## Show of Strength Is Best in Weeks; Mill Buying Causes Upturn

CHICAGO, Aug. 20.—(AP)—Grains made their best show of strength in some weeks today, wheat advancing as much as two cents a bushel at times. Deliveries of all grains closed at or near the best levels of the day.

After a slow start with both wheat and corn selling below Monday's final prices, the tempo of trading suddenly increased and an upward trend was maintained throughout the session.

Final prices for wheat were 1 1/2-1 3/4 cents above Monday's closing quotations, with the May delivery in the vanguard. The September contract closed at 79 1/2-3/4, December 72 1/2-3/4, and May 73 1/2-3/4.

**Tone Is Firm**  
The firm tone here was attributed to strength of the Minneapolis market. Most of the day the northwest market led the price upturns in American markets on buying attributed to mills and an apparent lack of any important hedging pressure. The close at Minneapolis was 1 1/2-2 1/4 cents higher, the latter on the September delivery, while the Kansas City market lagged much of the time, a closing upturn there pushed prices 2 1/2-2 3/4 cents higher.

The Winnipeg market held to the pegged minimum levels, but at Buenos Aires, where the price pegs were removed, wheat at noon was 2 1/2-2 3/4 cents lower and corn 1/4-1/2 off.

A feature of the market was the ability of the September wheat contract to follow the advance in the deferred positions despite some further occasional liquidation pressure.

Reports from Minneapolis said that about 15 per cent of the receipts there was free wheat, suggesting that the greater portion was going into storage presumably under the government loan program.

Weather conditions were reported favorable for harvesting in the northwest and in the Canadian provinces.

# Stocks Chalk up Recovery Gains

## Commodities Tilt Forward, Bonds Show Strength in Financial Mart

NEW YORK, Aug. 20.—(AP)—The recovery theme ruled in today's financial markets.

Without much important spot news from either home or abroad to go on, stocks, chalked up gains of fractions to 2 points, bonds put on a show of quiet strength and commodities tilted forward.

The Associated Press average of 60 issues was up .4 of a point at 41.6, best advance for any single session since August 9. Transfers, while still far under the pay level for commission houses, expanded to 240,800 shares against yesterday's 24-year low of 123,650.

Breadth of the come-back was exemplified by the fact 532 individual issues were traded compared with 402 the day before. Of the total, 301 were up, 96 down and 35 unchanged.

The main factor in the upward shift, brokers said, was the idea of some analysts that, with selling drying up to a mere dribble, the chances for at least substantial temporary upward reversal were better than ordinary. In addition, business prospects, buoyed by the long-term defense spending program, remained fairly bright.

Stocks well in front included US Steel, Bethlehem, Chrysler, General Motors, Douglas Aircraft, Glenn Martin, United Aircraft, American Smelting, Kennecott, Chesapeake & Ohio, Great Northern, Texas Corp., American Telephone, Loft, International Paper preferred, American Can, Eastman Kodak and Du Pont.

# Kiwanians Select Salem, 1941 Meet

SPOKANE, Aug. 20.—(AP)—By unanimous vote, accompanied by stamping and cheering, northwest Kiwanians today closed their 23rd district convention—the largest they ever held—with a condemnation of "fifth column" activities and a pledge to help stamp them out.

The resolution, urged that "steps should be taken by public officials or by legislative action to eliminate the recognition of the rights of organizations classed as subversive to function as political parties or to be listed on any ballot."

Further, it added, "Kiwanians will give full cooperation to any steps to eliminate such groups."

At the morning session Arthur S. Cory of Chehalis was elected president for 1941 and Salem, Ore., selected for the 1941 convention city.

# Paroling Fiedler Opposed by Bain

PORTLAND, Aug. 20.—(AP)—District Attorney James R. Bain of Multnomah county voiced opposition to parole for George Fiedler in a letter to Fred Finley, state director of parole and probation.

Fiedler is serving a sentence of 15 years in the state prison for his part in the slaying of Multnomah County Deputy Sheriff Ernest Loll, September 29, 1935. He is to have a hearing before the board November 29.

Loll was shot as he attempted to take Fiedler and A. Ferdinand Weston into custody for shooting pheasants out of season.

Weston is serving a life term.
