

Taft Strikes At FR Policy

Declares Administration Has Failed to Make Army Modern

WASHINGTON, May 30—(AP)—Senator Taft (R-Ohio) declared last night that "if the American people want a national administration to carry out an effective program of national defense, there is no possible argument for the present administration."

In a speech prepared for the radio (NBC), Taft made these charges against the Roosevelt administration:

"It has failed to develop an army and navy with essential modern weapons.

"It has shown its complete incapacity in the field of finance.

"It has shown its unwillingness to abate by one jot or one tittle its hostility to industry, or its adherence to all the bureaucratic activities of the new deal.

"It is proposing to destroy any possible unity in the country by insisting on a third term, in violation of all the traditions and principles of the American republic."

The Ohio senator, candidate for the republican presidential nomination, also said that "there has been an obvious lack of coordination between the different departments of the government."

"Secretary Swanson was ill for many months," he said. "Secretary Edison was not appointed for a long time after he (Swanson) died, and now is running for governor of New Jersey. The secretary of war and the assistant secretary of war are not on speaking terms."

"Aggressive secretaries would have secured better consideration for the defense programs. Construction work in the navy apparently has been very slow, much slower, for instance, than the Japanese work on their new battleships."

"It has been partly due to unnecessary new deal restrictions, so numerous and hampering that many business men will not take a government contract except as a matter of duty."

Taft said that the people "ought to accept" the proposed new defense taxes "but they ought also to realize that the real cause of additional taxes is the tremendous deficit for ordinary peacetime expenditures plus the colossal size of the existing debt."

Had No Faith in KruGon Until She Gave It a Trial

Mrs. Maude Broyles Had Spent Five Years of Torture Before She Began the Use of the Intestinal Tonic-Laxative: Now Happy to Pass on Good Word About This Modern Remedy

Composed of pure, powerful ingredients, KruGon is scientifically compounded to act in a solid mass on the intestinal tract in a manner which brings relief from the awful dizzy spells, biliousness, aches

and pains over the body, distress after meals with gas and bloating, sleeplessness, nervousness and headaches which are associated with a laxative elimination. This tonic-laxative formula in concentrated form continues to hold untiring interest at the Fred Meyer Drug Co., 148 N. Liberty St., Salem, where the Special KruGon Representative is daily meeting the local public and introducing and explaining the action of this remedy.

"I couldn't ask for better results than the KruGon gave me," said Mrs. Maude Broyles, 865 7th St., Springfield, Oregon, a well known and highly respected lady, in a recent conversation with the KruGon Man. "My health problems began with faulty bowel elimination and soon I endured awful torture from so-called rheumatic pains, frequent kidney action and poor digestion. This suffering had taken its toll from my energy and I hardly felt like doing anything and my housework was almost impossible for me in my condition. I got little enjoyment from my meals for I suffered afterwards, got little sleep for I was disturbed at all hours of the night and the pain I endured constantly was added misery for me. I had become thoroughly disgusted as many medical men of my experience had not given me the results I wanted. When I first learned of KruGon I had no faith in it either... but a short trial soon changed my mind."

"I must confess I soon found I was entirely wrong about KruGon for it was just what I had been wanting," continued Mrs. Broyles. "I sincerely urge everyone who suffers as I did to give KruGon a trial. Those aches and pains have been relieved now with proper bowel elimination, sleep free without any disturbances, eat well and have none of those former distressing effects afterwards. With this my strength and energy is returning and I feel fine. What more could one ask of any medicine."

The Special KruGon Representative is daily meeting the local public at the Fred Meyer Drug Co., 148 North Liberty St., Salem, where he invites all local people to call and talk with him about the action of this modern capsule remedy.

Tired, Bewildered Refugees of War

Part of the uncounted thousands of refugees of war which have streamed into France are shown upon arrival in Paris—from homes in Belgium, Luxembourg or France, which they may never see again.

Argentines Irate At Ship's Sinking

Crowds in Ugly Mood; one German Newspaper's Office Attacked

BUENOS AIRES, May 30—(AP)—Resentful crowds of Argentines surged through the streets of Buenos Aires tonight following a long interview of President Roberto Ortiz with German Ambassador Edmund von Thermann over the U-boat sinking of the merchantman Uruguay off the Spanish coast.

The street crowds were in an ugly mood over reports that half the crew of the Uruguay was left afloat in lifeboats 140 miles from the Spanish coast. Fourteen members of the crew are missing.

Police dispersed a group of angry youths headed for the German club.

A man was arrested after hurling stones through the plate glass windows of the Deutsche La Plata Zeitung, one of the oldest German papers in South America.

Among others taken into custody were two sons of Carlos Noel, president of the chamber of deputies.

The Zeitung, pro-Nazi in policy, pulled down an iron curtain over its windows, shutting from sight the bulletins in the way it usually displays.

Argentine officials refused to disclose any details of the interview with the German ambassador but said "the entire situation brought about by the war," was discussed.

Memorial Rites Conducted at Salem Cemeteries and From County Bridge

Memories of loved ones and heroes stirred yesterday as members of veterans' and auxiliary organizations conducted their respective Memorial day rites in Salem cemeteries and on the waterfront.

Services at the GAR circle in City View cemetery with L. P. Bennett, commander of the Sons of Union Veterans in charge, Rev. P. W. Eriksen and Chaplain G. R. Stover assisted.

Memorial services of the Woman's Relief Corps were conducted by Nora Pratt, president. The Daughters of Union Veterans led audience singing and wreaths were placed by organization representatives.

Salutes to the soldier dead were presented at the GAR and the American Legion circles by Company B, 162nd infantry, Oregon national guard. Legion circle services were directed by A. M. Johnson, commander of Capital post No. 9, assisted by Sons of the Legion.

The American War Mothers also held a short, impressive wreath service.

Boy Scout troops nine and 11 directed traffic at the circles. All veterans' graves were marked with a flag and flowers.

Water and aerial services were conducted from the Marion-Polk county bridge by the Woman's Relief Corps and the Sons of Union Veterans. Flowers were dropped from an airplane by Lee U. Eyerly and a memorial boat made by Sea Scouts and decorated with the aid of WRC members was launched, with Company B firing a salute. Rev. Eriksen served as chaplain and the Master Bread band played.

FDR Plots War, Browder Charges

Communist Party Starts Four-Day Convention to Pick Nominee

NEW YORK, May 30—(AP)—Earl Browder, general secretary of the communist party in the United States, opened the party's 4-day national nominating convention today by declaring that President Roosevelt, "backed by the economic royalists, is taking the war with a speed worthy of Hitler."

This country and Italy are now the only great capitalist countries not yet actively in the war, he said, adding that Mussolini is a non-belligerent in name only and is waiting only for the "best opportunity" to enter while the US "is sliding" into the conflict.

"The soviet union alone, the only great neutral power left, is firmly repulsing all efforts to drag her into the war," he added. "Approximately 2000 delegates and 2000 guests—party officials set the figures—crowded the hall for the opening session, which began with the singing of the 'Star Spangled Banner' and the 'Internationale.'"
