Townsend Speaker Scores Roosevelt

Club Members Have Picnie Sunday at Silverton City Park

SILVERTON - That another four years of F. D. Roosevelt as president would leave democracy but a memory was the statement made by G. C. Gillis of Salem Sunday afternoon at the Silverton city park as he addressed an audience of several hundred Townsendites and others gathered at the park. Gillis urged everyone to "lay aside all political and religious prejudices and use every effort humanly possible to put new and better faces in the White House.
In opposing the conscription
plan he asked his listeners: "Is America going to be transformed into a militaristic camp paid for b, the people while the big boys

grab the billions to add to their already bulging bank accounts?"
Townsendites and visitors were gathered from all the surrounding communities and neighboring counties. The program, over which F. E. Sylvester, Silverton attorney, presided, followed a picnic dinner, Rev. W. L. Wilson gave the invocation and Frank Wray the address of welcome. F.

E. Manley of Salem responded. Mrs. Marion Nagal of Lacomb also gave a brief address.
