rehired at a small increase in salary. Present teachers are Theresa Dehler, principal, Hugh Emery, Eustelle Bauman, Bauline Salfeld, Claudia Hassing, Helen Keber and Delphine Ebner.

Jefferson Family Leaves for East

JEFFERSON—Mr. and Mrs. Paul McKee will leave Sunday on a trip east. In Flint, Mich., they will call for a new car, motoring to Chicago, where they will visit their niece, a former Jefferson resident, Mrs. William North and Mr. North. They will also visit relatives in Indiana, Missouri, Kansas and Oklahoma. They plan to be gone about three weeks. Mrs. Jane Wetherell returned to her home in Walla Walla, Wash., Wednesday morning, after a visit at the home of her brother, R. S. Wetherell and family.

Booster Club Has Party, Jefferson

JEFFERSON—Members of the Jefferson Community Booster club entertained their families and other guests in the city hall Tuesday night. The regular business meeting was adjourned until the next meeting in two weeks. The Cherry City bakery of Salem furnished an hour's entertainment showing motion pictures. About 60 were present.

California Bishop To Conduct Services

HOPEWELL—Bishop Ira Warner of Pomona, Calif., will be here to conduct the third quarterly conference at the Hopewell United Brethren church Monday, April 8. There will be an afternoon meeting for the ladies of the congregation, beginning at 2 p. m. There will be a dinner served at 8 p. m., when the conference will be held. At 8 p. m. Bishop Warner will give an illustrated lecture.

Health Clinic Planned INDEPENDENCE—A pre-school clinic will be conducted in the kindergarten and health rooms of the Independence training school Friday, April 12. The parent teacher association is sponsoring the clinic and Mrs. W. F. McKee, principal of the school, is in charge.

Scout Values Are Stressed

Parents of Prospective Boy Scouts Meet at Mt. Angel

MT. ANGEL—Scout officials from Portland and Salem gathered at St. Mary's school here Friday night to talk to the parents of prospective Boy Scouts on the value of scouting.

Dr. B. F. Pound of Salem, member of the executive committee of the Cascade area, outlined the duties of the scout committee in relation to the sponsoring organization, the boys and the parents.

Rev. Sanford, district commissioner of the Cascade area, explained what scouting does for the boy in character building and training in citizenship.

Rev. Martin Thiesen, archdiocesan chaplain of the Catholic sponsored scouts, told of the Catholic viewpoint on the scouting question. He said that five or six years ago when the Catholic bishops of America realized they must give additional attention to the boy movement they found three ways open: To put new life into the existing Catholic youth organization; to form new organizations, and to tie up with the Boy Scouts of America. The latter was decided upon and a legal agreement was drawn up between the bishops and the Scout association. The results have been even better than anticipated, he said.

Others who spoke briefly were Rev. Louis Barcello, CSC, of the Portland university who is special national field scout commissioner; Bert Ford of Salem, chairman of the Cascade area; Rev. Michael J. Raleigh of Salem, chaplain of the Cascade area; and Al O'Brien of Portland, lay chairman of the archdiocese.

The troop to be organized here will be known as Mt. Angel Troop 56 of the Cascade area. Joseph Wagner will be scout master and Gregory Frank assistant scout master.

Lions' Amateur Show Successful

STAYTON—The recent amateur night show was reported a financial success at the Stayton Lions club meeting Tuesday night at the Bon-Ton. The proceeds will go toward charitable or community cause. Gilbert Schacktsick, chairman of the finance committee, made the report.

An invitation was read from the Salem Lions club auxiliary, inviting Stayton club members to attend a dance to be given on Thursday night. Silverton also extended an invitation to the local club, to attend charter night for the ladies' auxiliary in Silverton Tuesday, April 9. Louis Baynes, principal of the grade school, presented a trombone solo.

Convertible Phaeton Displayed

Four new convertible models on the Series 50 Super and Series 70 Roadmaster chassis are announced by the Buick division of General Motors. They include two phaetons and two coupes on 121-inch and 126-inch wheelbases, powered by 107 and 141 horsepower Buick valve-in-head, microcooled straight eight engines. Above is shown the new Series 50 Super six passenger convertible phaeton.

Newest in Transportation

Stylish and built in the modern airliner manner, the new 1940 Nash is shown here, at Glendale airport, with Pan-American Airway's new strato-clipper Flying Cloud. The new ship flies over weather in the stratosphere, 20,000 to 25,000 feet elevation, cruises at 240 miles-per-hour, maintains ground air pressure by means of insulation and air compression, and carries thirty-five passengers. It is completely air conditioned and is highly advanced in every respect. Paralleling this latest commercial airline development in many respects is the new Nash Ambassador eight, which is thoroughly insulated, has the famous "Weather Eye" conditioned air system and is the only American car with twin-ignition, a United States government requirement for commercial planes.

Now—A Transparent Car

MIAMI BEACH, Fla.—William A. Fisher, president of Fisher Body division (left); Harry J. Kilger, president of Pontiac Motor division and William S. McLean, advertising director of Fisher Body division, were on hand for the first appearance of the \$100,000 transparent plastic Pontiac car, as it started on its journey up the east coast headed for the opening of the New York World's fair, May 1.

Local Talent Play to Be Next Week

"Mystery at Midnight" Is Billed as Music Mystery Comedy

SILVERTON HILLS—The Silverton Hills Dramatic club is sponsoring a music mystery comedy, "Mystery at Midnight," April 12 and 13 at the club house. The play is a benefit performance, directed by Helen Blake Williams of Kansas City. Proceeds from the play are to be used for improvements of the community hall.

Characters in "Mystery at Midnight" include Billy Bartels and Zina Tschanis as Ralph Norris and Bonnie Baker, newlyweds; Mickey Cunningham, as Jack Murphy, the bus driver; Harold Mulkey as Tom Foster, traveler; Bonnie Porter as Elvira Nossoggy, the spinster; Elden Mulkey, Professor Rockbottom; Frank Porter as Judge Rollins; Grace Mulkey assumes the character of Mrs. Hollway, a society matron, traveling with her maid, Sarah, played by Ruth Hadley; Virgil Tschanis is the hard-boiled detective Briggs; Janet Mulkey is Sally Grant, a young girl, and Milton Foote is the mysterious stranger.

Members of the choruses are Lucille Mulkey, LeVonne Anderson, Alice Cunningham, Vera Janic, Joy Watterson; Martha Miles, Mildred Rorsleh and Marjory Korsieh.

Girl Scouts Have Party at Liberty

LIBERTY—The Liberty Girl Scout troop had a party following their regular Tuesday meeting to honor the birthdays of Margaret Gilstrap, leader, and Muriel Baker.

Plans are already being made for next summer's camp and a committee selected to work on matters connected with the annual chairman, Muriel Baker, Carrie Cogswell, Patty Berryhill, Doris Lawrence.
