Steels Lead Slight Rise

Dealings Among Smallest in 22 Years on Wall Street Market

NEW YORK, July 22-(AP)-Scattered industrials, led by steels, managed to finish a shade higher in another sluggish stock market session today, but many leaders failed to get out in front.

Once more traders generally kept commitments at a minimum. Speculative timidity was exemplified by the fact the day's dealings were among the smallest in 22 years. Transfers of 227,-120 shares compared with 255,-520 last Friday. The Associated Press average of 60 issues was up .1 of a point at 41.4.

Steels were aided by a more than expected increase in this week's estimated mill operations. U. S. Steel, Bethlehem, Republic and Youngstown retained gains ranging from ¼ to %. Puilets Colored

Bullish forces were none too happy over signs here and there that business may be in for a letdown until the defense spending program gains sufficient momentum to take up the slack. Neither domestic industry or politics, though were able to steal the limelight from the European con-

KruGon Praise

Salem Residents Are Glad To

"For the ast twenty years I had KruGon," said Mrs. C. Fisher, 2307 Laurel Av., Salem, a well known and highly esteemed local

MRS. C. FISHER

lady who is seventy-three years of age and who has lived here for the past thirty-five years. "I found KruGon to be a medicine I could rely upon," continued Mrs. Fisher in talking with the KruGon Man who is daily meeting the local public at the Fred Meyer Drug Store, 148 North Liberty Street, Salem. "Constipation had made my last twenty years miserable ones. I did not seem to have the strength and energy I needed, felt weak and tired and hardly had any appetite at all. What little I ate caused me severe suffering afterwards for I would bloat dreadfully. I slept but little for I was so nervous the least thing annoyed me. But a trial of KruGon soon proved to me that it was the very medicine I had been wanting all this time."

"KruGon is certainly a medieine worthy of the praise given it," continued Mrs. Fisher. "With the first few doses my appetite began to return. Now with proper elimination of those clogged intestinal impurities I am feeling fine. With proper nourishment too my strength and energy came back and now I eat and enjoy the foods I want with no discomfort or distress after my meals. My nerves are calm now and I sleep fine. KruGon has certainly been a blessing to me and I am glad to join the others as a "user" who does not hesitate to recommend

KruGon on every occasion." The KruGon Man urges all local people to call at the Fred Meyer Drug Store, 148 North Lib-

Irrigation Tour Set For Friday, Saturday

.18 .10 .12 .16

The answer to the question "When will we get a good rain?" will be found by Marion county farmers and business | Pelvis Bone in Fall house, United Aircraft, Glenn men who will attend the county irrigation tour Friday and Saturday, according to County Agent Harry Riches. At least Anaconda and Standard Oil of N. they will be able to see how many farmers have answered that question to their own satisfaction on a wide variety of crops.

eral Motors, U. S. Rubber, Du This rain, in the form of irrigatinct advantage over natural rain in that it can be put on the crop in need of moisture at any time without damaging other crops. In the past 10 years the area

of land under irrigation in the Willamette valley has increased Irrigation is being most wide-

tion of hops. Irrigated string beans for canning purposes represents a sizable industry particularly in the Stayton area. Most of the mint in the county is now being grown under irrigation. Within the past few years several orchards have been placed under irrigation. The results have been very profitable. It is anticipated that many orchards including walnuts, filberts, peaches, cherries, and prunes will be irrigated in

ule and will be present at the tour.

The schedule is as follows: Friday, July 26 9:30 a. m.-G. K. Austin farm between Champoeg and Newberg;

flood system irrigating ladino and red clover. 10:45 a. m .- Neal Miller farm, 1½ miles west of Broadacres; sprinkler irrigation on ladino clo-

corn, ladino clover, alfalfa, and

red clover. 4 p. m. - Gregerson Brothers been wanting a medicine like the near Butte creek on Marquam road; water pumped through a concrete pipe line irrigating La-dino clover and hops.

Saturday, July 27 9:30 a. m.—Jake Gilmour farm near Talbot; sprinkler irrigation on beans, mint, and sugar beets for seed. 10:45 a. m.-Alvin-Robinson's

farm in Parrish Gap district; flood system irrigating ladino clover pasture. 1:30 p. m.—Charles Darley farm, north of West Stayton school; sprinkler system irriga-

tion beans. 3 p. m .- Ed Gilbert farm, three miles southeast of Aumsville; flood irrigation on beans and clo-
