Stocks Topple After Belgian Surrender, Later Make Rebound

Recovery Move **Follows Close**

Steels, Motors, Aircraft Unloaded With Shock at Capitulation

NEW YORK, May 28-(AP)-Stocks toppled as much as 7 points in today's market, after the Belgian surrender to Germany, but the majority rebounded sharply at the close.

After the first shock of the surprising capitulation, when blocks of 1,000 to 10,000 shares of leading steels, motors and aircrafts were unloaded, many at new two-year lows, a recovery move got under way. Dealings in the first hour, however, when prices were at bottom, were about half the day's total transfers of 1.263,510 shares. The turnover compared with 791,260 yester-

The Associated Press average of 60 stocks, despite the comeback which enabled a number of fasnes to erase more than twothirds of their morning relapse, was off .8 of a point net at 38. At this level Monday's rally was more than wiped out and the composite stood one-tenth of a point above the 1940 low.

Steels, among principal beneficiaries of arms spending, were | man.) outstanding on the rallying shift. Stocks in arrears 1 to about

at the last were US Steel, Bethlehem, Chrysler, General Motors Douglas Aircraft, Sperry, Lockheed, Sears Roebuck, American Telephone, Consolidated Edison, Du Pont, Allied Chemical, Kennecott, American Smelting and Great Northern.

Censors New Deal Farm Legislation

LEBANON-Dr. P. M. Brandt of the animal husbandry department of Oregon State college led the discussion of recent farm legislation by the Pro America chapter Monday night in the Leb-

He prefaced his talk with a survey of the first need of agricultural readjustments.

The farmers' problems, he said, are market and credit. Principal marketing problems are caused by the loss of foreign markets and changes in American eating habits, less meat and cereals and more vegetables and fruit.

The speaker traced the history of farm legislation and urged the need of early recognition of what the regulation of individual farmers from Washington means, with the tendency to staff farm bureaus with young lawyers from cities whose knowledge of farming is theoretical. Such centralization must bring the matter closer to politics and farther from farm all the time, he said.

The problem, he said, must be settled by intelligent farmers for He complimented of owners or occupiers of land instead requiring a vote of 75 per cent 1.02½.

Today's Car Receipts: Wheat 17; flour cent of owners before soil con2; cern 5; milifeed 3. and a vote of 50 per cent and servation districts which are really governing bodies can be set

Early Wheat Loss Reduced by Rally

lation of the Belgian king sent grain prices into a tailspin at the start of trading today but after blackboard quotations had been marked down 1 to 3 cents a bushel the market regained its composure and practically all of the losses were regained.

Wheat fell as much as 2%-314 cents, July reaching 81 and September 80%, within 2% cents of the fixed minimums below which trading rules permit no transactions. Corn was off 114-1% to within 1-2 1/2 of the minimums, rye dropped 1 % and oats declined almost a cent.

The late rally reduced these materially and wheat

Conqustadores' Lives Reenacted

HISTORY RETOLD—When the Southwest celebrates this year the 400th anniversary of Coronado's search for "seven cities of Cibola paved with gold," scores of cities in New Mexico, Arizona, Oklahoma, Texas will re-enact fragments of Conquistadores history. These little Cochiti dolls (made by Indians) are ready to add to festiveness of occasion,

Wool in Boston

BOSTON, May 98—(AP)—(USDA)—Very little demand was being received for wool in Boston today. An occasional small lot was taken by mills to cover emerger y requirements. Prices varied considerably, depending upon whether the wools needed were available in lots hedged by operations in the wool tops fatures exchange. Small lots of 12-months Texas wools have been moved at 80 to 85 cents, scoured basis, to worsted manufacturers while hedged lots of 12-months Texas wools were offered at 72 to 73 cents, scoured basis. BOSTON, May 98-(AP)-(USDA)-
