Doesn't Hesitate To Tell Others About the KruGon
Mrs. J. W. Wilson is happy to have learned of the Modern Capsule Remedy; Now Exits What She Wants, Rests Well At Night, Relieved of Awful Pain and Suffering

Many medicines have been introduced here in Salem in past years but today there are many local residents who now realize the vast difference in results to be had from KruGon's vegetable

MRS. J. W. WILSON

Ingredients compared with other medicines tried before. This modern capsule remedy has given surprising relief from so-called rheumatic aches and pains, dizziness, bloating, distress after meals, headaches, nervousness, night risings or backaches which so frequently accompany faulty bowel action.

One of the recent local cases where KruGon was so completely satisfactory was that of Mrs. J. W. Wilson, 201 South Commercial Street, Salem, a highly esteemed lady who has lived here for the past fifteen years. Read her praising statement as given to the KruGon Representative at the Fred Meyer Drug Co., 148 North Liberty Street, this city: "Until after I had taken KruGon I would not have believed that such a small amount of medicine could be so completely satisfactory," said Mrs. Wilson. "I had been ailing in so many ways for years all brought on through faulty elimination because for years I had been so badly constipated. Suffering with poor digestion followed every meal I ate. Gas would form and I would bloat badly and suffered with such severe pain I don't see now how I stood it. Food would not get on my stomach and it seemed there was nothing I could eat but that would cause me suffering. In this condition I could not get the rest and sleep I needed at night and everything I did during the day was becoming an effort for me feeling as I did. But KruGon wasted no time in helping me. "The action of this modern capsule remedy was just what I had been wanting to fit my case," continued Mrs. Wilson. "It began with a thorough easy action that did not gripe or nauseate me as so many previously tried remedies had done. Once given proper elimination of those clogged intestinal impurities I was feeling different than I had in years. I now eat and enjoy my foods, nothing I eat causes me any distress afterwards, I get the rest and sleep I need for I am not bothered at night anymore, rise each morning refreshed and relieved of that pain which had accompanied my suffering for so long. I do not hesitate to recommend a medicine like KruGon to all who suffer as I did."

The KruGon Representative is daily urging all local people to call at the Fred Meyer Drug Co., 148 North Liberty Street, Salem, to have a talk with him about the action of this modern capsule remedy.

Axis Powers Move for Mediterranean Control

Latest war moves, both diplomatic and military, centered in Mediterranean-Black sea areas as Berlin-Rome-Moscow axis moved to gain control of those waterways. Germany (1), according to British radio, closed the Franco-Spanish frontier, with 60,000 German soldiers reported in Spain for a possible rear attack on Gibraltar. German radio claimed British ships in Spanish-held Tanger had "fled" to sea. Russia (2), with one prong already driven into Rumania, was expected to demand of Turkey concessions in the Dardanelles, guarding the Black sea, or in the Kars region, lost in the World war. Germany, Italy and Russia were reported working together in dealings with Turkey. Weekend air warfare brought attacks on Malta, Alexandria, and an Egyptian-Libyan frontier.

Second Oldest House in Hazel Green Is Being Torn Down for New Building

HAZEL GREEN—The second oldest house in the district on what is known now as the Carl Johnson farm is being torn down by Charles Olson, a modern house to be built on the site.

The old house was built by Carl Johnson's grandfather, Andrew Brombaugh, in 1867. The Brombaughs were in the 1865 train, arriving in October. The farm, 320 acres of the Morgan donation claim, was bought soon after arrival. The improvements were a small house on an acre of cleared land set to apples and a few pear trees. The second summer the house of five rooms, a fine one for that day, was built. The youngest daughter, Mrs. Louisa Johnson, inherited the house and made her home there till May 1939 when she moved to North Howell. She was the longest continuous resident of the district.

The oldest house is a granary on the Bechtel farm on the east in the Howell Prairie part of the district. The granary was made from the first house built on the Wesley Howell donation land claim. Howell, for whom the prairie was named was in the 1843 train.
