

Stock Market Edges Forward

War Beneficiaries Advance in Slowest Session of Month

NEW YORK, May 31.—(AP)—Prospective war beneficiaries moved up in today's stock market but many issues failed to get going.

In one of the slowest sessions of the month, gains ran to 2 or more points for steel, aircraft and specialties in the forenoon. There was little follow-through on the push, however, and closing quotations were well under the best. Moderate losses also were fairly well distributed.

Despite the sluggish proceedings, the Associated Press average of 60 stocks managed to hold an advance of 2 of a point at 3:16. Transfers of \$26,760 shares were the smallest for a full day since May 6, and compared with \$57,982 last Wednesday. Of the 680 individual issues changing hands 326 were up and 354 unchanged or down.

That the upturn was selective and quiet was believed due to thoughts of some that war profits might be restricted substantially by government control.

Most rails were a shade under water despite today's figures disclosing a slightly more than seasonal increase in last week's freight loadings. Motors were a bit depressed by a sharp drop in this week's automobile output, although part of this was due to holiday shutdowns.

Stocks ahead at the finish included US Steel, Bethlehem, Douglas Aircraft, United Aircraft, Anaconda, American Telephone, du Pont, Westinghouse, Allied Chemical, NY Ship Building, Electric Boat, Loew's, Texas Corp., and Sears Roebuck.
