## Selling Falls Off on Street

Straggling Recovery in Aircrafts and Steels Noted Wednesday

NEW YORK, Aug. 14-(P)-Selling diminished in the stock market today, permitting a straggling recovery in aircrafts, steels and other groups hardest hit by the war news scare in the pre-

After a flurry of buying around the opening, lifting some stocks a point or more, the rally waned. Noting the London markets re-

fused to be flustered by the big aerial attacks on England, Wall Street traders took the war reports more calmly, brokers said. Nevertheless, there was an obvious tendency in trading circles to operate cautiously while the outcome of the battle of England remained in doubt.

A little short-covering was sufficient to stiffen prices as offer-ings slackened. Aircrafts were strengthened by a rise in Douglas on announcement the war plane manufacturer planned to spend \$20,000,000 for the expansion of its productive capacity in southern California. Douglas ended 11/2 higher at 68%.

Trade reports indicating steel orders still were running at a high level helped the stocks of that industry for a time. Bethleham was up more than a point on the rally but lost the gain to finish slightly down at 74. US Steel retained a fractional gain.

slowed to 271,870 shares compared with 641,350 yesterday.

## Mill in Lebanon **District Burns**

LEBANON - Fire was discovered about nine o'clock Monday morning in a little used room upstairs in the Elmer Burrell house. The Lebanon fire department responded, and with the help of neighbors who formed a bucket brigade, controlled the blaze. It is estimated that damages will be about \$600.

The J. W. MacDonald mill was completely destroyed by fire Saturday. The fire, of undetermined origin, was discovered about three o'clock in the morning. Both the Sweet Home and the Lebanon fire but efforts were unavailing. The amount of the loss is still uncer-Grade A medium, doz. Grade B large, doz..... decided whether or not he will rebuild.
