September 16 Designated as Starting Date by Principal

SCIO—J. A. Bliss, Scio high school principal who recently completed a summer school course at the University of Oregon, announces that Monday, September 16, has been designated as opening date for grade and high schools in this city. G. L. Marsh will again be principal of the grade school and instructor in the seventh and eighth grades. Six other teachers, three each in grades and high schools, have been elected to complete the staff.

Mr. and Mrs. Bennie Rorer have returned from a wedding trip through western states and are at home with his father, J. J. Rorer, on the farm on the west outskirts of Scio.

Mrs. Robin Truax (Jerry Rodgers) is reported making continued good recovery at her home here from infantile paralysis. She formerly lived at Scio.

Arnold Boyanovsky, farmer, two miles east of Scio, suffered minor injury to his ear this week when his car left the highway and overturned near his home.

Fire insurance rates in Scio will be investigated with a view of possible reduction in the near future, according to information received this week by the city council from the Oregon rating bureau at Portland. Councilmen urged that greatly increased fire protection has been effected by completion of a new city water well with flow more than doubled from the previous yield. Flow now is 700 gallons per minute, according to Councilman Fred Bryan, chairman of the fire and water committee, and the city's representative during project work.

A new well has been completed on the Mrs. Mary Denney farm west of Scio. Private wells and reservoirs in this vicinity have reached lowest levels in a number of years.

Mrs. Alice King died at Los Gatos, Calif., Aug. 5, and was buried at that place, according to word reaching Scio. She was a sister of Frank Cary of Scio, and a half-sister of Roberta Cary, also of this place, and Mrs. Elizabeth Sutherland of Sweet Home. Mrs. King had visited in Scio on several occasions, the last being in June of this year.

Estate Matter Set  
Estate of the late Joe K. Kropack, reeve, who died last week, is to be probated in Lincoln county court in Albany in the near future. Several thousand dollars in real and personal property was left by Kropack, who died in Chicago at the home of a brother.

Mrs. Charles White entertained at a bridal shower for her niece, Alene McDonald, at her home west of Scio this week. Miss McDonald's marriage to Lloyd Miller is set for early September.

Perrydale Man Has Blood Poisoning  
PERRYDALE—Jack De Jong was confined from Monday of last week until Saturday at the McMinnville hospital with blood poisoning in his foot. He is on crutches now.

Aladine Kahle and son, Larry and Eleanor Gregg spent the past week at the beach.

Mr. and Mrs. Orville Kurtz and Mr. and Mrs. Phil Meeker of Amity spent Sunday night in Portland.

Walter Schmidt who is employed at the Andrew Campbell farm spent from Friday until Monday night at the home of his parents at Newberg.

### Sonja Fishes; Luck Must Be Bad

Where's the catch? Apparently Sonja Henie, the ice-skating star, and her husband, Dan Topping, wealthy sportsman, had a bad day with the rod and reel, judging by the absence of the funny creature in this picture taken at Montauk Point, L. I. Sonja and her new mate are still honeymooning.

### Molalla Hears Street Lighting Change Talk

MOLALLA—At a meeting of the city council held Tuesday night at the city hall a group of representatives of the Portland General Electric company were present, H. S. Johnson, F. G. Hodge and Mr. Sullivan from the Portland office and Don Curtis from the Oregon City branch. They recommended a change in the street lighting system for Molalla and submitted four different proposals for the consideration of the council.

The present street lighting system is estimated to cost \$232 a year. In the proposals given to the council, the new lighting system would use 11 more lights on the streets at an initial installation cost of \$1000, with the amount of energy used for a year amounting to \$323.50; the cost of installing the second proposed system to be \$750 and using the same amount of energy as the first proposition; the third cost of installation to be \$750 and using \$295.40 a year and the cost of installing the fourth proposition to be \$400. The council will meet again in the near future to decide what will be done in the matter.
