

# Stocks Advance In Brisk Trade

### Press Average Jumps Most Since September; Turn-over Large

NEW YORK, June 12 (AP)—Stocks climbed briskly away from their recent lows today in a market which showed hope for the defense of Paris and confidence in a brighter American industrial outlook.

Some of the leading steels, chemicals, motors and aircraft—directly affected by the national rearmament program—gained four to nine points.

The Associated Press average of 60 selected stocks jumped 1.8 points—the greatest in any day since last September 9 and to 40.2. Turnover totaled 1,357,190 shares, the largest single session since May 23 and comparing with 769,890 yesterday.

Wall Street analysts said the buying movement was closely tied to a belief that most sectors of industry would reap benefits from the newly increased machine production necessary to equip the United States for military preparedness.

An unusual feature was the way shares held the peaks. The last three hours' trading was desultory but prices held close to their best.

Gains of three or more points were registered among these leaders: U. S. Steel, Bethlehem, Inland Steel, Chrysler, U. S. Rubber preferred, Montgomery Ward, Sears Roebuck, Case, Douglas Wright Aeronautical, Dupont, Allied Chemical, Dow Chemical, Westinghouse, Union Carbide, Johns-Manville, American Telephone, and American Woolen.

# Turner Water Vote Set for Saturday

TURNER—Voters of Turner will decide upon filing a new bond issue to finance bringing Salem water into the Turner water system at a special election Saturday. The election will be held at the Masonic hall between 9 and 4 o'clock. Citizens who have lived in Oregon six months and Turner for 30 days are eligible to vote.

It is proposed that all present mains be excavated and 75 percent of the pipe replaced with new pipe, a six-inch connection made with the Salem main and meters installed. Entire cash cost on the project has been estimated at \$20,000. Plans contemplate the use of WPA labor, although Homer Wahl, WPA engineer has stated that he doubts that WPA funds will be available.

# Krugon Surprises Local Lady With Such Good Results

### Mrs. Christina Newburg Now Enjoys a Splendid Appetite, Foods Digest Properly and She Is Feeling Best She Has in Years; Happy Over Results

Hundreds of local residents and people of this entire section are beginning to realize that the Krugon is the very medicine they had been wanting. So many already

MRS. CHRISTINA NEWBURG

appreciate the difference in results to be had from Krugon's vegetable ingredients compared with other medicines of their experience previously tried.

Mrs. Christina Newburg, 440 Mill Street, Salem, a respected local lady who has lived here for the past twenty years, and who has many friends and acquaintances throughout this section, urges her friends in need of a medicine like Krugon to not hesitate a minute in giving it a trial. Her praising statement is as follows:

"It was about eighteen years ago that I began to suffer with the 'ill of constipation,' said Mrs. Newburg in talking with the Krugon Man at the Fred Meyer Drug Store, this city. 'It seemed that only the strongest of laxatives had the desired effect on me, and I had to be continually given more. Foods wouldn't digest properly, did not have a natural appetite and had to force myself to eat. There was no enjoyment in my meals, feeling as I did and I had begun to wonder just what the future held for me. But that was before I had learned of Krugon.'"

"This modern capsule remedy seemed to have just what I had been wanting all of the time," continued Mrs. Newburg. "Soon I was relieved of my dreadfully constipated condition, foods now digest properly and I enjoy a splendid appetite. Now with proper nourishment and digestion, I feel so much better and can truthfully say I am enjoying better health than I have in years. My father too was troubled with faulty elimination and frequent kidney action. He was up at all hours of the night and just couldn't get the rest and sleep he needed. He was disturbed so frequently. But now he, like myself, has found Krugon to fit his case also. No wonder Krugon is becoming so popular judging from our pleasant experience with it."

The Special Krugon Representative is daily meeting the local public at the Fred Meyer Drug Store, 141 North Liberty Street, Salem, where he urges all local people to call and talk with him.

# First 7 New President Lines

American President Lines' big President Jackson, first of seven cargo-passenger vessels being built for the Pacific Coast-Orient run, is pictured as it was launched June 6 at Newport News, Va. Vessel will be commissioned about November 1. It is 491 feet long with a displacement of 16,190 tons, a speed of over 19 knots, a gross tonnage of 9400.—IIN photo.

# Wool in Boston

BOSTON, June 12 (AP)—(US Dept. Agr.)—Trade was moderately active today in the Boston wool market. Sales of grey combing shorn domestic wools comprised largely original bag or country packed offerings.

Good French combing length fine territory wools in one lot were bringing around 85 cents secured basis. Country packed three eighths and one-quarter hilt wools offered for shipment direct from the country were selling mostly at 38-39 cents in the grease direct to users.

Graded lots of these wools were receiving little demand.

# Wheat Price Down As Buying Wanes

### International Situation, Improved Domestic Crop Factors

CHICAGO, June 12 (AP)—The wheat market today gave up about half of the advance scored yesterday as buying enthusiasm waned and selling based in early dealings. Final prices were at the day's lows.

Wheat closed 1/4-1 1/2 cents lower than yesterday, July 52 1/2-52, September 52 1/2-52, after having been 1/2-1 cent higher in early dealings. Final prices were at the day's lows.

Wheat closed about 3/4 to more than 4 cents above the minimums while corn was 2 1/2 to almost 5 cents above. Wheat traders paid less attention to contract strength in securities although some early buying apparently was based on this. Purchases credited to a dealer known to represent mills was regarded possibly as further lifting of hedges in connection with flour sales to the government relief agency. Profit taking was in evidence later.

There was more talk of possible spread of black rust. H. C. Donovan, crop expert, reported finding rust in all fields examined from Wichita to Enid, via Willington and Blackwell. Early wheat has not been damaged much, he said, but in late fields some injury will be done. He found more smut than usual but damage is expected to be light.

# Leave for Grant County

# Sprague to Speak At Foods Seminar

Governor Charles A. Sprague will be the speaker Tuesday night, June 18, at the banquet in Salem winding up the two-day seminar in work of the division of foods and dairies of the state department of agriculture, announces J. D. Mickle, director.

The seminar will be devoted to two full days of intensive study by all district representatives and deans graders of all phases of the division work. A. W. Metzger, chief of the division, is in charge.

In addition to department personnel, speakers for the seminar will be Russell Smith, Portland, federal marketing specialist; G. H. Wilster, professor of dairy manufacturing at OSC; Guy Ford,

field man for the Tillamook Cheese association; David Eccles, state budget director; O. D. Adams, state director of vocational education; E. H. Wiegand, head of food industries, OSC; Earl Price, agricultural engineer, OSC; L. M. Ramage, Ramage Beverages, Salem, and G. V. Copson, head of the department of bacteriology, OSC.

A brisk demand prevailed for cattle and a number of lambs have been contracted for fall delivery.

# Stock, Range Condition Good in Oregon Areas

PORTLAND, June 12 (AP)—Stock and range conditions made satisfactory progress last month despite a period of dry weather in some Oregon areas, the agricultural marketing service said today.

A brisk demand prevailed for cattle and a number of lambs have been contracted for fall delivery.

# Food Stamp Plan Meeting Called

### Merchants Asked to Attend Gathering in Salem Tuesday Night

Mass meetings for a discussion of the department of agriculture's food stamp plan, which all Marion and Clackamas county food merchants are urged to attend, will be held in Oregon City on Monday night and in Salem on Tuesday night, according to an announcement by Hunter L. Scott, Oregon representative of the plan.

"The food stamp plan will mean three-quarters of a million dollars' worth of business yearly to grocers in these two counties," Scott said. "Those who wish to share in this business must attend one of the two meetings, since these are the only meetings where the necessary application blanks will be distributed."

The Oregon City meeting at 8 p. m. Monday will be held in the senior high school auditorium, Thomas Gregory, chairman of the Clackamas county food industries committee will preside.

The Salem meeting will be held at 8 p. m. Tuesday in the old high school auditorium with L. F. LeGarde, chairman of the Marion

# Minimum Grain Price Abolished

### CHICAGO, June 12 (AP)—Minimum prices on grain futures will be abolished by the Chicago board of trade effective at the opening of business Friday, June 14, it was announced yesterday.

The board of directors decided to discontinue the "pegged limits" at a meeting. The minimums were established May 19 after huge waves of selling orders had forced prices down almost 30 cents a bushel in wheat.

A statement by the directors said that "public confidence in the soundness of our national marketing system has again been demonstrated. It is now apparent that there is need for freedom in the markets in order that the new crops the farmers are about to harvest may be marketed to their best interests."

The minimum prices were established at the request of Secretary of Agriculture Henry A. Wallace.

# Attend Oyster Carnival

FAIRVIEW—J. J. a Taskken and Mr. and Mrs. Henry Wickler accompanied Mr. and Mrs. Henry Knoche to Bay City Sunday where they enjoyed the oyster carnival.
